Administration**

**ANANDA COLLEGE
DEVAKOTTAI - 630 303**

About the College

Ananda College, established in 2004, founded and managed by the R.C. Diocese of Sivagangai, is a Catholic minority co-educational and self-supporting institution. Its educational service, guided by the motto "Shine in Love," is oriented towards the poor students of the backward districts of Sivagangai and Ramnad. The college aims to equip students to face the challenges of life with dignity, to esteem fellow humans and the world as sacred, and to cultivate vital skills such as clear thinking, acquiring knowledge of the past and present, envisioning the future, developing service-oriented skills, and fostering a healthy, self-reliant community.

About the Department

The Department of Business Administration was established in 2008 with the aim of providing the necessary strength to enable students to become innovative entrepreneurs. The department focuses on equipping students with essential business skills, fostering critical thinking, and encouraging creativity in problem-solving. Regular workshops, guest lectures, and internships that connect students with industry professionals. Courses on leadership, communication, and management to enhance students overall competencies. Encouragement of research projects that promote innovative thinking and address real-world business challenges.

About the Conference

The International Conference on "The Future of E/Digital Currencies and their Impact on Financial Systems" aims to serve as a premier platform for exploring the evolving landscape of digital currencies and their transformative effects on global finance. As digital currency gains traction worldwide, this conference will address the pressing questions and opportunities that arise from the integration into existing financial systems. Assess how digital currencies are reshaping traditional banking, payment systems, and financial regulation. Engage with policymakers to understand the implications of digital currencies on regulatory frameworks and monetary policy.
