Abstract

Mind , the inner most box of nature has not been investigated by modern physicists . Mind has not been incorporated in Standard model. Mind can only be studied by participatory science. Having searched Basic building blocks of the universe i.e. mass part of reality (figure 1) , we have also investigated mind part of reality and finally two fundamental particles with mind and mass realities are hypothesized . Now we discuss how to further investigate mind so as to know their structures and functions. Atomic genetics is the branch of science where we investigate about fundamental interactions of the universe i.e. atomic transcription and translations . New words have been coined to understand hidden science of mind part of reality. Mind reality have been recognized as different faces by "I" about 5000 years back to Arjuna in Mahabharata. It is just like to understand any language through Alphabets. These are (different faces) Alphabets of mind reality. One Mind reality has one face identity and the second mind reality has second face identity and so on. The facial expression represents phenomenon of intelligence and different face represents different types of properties carrying property. The open eyes means property is activated while close eye means property is inactivated. In spite of carrying properties consciousness they also know how to conduct not only origin of universe but also how to create two different universe i.e. next creation could be different from this creation . In all, It is automatic system of the universe . The mind realities which are of good properties have devtas face identity (first five faces on both side) and those mind realities which are of bad properties have demons face identity (last four faces on both side) . These are named as code PCPs or messenger atomic genes . The central face is CCP or Thought script where all thoughts of the universe are banked . It is bank of data of all information s of the universe It is face identity of Anti mind particles as data of all information's of the universe are stored as anti mind particles . It is the Time mind ness (biological clock) that keeps on expressing different thoughts from this thought script (CCP) . There are four more faces (black bodies) shown on extreme left and right floating in fire are CPs (translating Atomic genes) . That translates the messages and realizes it and reacts accordingly . Rest pictures are creation of different individuals and nature (sun , moon and snake and other pictures made on hands and body) by different thoughts of Almighty B.B.B. The entire picture has been explained in Geeta in 11/ 10 and 11 .Whatever is being created in this universe is basically not by our thoughts rather it is the thought of Almighty B.B.B (Yang B.B.B or matter B.B.B. or Male B.B.B working as Highest center of the universe.) that is dominated over creation and destruction of this cycle of the universe. (figure 9.1)

Very Massive Means – Hoyle Narlikar Universe
And Divine MOND (Gravity Theory)

Theory of General Relativity (1916) and Big bang are not Physics of very massive . It is illusive Theory of Gravity and universe origin

Quantum Mechanics (1925) is not Physics of very Small . Superposition and Dual nature of light and matter are illusive theory

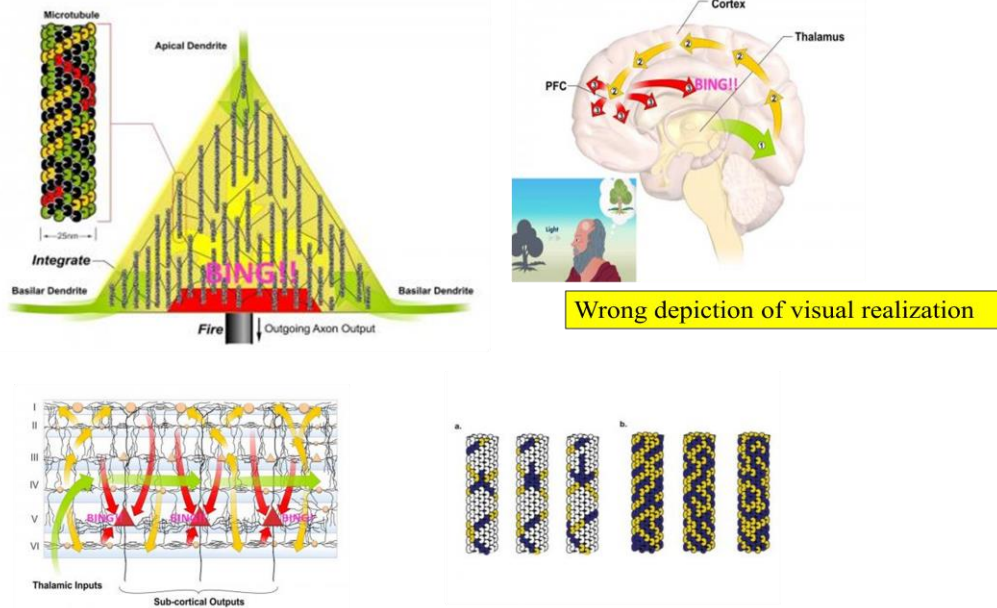

Physics of very fast , very massive and very small
Is participatory Science Or Mind Incorporation in Physics

Physics of Mind

Quantum Consciousness – According to Physicists and Biologist

The nature of consciousness remains deeply mysterious and profoundly important, with existential, medical and spiritual implication. We know what it is like to *be* conscious – to have awareness, a conscious ‘mind’, but who, or what, are ‘we’ who know such things? How is the subjective nature of phenomenal experience – our ‘inner life’ - to be explained in scientific terms? What consciousness actually *is*, and how it comes about remain unknown. The general assumption in modern science and philosophy - the ‘standard model’ - is that consciousness emerges from complex computation among brain neurons, computation whose currency is seen as neuronal firings (‘spikes’) and synaptic transmissions, equated with binary ‘bits’ in digital computing. Consciousness is presumed to ‘emerge’ from complex neuronal computation, and to have arisen during biological evolution as an adaptation of living systems, extrinsic to the makeup of the universe. On the other hand, spiritual and contemplative traditions, and some scientists and philosophers consider consciousness to be intrinsic, ‘woven into the fabric of the universe’. In these views, conscious precursors and Platonic forms preceded biology, existing all along in the fine scale structure of reality.

My research involves a theory of consciousness which can bridge these two approaches, a theory developed over the past 20 years with eminent British physicist Sir Roger Penrose. Called ‘orchestrated objective reduction’ (‘Orch OR’), it suggests consciousness arises from quantum vibrations in protein polymers called microtubules inside the brain’s neurons, vibrations which interfere, ‘collapse’ and resonate across scale, control neuronal firings, generate consciousness, and connect ultimately to ‘deeper order’ ripples in spacetime geometry. Consciousness is more like music than computation.

Colleagues Travis Craddock and Jack Tuszynski and I also study how anesthetics act in microtubules to erase consciousness, and with Jay Sanguinetti, John JB Allen and Sterling Cooley, we are studying how transcranial ultrasound (TUS) can be used noninvasively to resonate brain microtubules and treat mental, cognitive and neurological disorders. Many thanks to my assistant Abi Behar-Montefiore and Ed Xia for maintaining this website.

1.2 Mind and Mass Realities [2]

This is called Final Truth . Mind and Mass mysteries have emerged like
OMNIPRESENT .i.e. Every small and bigger units are made up of these B.B.Bs
I am The origin of all every thing evolved from Me.—Gita 10/8
 These are divine in the sense that they talk with each other. They have power to transmutate to form any bigger unit of the universe . The triggering activity is atomic transcription and translation.

Atomic genetics is the branch of science where we investigate about fundamental interactions of the universe i.e. atomic transcription and translations . New words have been coined to understand hidden science of mind part of reality. Mind reality has been recognized as different faces by “I” about 5000 years back to Arjuna in Mahabharata.as shown in Fig 1. It is just like to understand any language through Alphabets. These are (different faces) Alphabets of mind reality. One Mind reality has one face identity and the second mind reality has second face identity and so on. The facial expression represents phenomenon of intelligence and different faces represent different types of properties carrying property. The open eyes means property is activated while close eye means property is inactivated. In spite of carrying properties conscious ness they also know how to conduct not only origin of universe but also how to create two different universe i.e. next creation could be different from this creation . In all, it is automatic system of the universe . The mind realities which are of good properties have devtas face identity (first five faces on both side) and those mind realities which are of bad properties have demons face identity (last four faces on both side) . These are named as code PCPs or messenger atomic genes . The central face is CCP or Thought script where all thoughts of the universe are banked . It is bank of data of all information s of the universe It is face identity of Anti mind particles as data of all information’s of the universe are stored as anti mind particles . It is the Time mind ness (biological clock) that keeps on expressing different thoughts from this thought script (CCP) . There are four more faces (black bodies) shown on extreme left and right floating in fire are CPs (translating Atomic genes) . That translates the messages and realizes it and reacts accordingly.[2]

1.3. Messages From Biological world to understand B.B.B world as shown in Fig 2 [2]

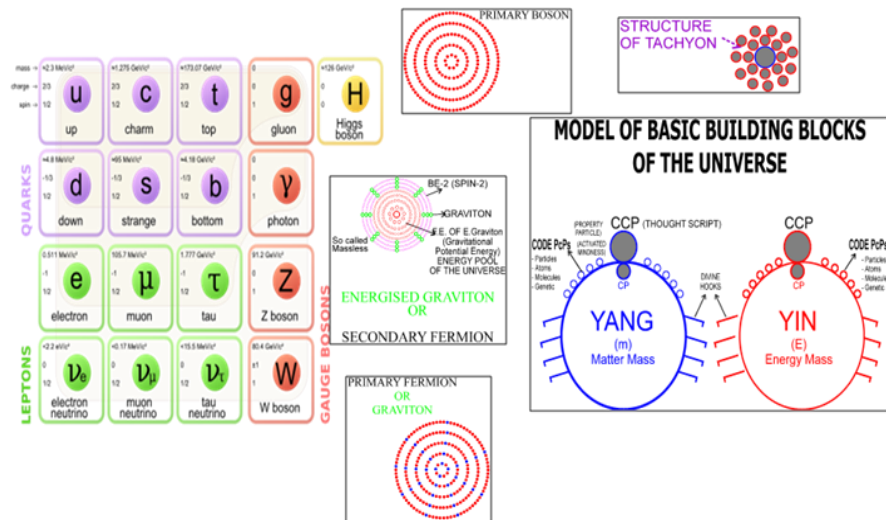

Fig. 2 Parallel teaching by participatory science

The standard model not only modified rather it has been completed [3] with introduction of energized gravitons , primary fermions, primary bosons , Basic Building Blocks , Mind and Tachyons as shown in Fig 3

Standard model completed with Fundamental particles and Mind And Tachyons

Fig. 3 standard Model chart [3]

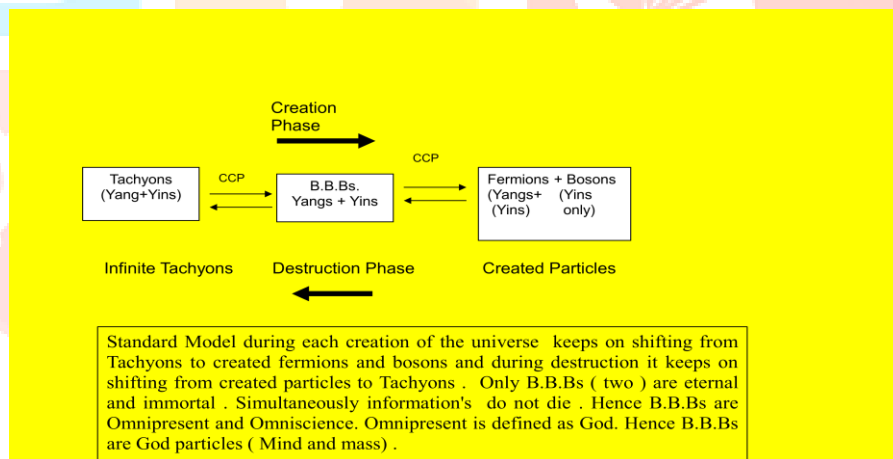

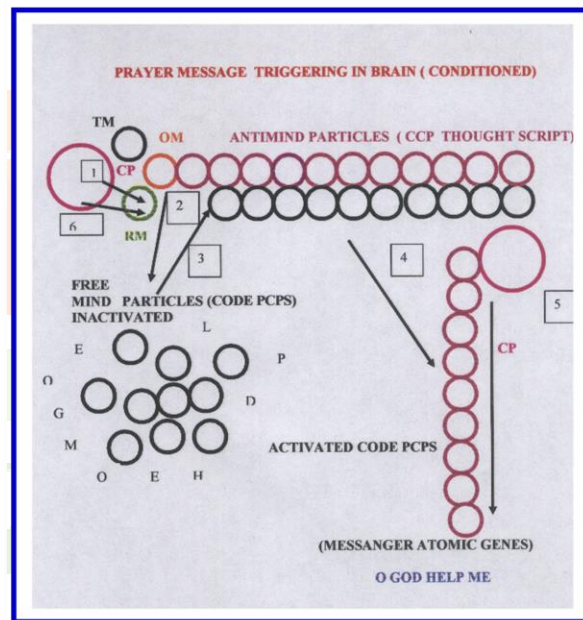

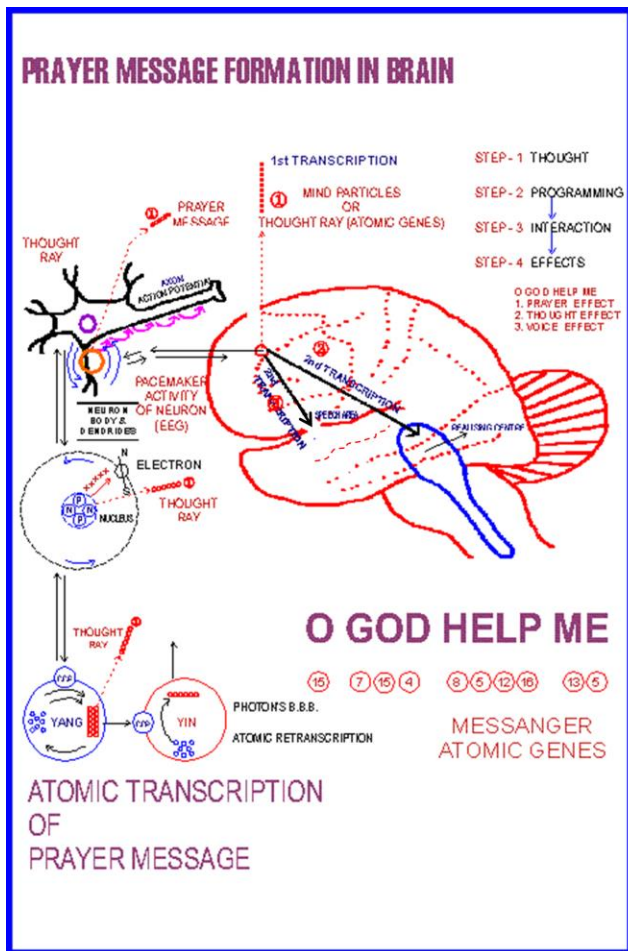

Fig 3.1 one creation and destruction cycle [4]

Participatory science has coined [5] some new words and there are some words which already exist in physics. Both these words are defined here and the definitions are according to participatory science. It has no relation with the definitions given in modern physics.

- 1.Mass - The part which gives shape to the smallest mass unit i.e. basics building blocks (B. B. Bs.) is called mass.
- 2.Matter :-Mixture of fermions and bosons or only bosons which are made up of mass (B.B.Bs) and that is why we realize their shape is called matter.
- 3.Inertial mass :-Mass (smallest mass units i.e. B. B. Bs) having inertial properties (classical inertia) either absolute rest or uniform motion in straight line is called inertial mass. Or Number of B. B. Bs. Per unit space present in bigger units is called inertial mass. Or Total matter contained by the bigger units or total number of fermions and bosons contained by the bigger units is called inertial mass. Therefore it never changes from place to place.

4. Gravitational mass :- The mass (interacting surfaces) which takes part in gravity (divine energized gravitons theory) interaction (which is due to mind) is called gravitational mass. When gravity interaction increases (number of divine energized gravitons increases) the interacting mass (interacting surface) also increases or when interacting mass (interacting surfaces) increases, gravity interaction (number of divine energized gravitons) also increases. Therefore gravitational mass (interacting mass or surfaces) changes from place to place. It is the fed mind that decides gravity interaction. We shall discuss it in gravity chapter and in atomic genetics.
5. Pure m (matter) mass :-matter mass (smallest mass unit or B.B.B) which have got inertial property of absolute rest.
6. Energy mass:-Energy mass (smallest energy mass unit B.B.B) which have got inertial property of uniform motion in straight line and which also gives shape to the bigger energy mass (Higgs Bosons etc) units.
- 7.m (impure matter) of $E=mc^2$:-Matter particles (fermions) which have got spin property are called impure matter particles.

1.4 Prayer message formation in brain.

ATOMIC GENETICS

Fig 4 Divine Mechanics - Prayer message formation in brain

In atomic transcription and translation of prayer [5], following steps take place on Yang B.B.B – B-Bit as shown in Figure 4.

- 1.CP removes RM (repressor mindness-green) from OM (operating mindness -orange) thus induction of atomic transcription triggers.
- 2.OM triggers activation of free mind particles (black -inactivated code PCPs) of that thought script (magenta) of “o god help me ”.
- 3.Free mind particles (black -inactivated code PCPs) get attached to anti mind particles script (magenta one) to form messenger thought script of “o god help me ”.
- 4.Messenger atomic genes (black) get activated by anti mind particles thought script and further they get detached from anti mind particles thought script to form activated messenger atomic genes (activated code PCPs) (magenta) of “o god help me ”

5. CP carries phenomenon of splicing by translating the messenger activated atomic genes (activated code PcPs) and finally there is activated message of “ o god help me” is formed .

6. CP represses atomic transcription by adding RM (green) to OM (orange) . Thus atomic transcription gets halt.

Having formed the message it comes out in three forms .

In atomic genetic engineering (prayer) we use our basic power i.e. power of B.B.Bs. Our B.B.B. (higher center) talks with highest center of the universe by sending the message by first transcription. Till today nobody knows how does the brain generate thoughts. I am going to tell you that mystery too. In the frontal lobe the neurons are responsible for thought generation. In the neuron there is electrical activity called pacemaker activity which is occurring between dendrites and the body of the neuron. The membrane of the cell is made up of atoms and atom is made up of B.B.Bs. At the level of B.B.B. say thought of 'O GOD HELP ME' is expressed. As a result programmed messages of O GOD HELP ME (code PCPs) are formed. Out of three programmed messages, one is carried by atomic genes to highest center of the universe. It is called **THOUGHT RAY (Quantum entanglement)** which is made up of pure atomic genes and then the message goes through phenomenon called first transcription. They come out from brain directly. The other two messages are carried by photons from nucleus of atom to electrons. Here they are modulated on electrical activity of the cell called pacemaker activity. Further they are modulated on actions potentials going towards **REALIZING CENTER** situated in brain stem (RAS) and from RAS to speech area situated in the frontal area. Target B.B.Bs. of the realizing center finally realizes thought effect of O GOD HELP ME. While from speech area message goes to motor cortex again via RAS and from there to vocal cords and finally it comes out as a speech effect of O GOD HELP ME. In layman's terminology formation of the thought ray means PRAYER as shown in Fig 4

Where Does Prayer Message go ?

Prayer message goes as shown in Figure 5 to highest center of the universe via first transcription where it is realized and it is accepted, the highest center sends two messages to B.B.Bs working as higher center in cancer cell. These messages are message of inhibition of abnormal thought expression and message of activation of normal thought expression. Having received the messages, higher center stops expressing the abnormal thoughts and it starts expressing the normal thoughts. As a result, there are no more abnormal programmed messages and in place of that normal programmed messages are there. Now the messages have shifted from abnormal (5 and 6) to normal (2 and 3). This shifting of thought expression is called **ATOMIC GENETIC ENGINEERING** as shown in **Figure 4.1**

The changed messages reach to target B.B.Bs. through same route. Having received the changed messages, target B.B.Bs. stop expressing the previous programming and they start expressing the normal programming. As a result the cancer cells transmutate into normal cells. **Or diseased cell gets cured [6]** as shown in **Fig 4.1**

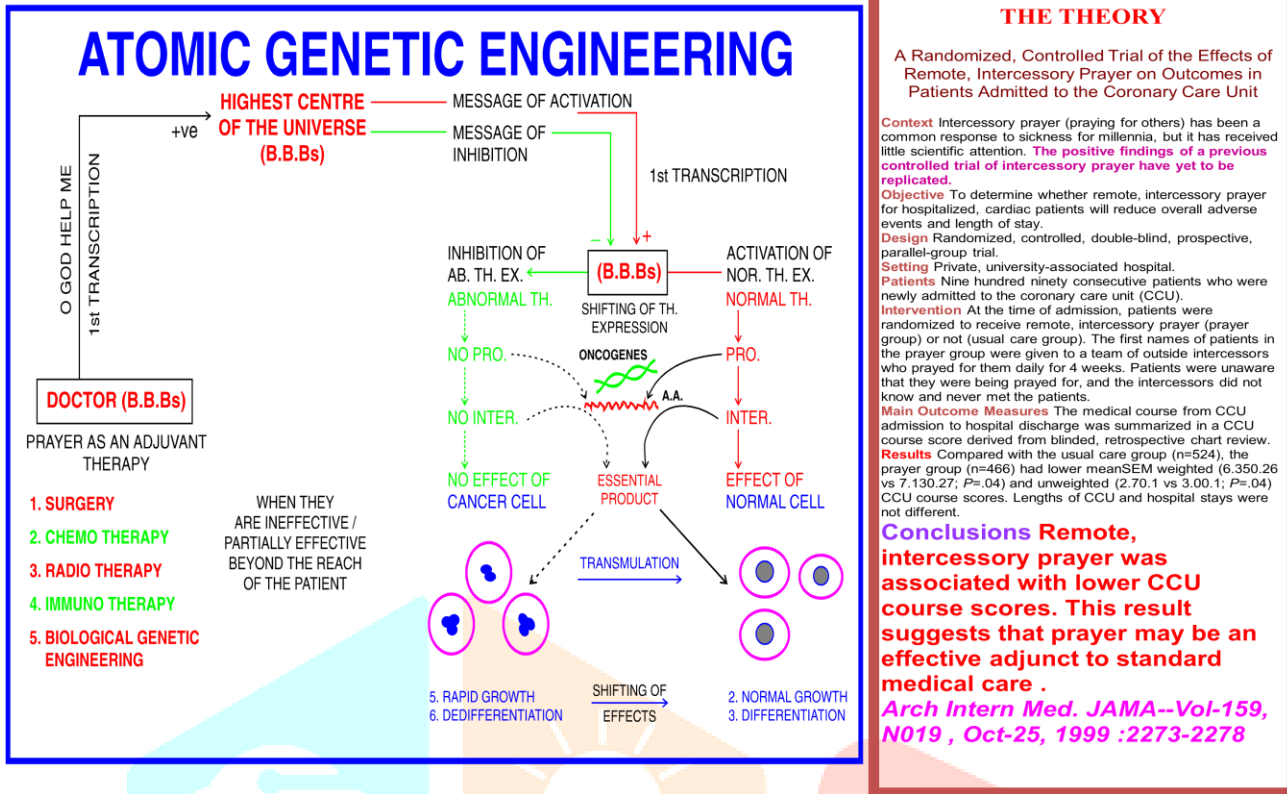

Fig 4.1 A.G.E and Final stamp of success to New Theory[6]

1.5 Message system of the Universe

Before the origin of the universe [2] nature had only one type of message systems which is called FIRST TRANSCRIPTION. Messages (Code PcPs) used to go from one B.B.B. to another B.B.B. by atomic transcription. Messages were carried by atomic genes (Code PcPs) with very very high velocity. It is the fundamental message system.

After the origin of the universe, nature created atoms. It also created one more message system called SECOND TRANSCRIPTION. Here the message (code PcPs) are carried by photons from one atom to another atom with velocity of light. Thus atoms ,molecules, cells, and even individuals talk with one another

After the formation of the cell , nature created one more system called THIRD TRANSCRIPTION .Here there is a message storage system formed by DNA. There are messenger molecules called mRNA that carry message from DNA script to cytoplasm where the message (code PCPs) is read or translated by ribosome and they work accordingly. Thus the messages reach to enzymes and hormones and finally messages reach to target units. Having received the messages, target units work accordingly. Finally life effects (metabolic) are observed.

These three types of message systems are working in the nature. These message system are being used by the nature according to nature's need. as shown in Fig 5

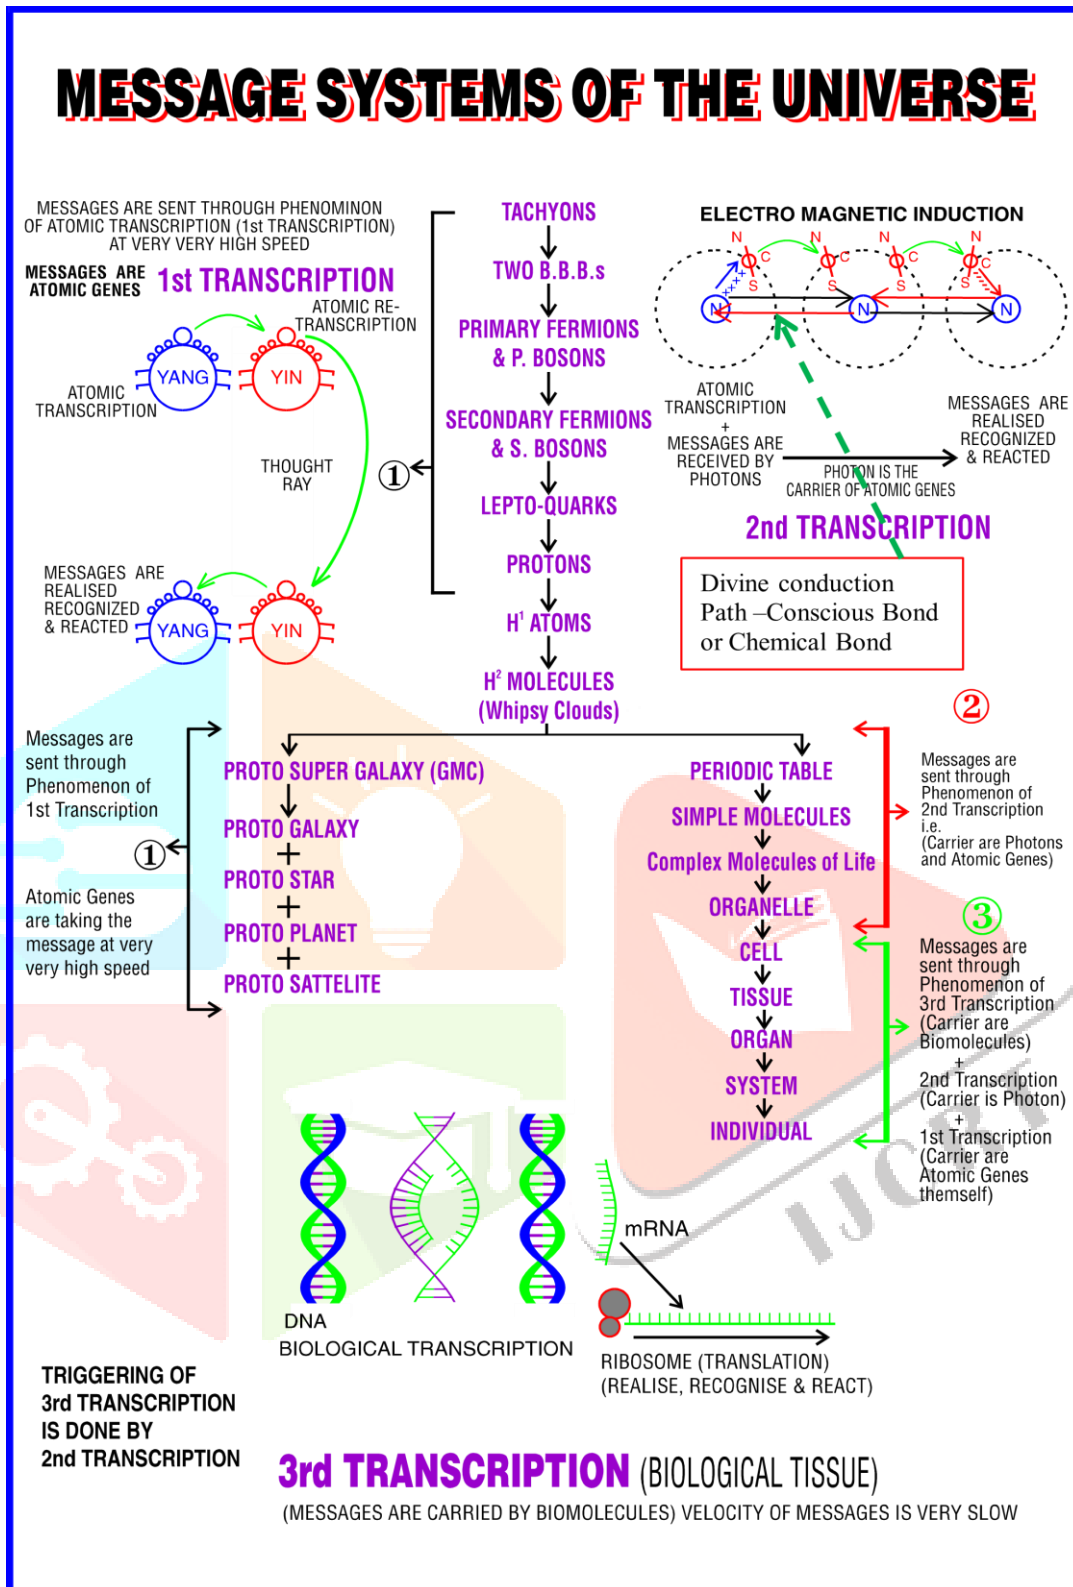

Fig. 5 Messages system of the universe

1.6 How does nature work & triggering of normal & abnormal effects

To understand creation physics as shown in Fig 6 and Fig 7. . There are two types of thought stimulation [2] . One is CONDITIONED THOUGHT STIMULATION and other one is UNCONDITIONED THOUGHT STIMULATION.

STIMULATION OF THOUGHT EXPRESSION --- There are two types of thought expressions one is **CONDITIONED STIMULATION** of thought expression, and other one is **self stimulation of thoughts** i.e. **UNCONDITIONED STIMULATION** of thought expression .

At the time of the origin of the universe, all effects got created. The cause of all effects of the universe is **THOUGHT** expression. These thought expressions were triggered by **UNCONDITIONED OR SELF STIMULATED WAY** . It is the first step and it is followed by **PROGRAMMING** or formation of programmed messages by code **PCPs**. This programmed message moves from higher centers to target **B.B.Bs**. it is called **INTERACTION**. Having received the messages, the mind and mass of the target **B.B.Bs**. work in a synchronized way so as to produced the effects as thought by a the higher center. If the thought expression by higher center is normal, the shapes, properties and laws produced by target **B.B.Bs**. would be normal and if the thought expressions are abnormal, the shapes, properties and laws would be abnormal. This is the basic concept of transmutation phenomenon. Finally what we observe is called **EFFECT**. Appearance of new shapes. properties and laws is called **TRANSMUTATION**. The first three steps are collectively called **CCP**. During transmutation process if **CCP** is written, it does mean that unless the thought, programming and interaction take place, nature cannot transmutate. Transmutation phenomenon is seen in particles, atoms, molecules and even in cells. The basic steps of any transmutation remain the same except that the thought expressions differ.

The subatomic particle are made up of more fundamental particles called Basic Building Blocks (B.B.Bs) which are made up of mind and mass. These B.B.Bs are divine in nature with the result they talk with each other by phenomenon called atomic transcription and translation (thought expressions). The triggering of broken symmetry is caused by atomic transcriptions. Unless the atomic transcriptions occur, subatomic particles could never exhibit phenomenon of broken symmetry . So the broken symmetry is never spontaneous. It is being mis understood that sub atomic particles do have spontaneous activities as far as broken symmetry is concerned. Hence the Nobel prize physics 2008 awarded to this work is too early to give prize.

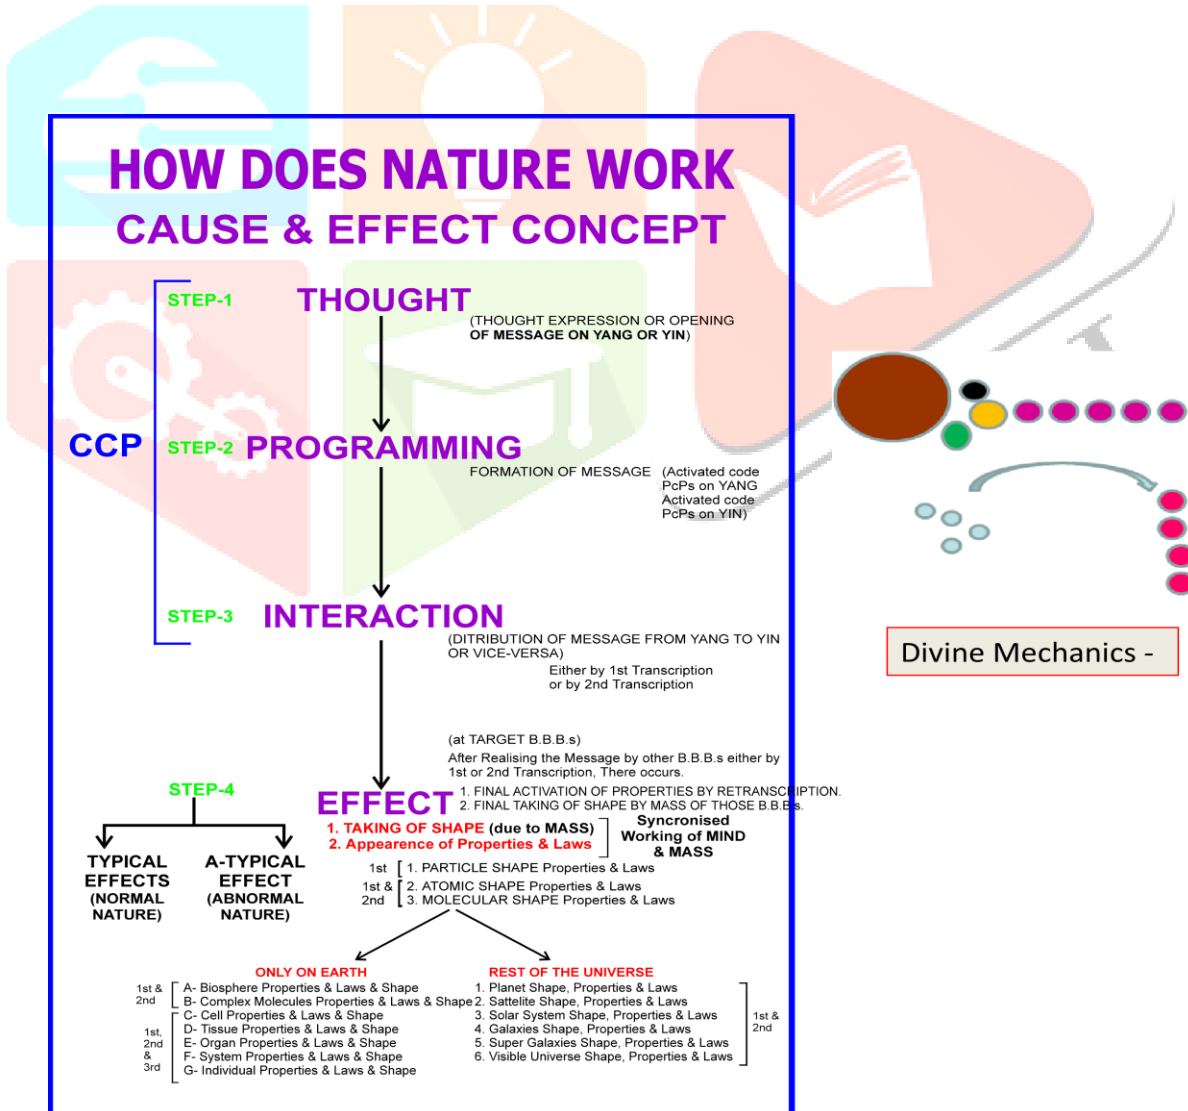

Fig. 6 Divine Mechanics – How Does Nature work ?

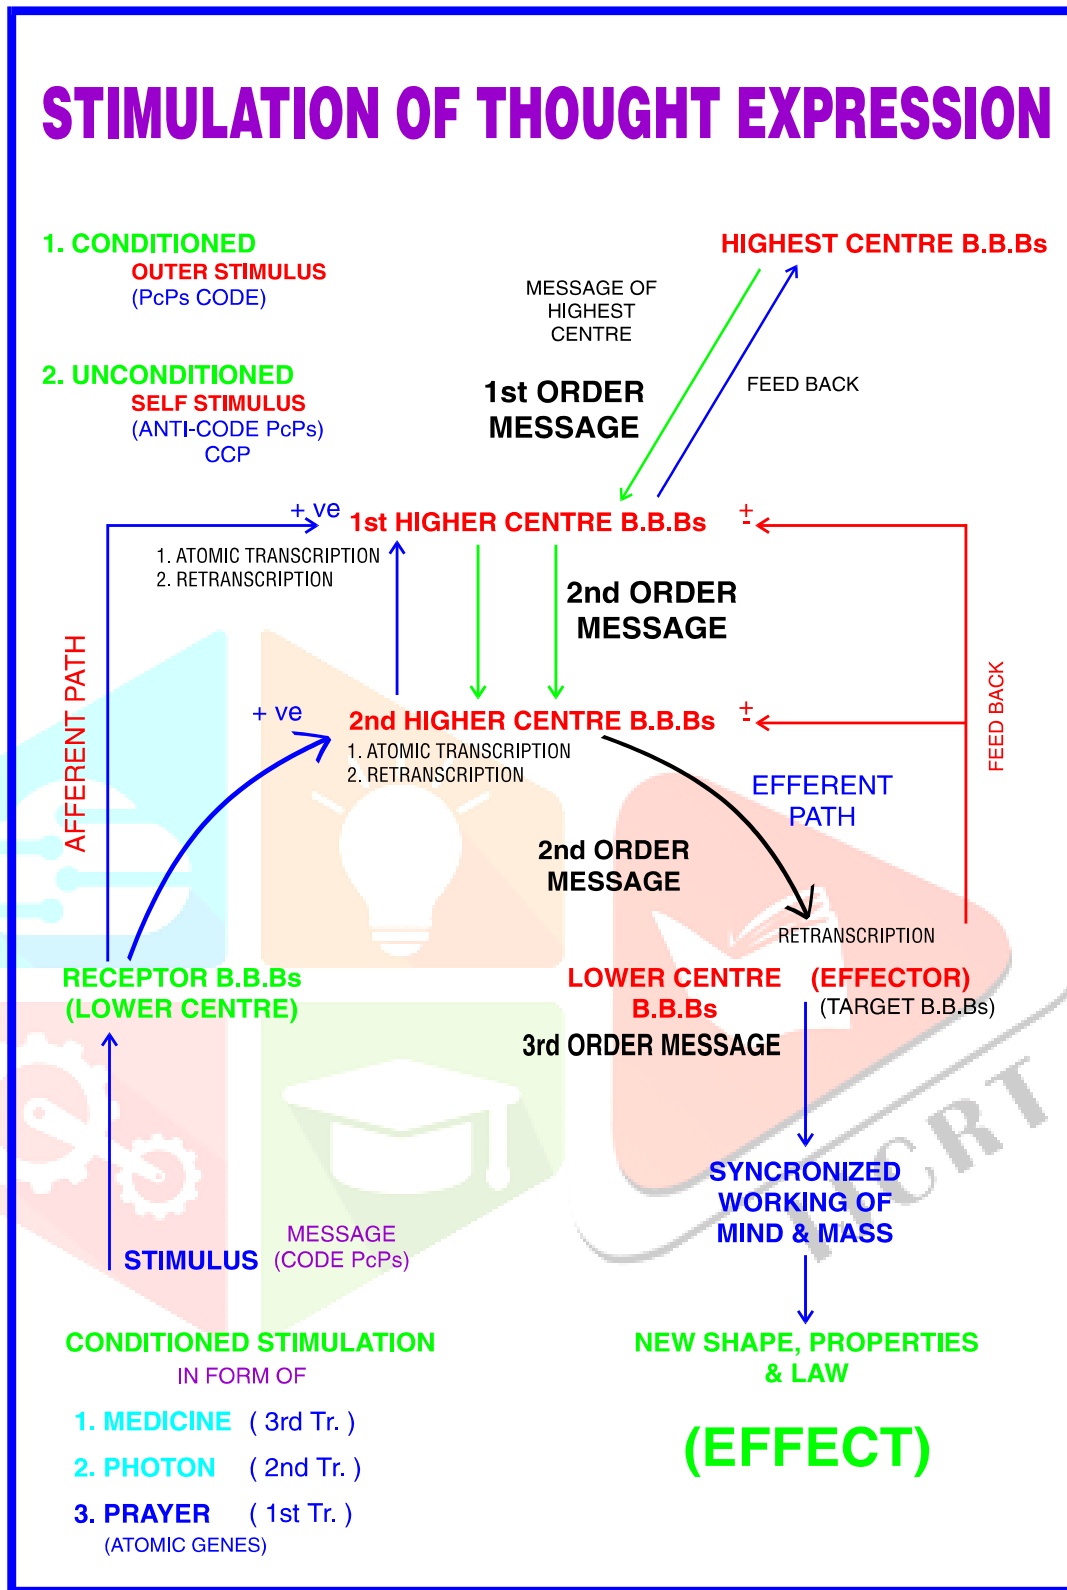

Fig. 7 Conditioned and Unconditioned thought expressions

1.7 Message network of the Universe (Feed Back Mechanism and different centers of the Universe)

With the origin of universe, nature first created primary units i.e. primary fermions (gravitation) and primary boson, these primary units are equipped with one higher center (one B.B.B.) and rest of the B.B.Bs. are working as lower centers or target B.B.Bs.[2] After primary units ,nature created secondary units i.e. secondary fermions and secondary bosons. similarly nature created tertiary units (lepto-quarks) and then quaternary units (protons& neutrons). Each unit is equipped with higher centers, lower centers and target B.B.Bs. After quaternary units nature created atomic units, molecular units, complex molecules of life units, organelle units, cell units, tissue units, organ units, system units and individual units. Each unit is equipped with higher centers, lower centers, and target B.B.Bs. Similarly nature created satellite units, planet units, solar system units, galaxy units, super galaxy units, dark matter layer unit. These units are also equipped with higher centers, lower centers and target B.B.Bs. Thus our universe is divided into different units and each unit is equipped with higher and lower centers.

All higher centers are under control of highest center of the universe by efferent paths. This efferent path is made up of first transcription. Higher centers can send messages to highest center of the universe by afferent path or feed back path. Thus highest center of the universe is well informed about all effects of the universe. Messages can come from lower centers to higher centers and from higher centers to highest center of the universe via afferent path. The highest center of the universe can send messages to higher centers and from higher center to lower centers. There is an inter unit message network also which is made up of first, second and third transcription depending upon the nature's need. Thus the entire universe is under control of highest center of the universe. Highest center can change any programming programmed by it during pre creation era as shown in Fig 8

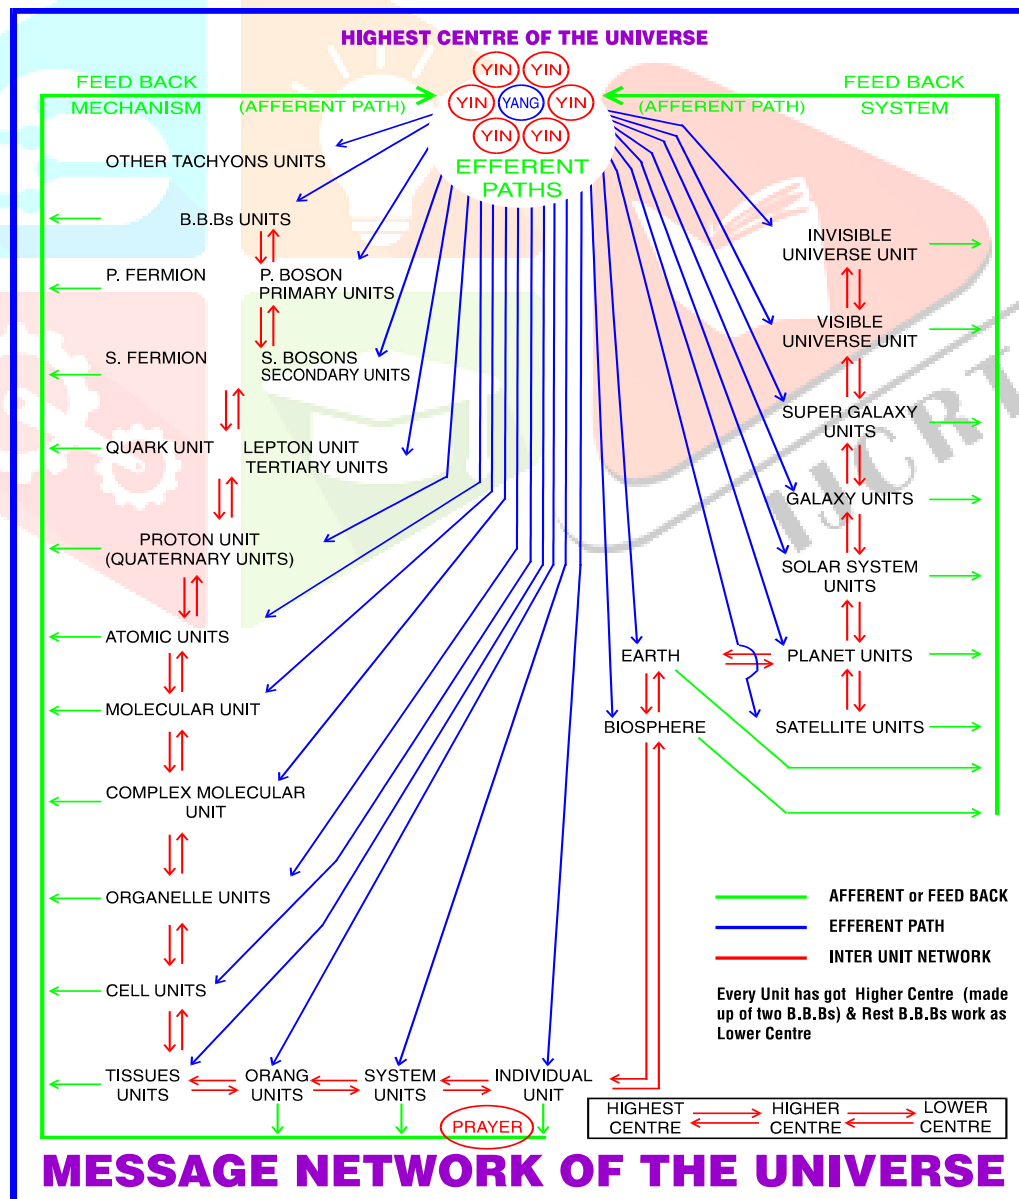

Fig. 8 Messages Net work of the Universe

1.8 Origin of the universe [7]

Hoyle – Narlikar Universe

**ORIGIN OF THE UNIVERSE
CONTINUOUS CREATION THEORY----**

HOYLE AND NARLIKAR THINK THAT NEW MATTER IS BEING CREATED DUE TO 'IMPLOSION' TO BALANCE THE EXPANSION OF THE UNIVERSE, WHICH ASTRONOMERS HAVE OBSERVED. INSIDE 'QUASI STRARS' GRAVITATIONAL COLLAPSES MAY FORM SOME MATTER IN THE UNIVERSE. THE HUGE LUMINOSITY AND THE RADIOEMISSION FROM THESE QUASI -STRARS APPEAR TO BE ,GRAVITY POWERED' UNLIKEORDINARY STARS WHICH DERIVE THEIR ENERGY FROM NUCLEAR REACTIONS

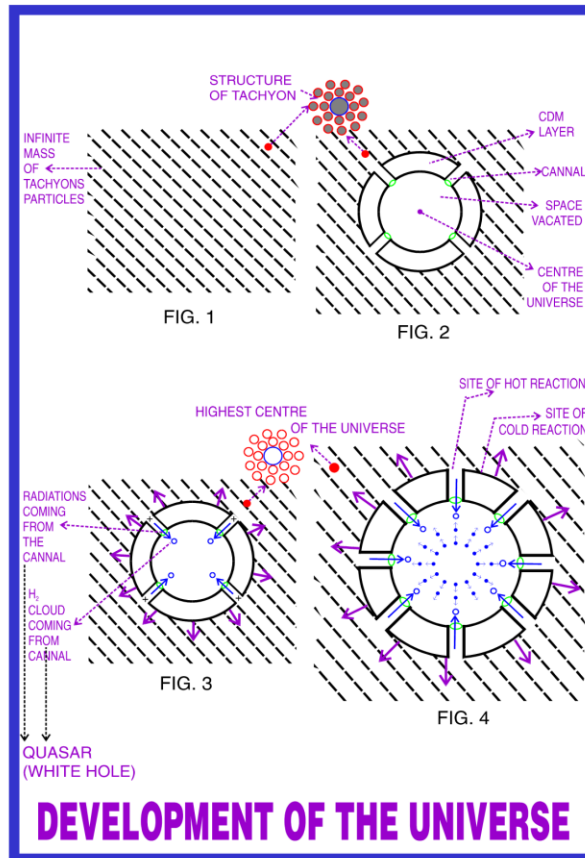

Fig. 9 Development of the Universe

Before the origin of the universe, these Basic Building Blocks (B.B.Bs) as shown in Fig-3 were in the form of tachyons as shown in Fig-9 [7]. It means that at that time the tachyons were everywhere in the universe. Let us look at the structure of tachyons; it is made up of one matter B.B.B. (YANG) and many energy (YINs) B.B.Bs. Initially out of the infinite tachyons, one became the **highest center** of the universe. Messages used to go from highest center to rest of the universe and messages could come from rest of the universe to highest center of the universe by atomic transcription. Thus highest center had fed its thought to rest of the B.B.Bs. that would take part in creation - that they would express only those thoughts to give desired effect as wished by the highest center of the universe. So all B.B.Bs were informed about their role before creation of the universe. In pre-creation era programming of the future universe was done by highest center of the universe. Our universe is oscillating and it is a divine universe. It means that it has a creation phase and a destruction phase. During creation phase tachyons break into their B.B.Bs. and from these B.B.Bs, formation of fermions and bosons take place as shown in Fig 3.1. After the creation phase, destruction would start and in this phase all created particles would again break into their B.B.Bs and finally tachyons would form.

At the time of origin of the universe, all the effects got created. These effects are taking of different shapes and appearance of properties and laws. All these effects are studied in various branches of science.

With the origin of the universe, nature first created a sphere of **COLD DARK MATTER (C.D.M)** and canals in it. With the result space got created. At the other end of the canals, hot reaction started (**the relics are back ground radiations 2.7 degree K of our hydrogen clouds**). As a result hydrogen clouds and lot of radiations were created. The empty canals were filled by these hydrogen clouds and

radiations and thus **QUASARS** appeared in the universe. Simultaneously C.D.M. layer started expanding and clouds and radiations kept on coming in this closed universe as shown in **Fig 9** . With the passage of time more and more C.D.M. layer formed, more and more quasars formed. The hydrogen cloud came in this closed universe. They started running towards C.D.M. layer as they were attracted by the gravity of C.D.M. layer. Those clouds, which were nearer, moved faster than those, which were away from CDM Layer. The **HUBBLE LAW**, can thus be explained. With some more passage of time, clouds were joined to form **GMC** (giant molecular clouds). Later by self-gravitation different proto stars, proto planets, proto satellites were formed. Finally stars became bright and thus bright galaxies appeared in this universe. Our universe is still in expansion phase and creation is still going inside quasars. It is to be remembered that highest center of the universe does not come in the visible universe. It keeps on receiving the messages by atomic transcription and it has power to change any programming programmed by it during pre-creation era.

It is the atomic genes which constitutes mind part of reality. Mind incorporation in physics is awaited as theory of every thing is not yet investigated . I have investigated theory of every thing (ToE) and I found that while studying unified theory at the time of origin of the universe by Hoyle Narlikar universe , it was mind reality that triggered symmetry breaking phase . It is mind reality that triggers oscillation phenomenon of the universe. It is the mind reality which is behind perfect cosmological principle . There is nothing like artificial intelligence in the universe . These mind particles constitute intelligence of the universe that controls the deterministic order of the universe. It is the mind reality behind all effects of the universe. But this is not our mind rather it is mind of Almighty B.B.B (Yang B.B.B or matter B.B.B. or Male B.B.B working as Highest center of the universe) . His mind could be manipulated by prayer only . as shown in figure 9.1 and 9.2

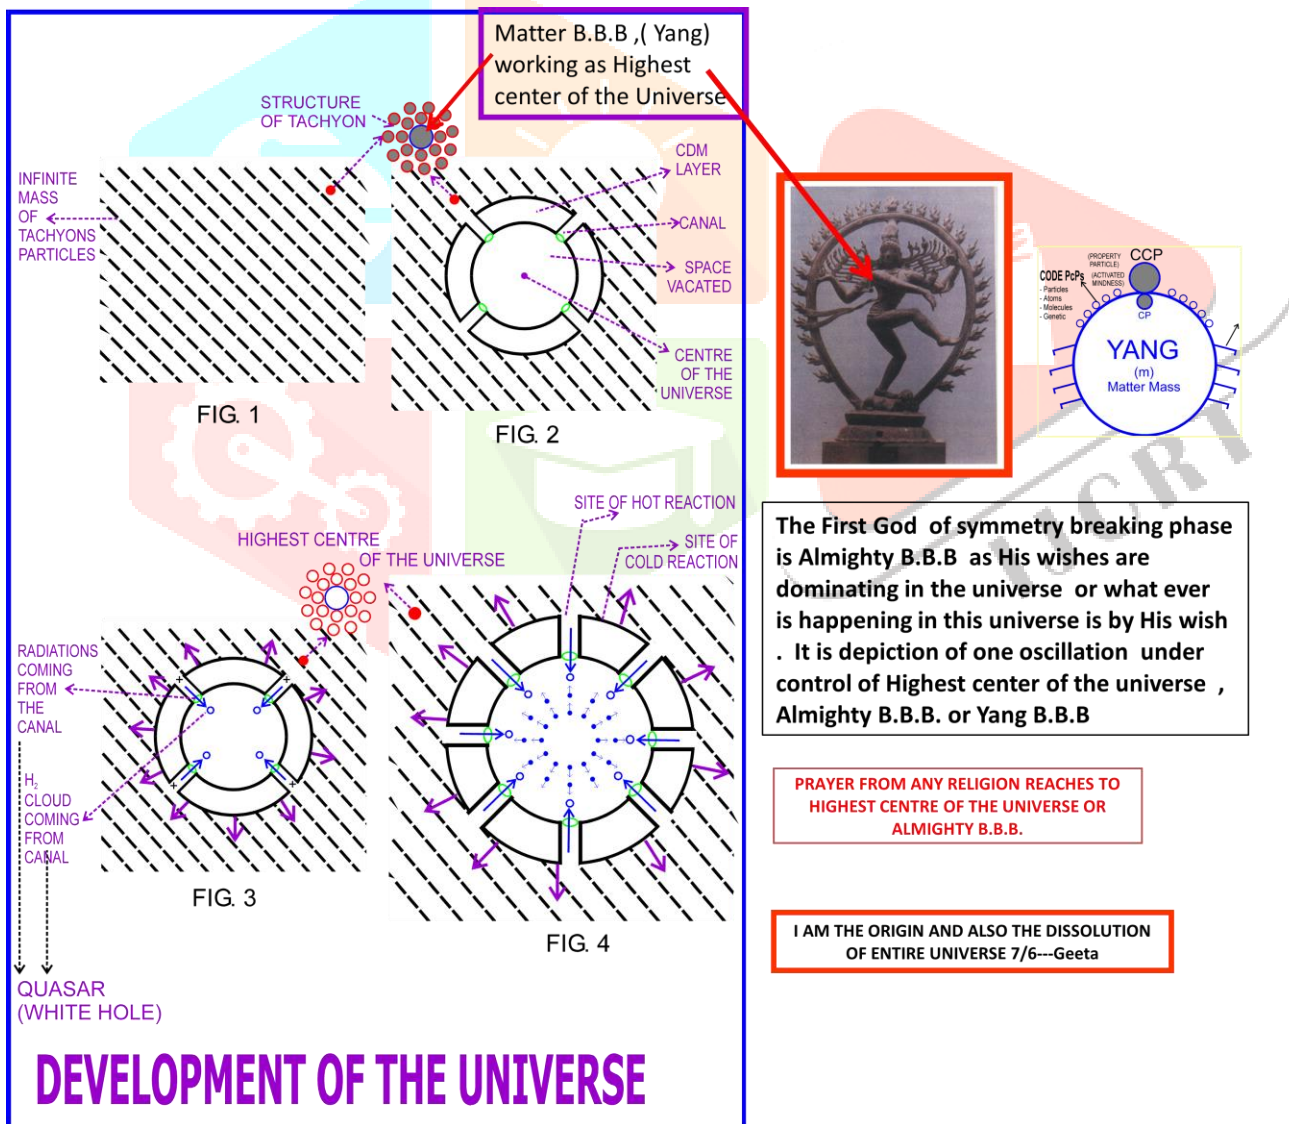

Figure 9.1 Hoyle Narlikar Universe OR Universe “T”

1.9 DM and DE i.e. energized gravitons and energy pool of the universe as shown in Fig 10 and Fig 11 [8]

Fig. 10 Structural configuration of Leptons and Quarks as regard DM and structural configuration of DM and DE at micro level

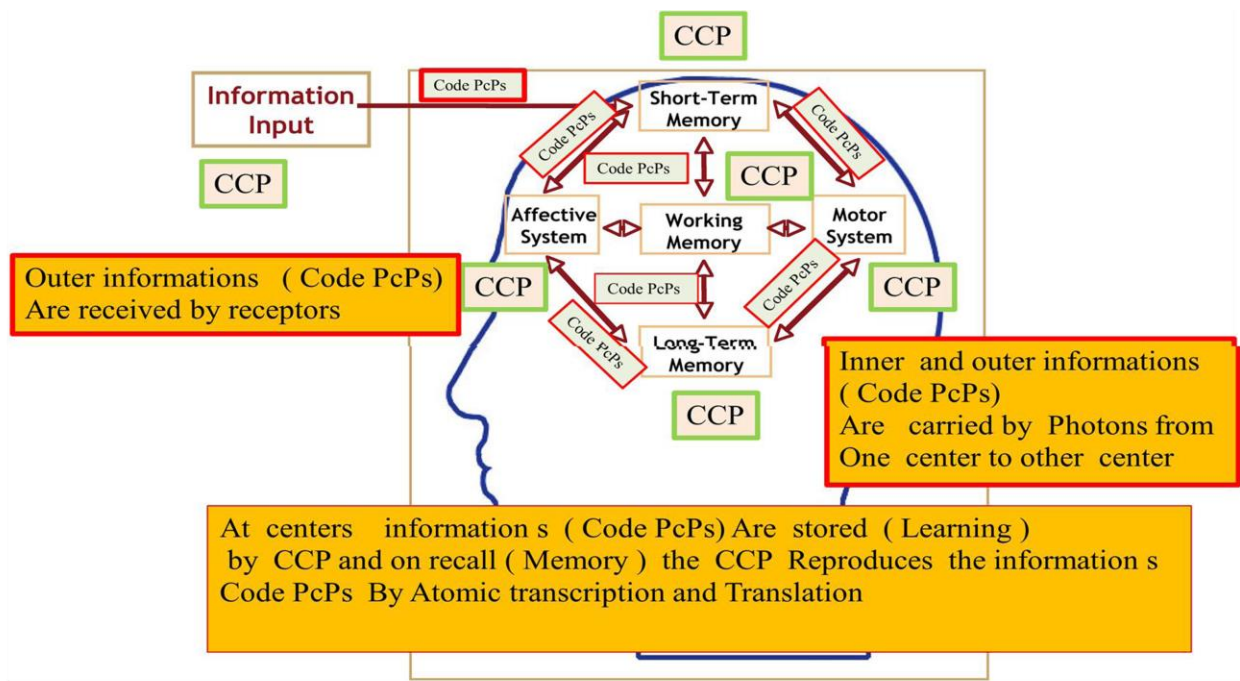

Fig 11 structural configuration of DM and DE at macro level [9]

1.10 Divine Mechanics and Brain Computation

Learning and Memory and information s (Code PcPs) Net work in Brain [10]

Divine Mechanics and Brain Computation

Fig 12 Divine Mechanics of Brain Computing System – Learning and memory

At all steps , these are B.B.Bs (B-Bit) that are responsible for information’s control and triggering . If CCP is written it means unless atomic transcription and translation occur , brain cannot have learning and memory triggering and control and it is called Divine mechanics of Biology and it is life . These are higher thought expressions of B.B.Bs . In Bits of classical computers and qubits of QC , the thought expressions are lower and different but the mechanics (DIVINE) remains the same. as shown in Fig 12

Physics dictates the lowest limit of size of chip **butDIVINE mechanics does not**
Moore’s Law Modified and Completed

Fig 13- The Theory of Computers and Brain are same – DIVINE MECHANICS

(Structural and Functional smallest Bit (mass) is B-Bit of the universe and the Divine Mechanical Unit is CCP , Code PcPs and CP.)

DIVINE MECHANICS The Theory of Computers and Brain is SAME as shown in Fig 13

Physics dictates the lowest limits of the size of chips [11]. But divine mechanics does not . Hence the bit is a typical unit of information. ((Classical and Quantum Bit) is wrong and to describe informations by adding qubit is also illusion as in complicate system ,it is the different thoughts expressions that describe informations . Informations are separate (Code PcPs) and bits (Electron of transistor) qubits (electron of diamond crystal) are separate. At DNA level the bit is nucleotide (A,T,C,G) and at Atomic level the bit is photon and electron , at particle level (secondary fermions and secondary bosons) the bit is primary fermions and primary bosons and informations are still code PcPs and at B.B.B level the bit is B.B.B (Yang mass and Yin mass - B- bit) it self and the information is carried by Code PcPs but at all level of all bit units the information storage system is CCP (Physiological arrow of Time) it never dies even after destruction of the universe. Hence informations are eternal . In computers, Bit is a structural configuration that describes informations of the system and informations are in form of Code PcPs. The working of the bit is triggered and controlled by thoughts of higher centers that form that bit. If the bit is classical (transistors of chips) the effect is different . But if the bit is qubit with entanglement the working is triggered and controlled by thoughts of higher center that form that crystal . In both the effect of describing informations would be different.

One is classical (thought expressions are fixed and limited)and other one is quantum (thought expressions are changing and more wide to describe the more wide complicated system to have fast results .) . In life sciences in Brain the bit is again Photon and the informations are Code PcPs and they are triggered and controlled by CCP of higher centers that is triggered by DIVINE MECHANICS .

In life sciences the CCP (cryptography) of B-bit expresses information’s (Code PcPs) which were not fed like speaking Lie and unlike Bit of classical computer and qubit of QC it shows phenomenon of forgetfulness and IQ phenomenon (mental age /real age) . It is Higher functions of B.B.B or B Bit and it is life . Hence there is difference in some aspect of DIVINE MECHANICS \of Computers computation and Brain computation

Structure

2.1 Modified theory of atomic structure as Niels Bohr's theory has limitations in explaining different series of hydrogen spectra.

New assumptions of structure of hydrogen atom. – Divine Modified Niels Bohr 's Theory (**Divine MONB Theory**) as shown in Fig 14

1. Hydrogen atom is like a miniature solar system with the negatively charged electron moving in circular orbit around positively charged nucleus having positively charged particle proton. In this circular orbit or stationary orbits , electron is being held by single string of energized gravitons . This energy level is called ground state.
2. When Hydrogen atom is excited, the electron moves from ground state to excited state energy levels making a bigger circular orbit and having reached in this new energy levels , it also emits radiations . Hence absorption and emission of energy quanta occur simultaneously. Shifting is understood in inter orbital shift phenomenon.
3. When excitation is over, the electron once again come back to ground state energy level . All above mentioned events are triggered by different thoughts or atomic transcriptions from the nucleus or proton in case of hydrogen atom.
4. These atomic transcriptions are being triggered by conditioned stimulation of CCP by the message system made up of photons (second transcription or -ve charged photons or afferent path) coming from electron to proton and further they are transmitted by photons (second transcription made up of +ve charged photons, or efferent path) to electron. Having received the messages , electron works accordingly. Unless the thought is expressed, nature cannot work . as shown in Fig 14
5. When electron is in ground state, its interaction with energized graviton and electromagnetic photon is more hence IP -13.59ev (n=1) is required to remove electron from this energy level. During excited stage the interaction is different hence I.P. to remove electron from this state is -3.4ev (n=2), -1.511ev (n=3),- 0.850ev (n=4) , -0.544ev (n=5) respectively. It the changing thought of interaction with energized graviton and electromagnetic photons that gives changing effect .
6. Electronic configuration of higher atoms could be known by studying I.P. curve . Working of hydrogen atom as shown in Fig 14

Fig 14 working of hydrogen atom – Divine MONB Theory

2.2 Vedic Message - Means that one knows the meaning of vedic Shastra and the twat means matter or Two God particles

Manu 12/ 102

Means that one knows the meaning of vedic Shastra and the twat means matter or Two God particles or ardhnareshwar or satyam shivam sundaram or smallest idols of universe or Allah. (Fig 1) Should be called Brahman . Rest are non Brahmins .

वेदकी उपादेयता

(ब्रह्मलीन जगद्गुरु शंकराचार्य ज्योतिषीठाधीश्वर स्वामी श्रीकृष्णबोधश्रमजी महाराज)

'यस्य निश्चितं वेदाः' उस परब्रह्म परमात्माके निःश्वासभूत वेदोंका प्रादुर्भाव प्रगल्भ तप और प्रखर प्रतिभापूर्ण महर्षियोंके अविच्छिन्न ज्ञानद्वारा स्वतः प्रस्फुटित शब्दराशिसे हुआ। मानव उसी ज्ञानसे धर्माधर्म, आवास-निवास, आचार-विचार, सभ्यता-संस्कृतिका निर्णय करता हुआ गूढ अध्यात्म-तत्त्वोंका विवेचन कर ऐहिक और आमुष्मिक अभ्युदयका भागी बना और बन सकता है। जिस प्रकार शब्दादिज्ञानके लिये चक्षु आदि इन्द्रिय-वर्ग अपेक्षित होता है, उसी प्रकार प्रत्यक्ष और अनुमान आदि प्रमाणोंद्वारा अगम्य एवं अज्ञात तत्त्वोंके ज्ञापनार्थ वेदकी आवश्यकता है—

प्रत्यक्षेणानुमित्या वा यस्तूपायो न बुध्यते।

एनं विदन्ति वेदेन तस्माद्देवस्य वेदता॥

बड़े-से-बड़ा तार्किक अपनी प्रबल शक्तिद्वारा पदार्थकी स्थितिका प्रयत्न करता हुआ अन्य प्रबल तार्किककी प्रतिभापूर्ण बुद्धिके द्वारा उपस्थापित तर्कसे स्वतर्कको निस्तत्त्व मानकर अपने प्रामाण्यार्थ वेदकी शाखामें जाते देखा गया है। इसीलिये 'स्वर्गकामो यजेत', 'कलञ्जं न भक्षयेत्' इत्यादि वेदवाक्योंद्वारा प्रतिपादित विहित प्रवर्तन, निषिद्ध निवर्तनमें कोई भी तर्क अग्रसर नहीं किया जा सकता। संध्योपासन धर्मजनक है, सुरापान अधर्मोत्पादक है, इसकी सिद्धि वेदवाक्यातिरिक्त अन्य किसी भी प्रत्यक्षादि प्रमाणोंसे गम्य नहीं, इसलिये वेदकी आवश्यकता है। वेदकी प्रामाणिकतापर विश्वास करनेवाला 'आस्तिक' और वेदविरुद्ध प्रामाणिकतापर विश्वास करनेवाला 'नास्तिक' कहलाता है। इसीलिये कोषकार अमरसिंहने भी 'नास्तिको वेदनिन्दकः' लिखा है। आस्तिक सम्प्रदायवाले वेदनिन्दक ईश्वरवतारपर भी विश्वास नहीं करते और न वे उनको मान्यता ही देते हैं।

वेदका स्वाध्याय

इसीलिये आस्तिक-वर्गने वेदके स्वाध्यायको अपनाया। शतपथ-ब्राह्मणमें लिखा है कि—

'यावन्तं ह वै इमां पृथिवीं वित्तेन पूर्णां ददद्भ्यं जयति, त्रिभिस्तावन्तं जयति, भूयांसञ्च अक्षय्यञ्च य एवं विद्वानहरहः स्वाध्यायमधीते तस्मात् स्वाध्यायोऽध्येतव्यः।'

अर्थात् जो व्यक्ति रत्नोंसे परिपूर्ण समस्त पृथिवीको दान कर देता है, उस दानसे उत्पन्न पुण्यकी अपेक्षा वेदके

स्वाध्यायसे उत्पन्न हुआ पुण्य कहीं अधिक महत्त्व रखता है। इतना ही नहीं, मनु महाराजने तो यहाँतक कहा है कि—

वेदशास्त्रार्थतत्त्वज्ञो यत्रतत्राश्रमे वसन्।

इहैव लोके तिष्ठन् स ब्रह्मभूयाय कल्पते॥

(मनु० १२। १०२)

तात्पर्य यह कि वेदादि शास्त्रोंके अर्थ-तत्त्वको जाननेवाला ब्राह्मण जिस किसी भी स्थान और आश्रममें निवास करे, उसे ब्रह्मतुल्य समझना चाहिये। महर्षि पतञ्जलिने भी कहा है—

'ब्राह्मणेन निष्कारणो धर्मः षडङ्गो वेदोऽध्येयो ज्ञेयश्च; मातापितरौ चास्य स्वर्गं लोके महीयेते।'

(महाभाष्य १। १। १२)

ब्राह्मणको बिना किसी प्रयोजनके छः अङ्गोंसहित वेदका अध्ययन करना चाहिये। इस प्रकार अध्ययन कर शब्दप्रयोग करनेवालेके माता-पिता इस लोक और परलोकमें महत्ता प्राप्त करते हैं। इसके विपरीत जो ब्राह्मण वेदाध्ययनमें प्रवृत्त न होकर इधर-उधर परिभ्रमण (व्यर्थ परिश्रम) करता है, उसकी निन्दा स्वयं मनु महाराजने भी की है—

योऽनधीत्य द्विजो वेदमन्यत्र कुरुते श्रमम्।

स जीवन्नेव शूद्रत्वमाशु गच्छति सान्वयः॥

(मनु० २। १६८)

इस वाक्यके अनुसार जो द्विज वेदातिरिक्त अन्य पठन-पाठन (शिल्पकला आदि) में परिश्रम करता है, वह सर्वश जीवित ही शूद्रत्वको प्राप्त हो जाता है। ऐसी स्थितिमें द्विजाति-मात्रको स्वधर्म समझकर वेदाध्ययनमें प्रवृत्त होना चाहिये।

अधिकार

सभी धार्मिक ग्रन्थोंमें वेदाध्ययनका अधिकार द्विजको ही दिया गया है, द्विजेतरको नहीं। इसका मुख्य कारण है वेदशास्त्रकी आज्ञा—'विद्या ह वै ब्राह्मणमाजगाम गोपाय मा शेवधिष्टेऽहमस्मि' अर्थात् 'विद्या ब्राह्मणके समीप जाकर बोली—मेरी रक्षा कर, मैं तेरी निधि हूँ'। वह अन्यके पास नहीं गयी; क्योंकि मुख्यतः ब्राह्मण ही विद्याके रक्षक हैं—वेदरूपी कोषका कोषाध्यक्ष ब्राह्मण ही है। दूसरी बात यह है कि 'उपनीय गुरुः शिष्यं वेदमध्यापयेद् विधिम्' गुरु शिष्यका उपनयन-संस्कार कर विधिपूर्वक शौचाचार-शिक्षणद्वारा

Fig 15 Vedic messages - Means that one knows the meaning of vedic Shastra and the twat means matter or Two god particles

2.3 Ignorance making Bahujan persons going wrong against Manu vadi

Bahujan persons are removing idols from their houses saying that they could not follow manu wadi thoughts and now they donot want to obey Manu Smriti as it teaches about castism and differentiate between savarn and shudra by virtue of being created from foot of Brahma .

Fig 16 Removing idols of Manu Smriti from houses of Bahujan when Ravidas temple was demolished by Dehli Government .

2.4 Origin of Homo sapiens and Racial diversity .

Racial Discrimination By Virtue Of Atomic Genetics And They Did Appear Where They Were Created On Earth By Unconditioned Thought Expressions Triggered By TM (time mindness) . Hence Invasion Theory As Well As DNA (R1a) Counseling Are Illusion To Understand Aryans (Lord Ram – 7000 years) Appearance In India .Means All Are Indigenous Origin both savarns and bhaujans ..

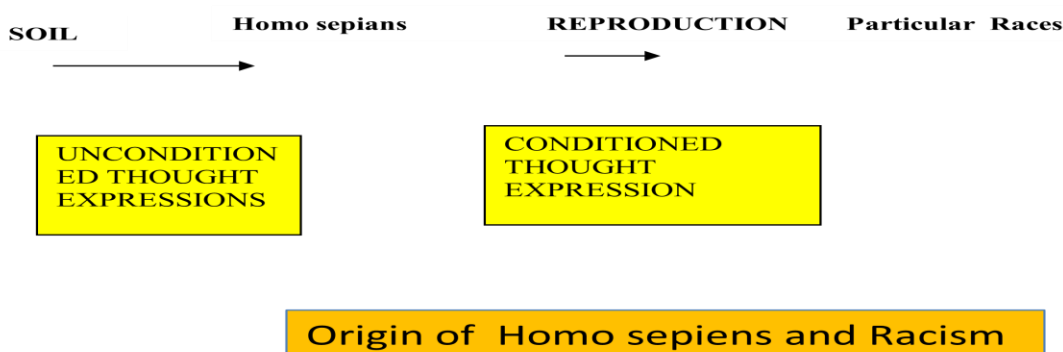

Fig 17 Origin of Homo sapiens and particular race from soil by unconditioned thought expression triggered by time mindness (TM) . Means there were many Adams and Eves were created at different places to create different racialism and castes .

2.5 Origin of Homo sapiens and particular Races (micro level)

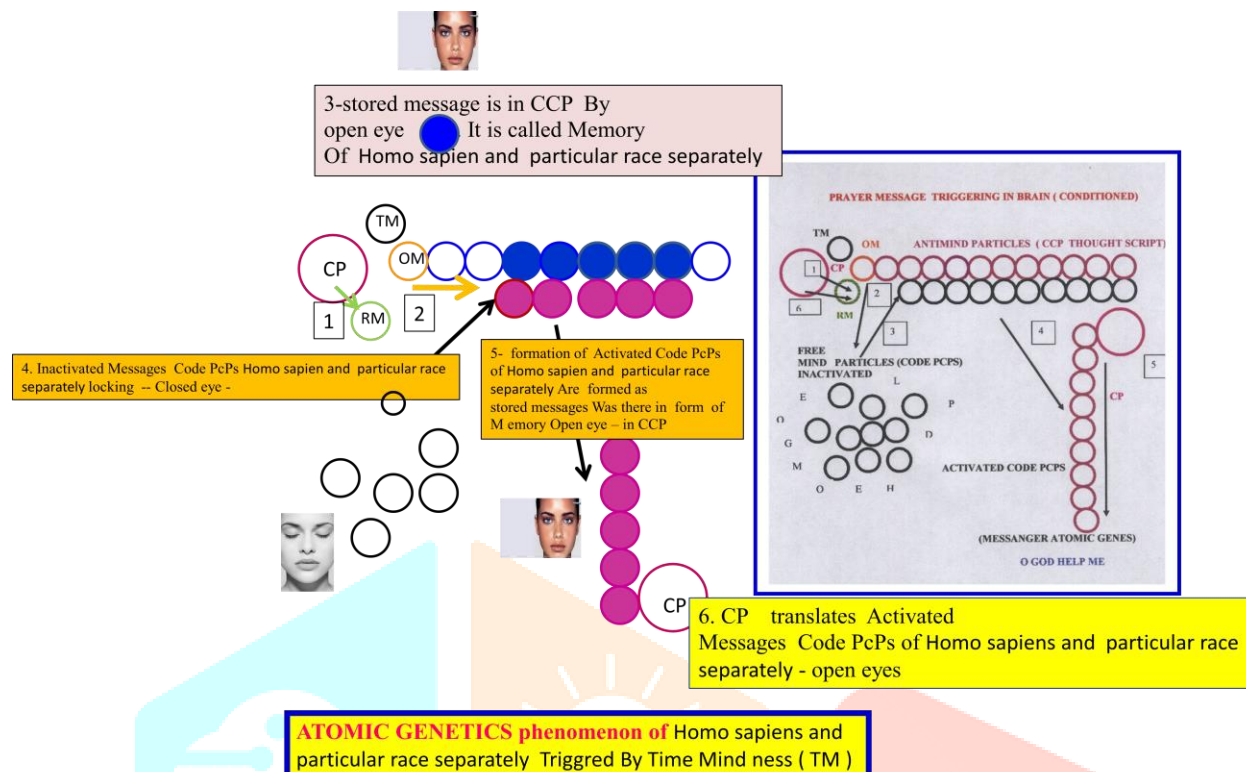

Fig 18 In soil , thoughts of Homo sapiens and particular race triggered by TM (**micro level**)

In phenomenon of, following steps take place on Yang B.B.B – B-Bit of soil (Figure 18) .It is TM that triggers and regulate the thought expressions by activating CP of that script .

- 1.CP removes RM (repressor mindness-green) from OM (operating mindness -orange) thus induction of recall is triggered
- 2.OM searches learning mindness on Anti mind particles (Anti mind particles script) of that thought script (blue filed circles- open eye) of “Homo sapiens and particular race separately ”.
3. But as that learning mindness is there with opening eyes of learnt anti mind particles .
4. Inactivated code PcPs “Homo sapians and particular race separately “ mind particles triggering to lock on Anti mind particles script
5. Formation of activated code PcPs “Homo sapiens and particular race separately ” as stored messages was there in form of memory (open eye)
6. Finally there is activated message of “Homo sapiens and particular race separately ” is formed (Filled magenta circle – open eyes) by CCP (filled circle blue –open eyes) . CP makes phenomenon of splicing .
- 7.CP represses act of recall memory by adding RM (green) to OM (orange) . Thus recalling information s of “Homo sapiens and particular race separately ” get **halt**.

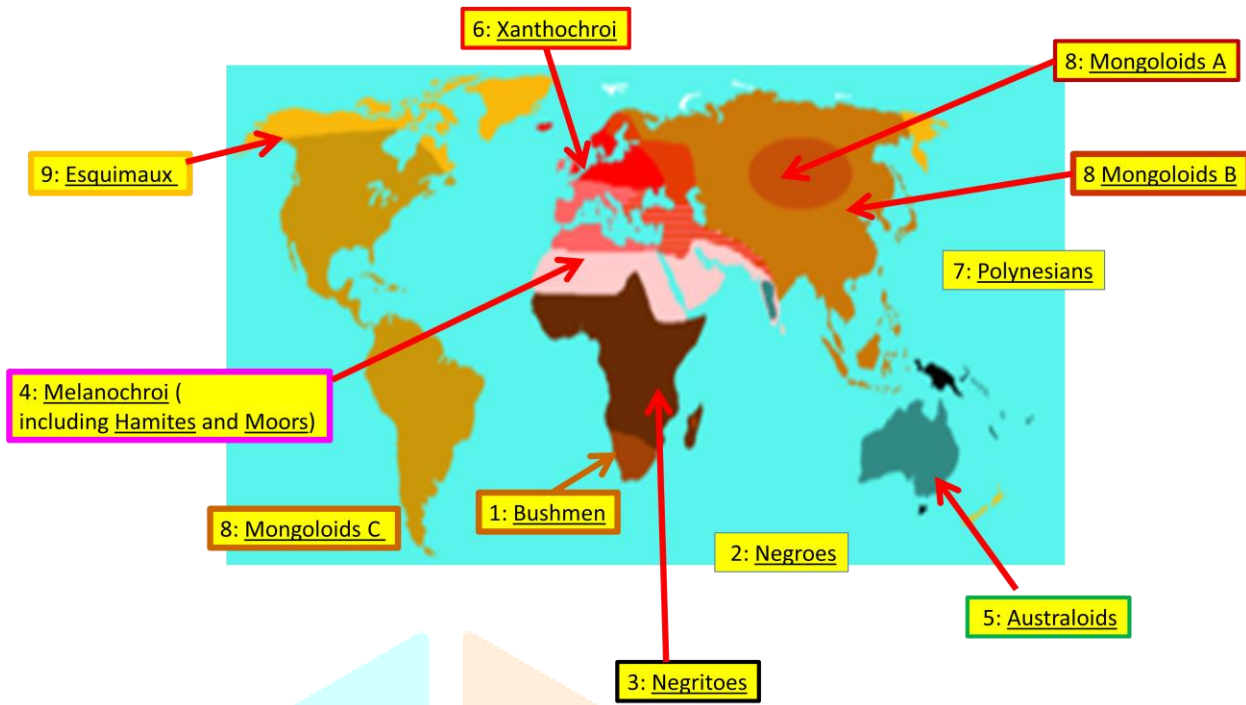

Fig 19 Site of Appearance of Homo sapiens and particular races from soil by unconditioned thought expression triggered by TM . (Macro level) Huxley's map of racial categories from On the Geographical Distribution of the Chief Modifications of Mankind (1870).

Distribution of the races after the Pleistocene according to Carleton Coon.

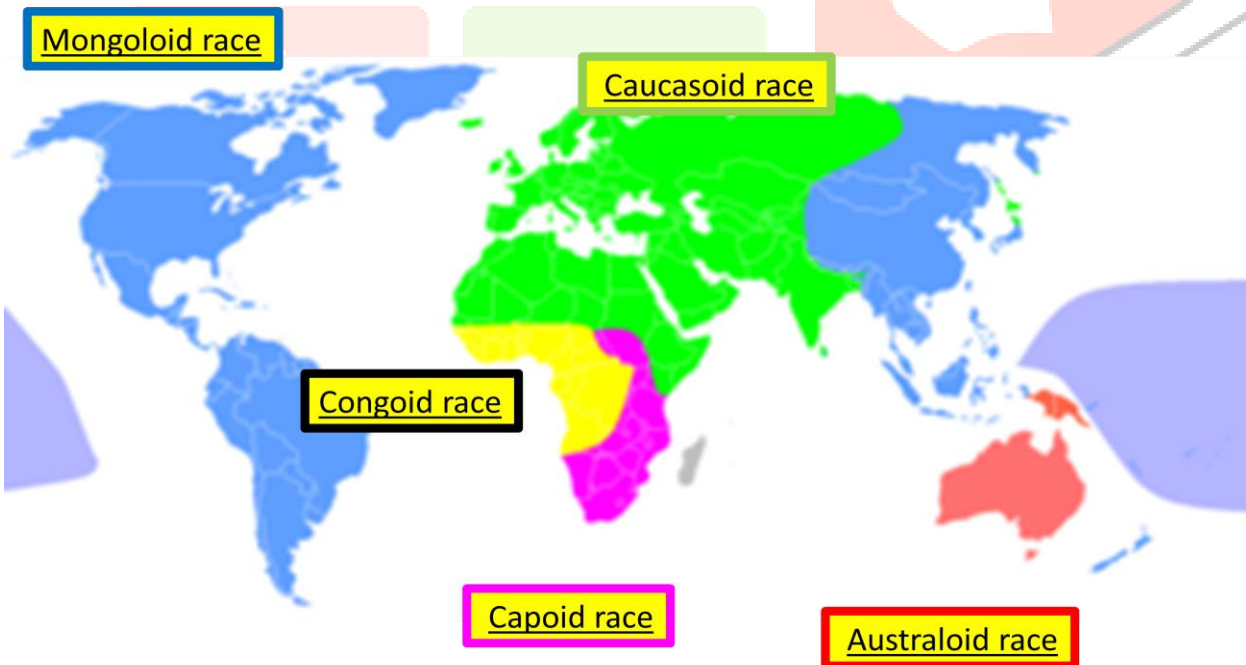

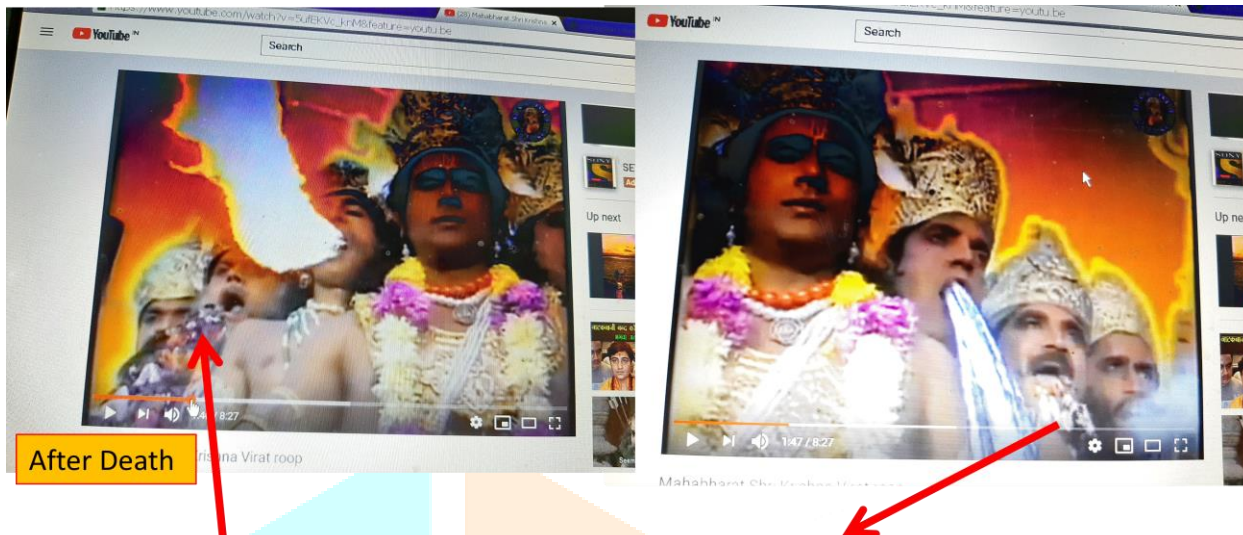

Fig 20 Distribution of the races after the Pleistocene according to Carleton Coon. (Macro level)

Racial discriminations are not limited to five or nine rather it is unlimited as in India origin of different castes is the part of racialism.. All are originated from soil by unconditioned thought expression which is regulated and triggered by TM (time mindness) . It has nothing to do with genetic back grounds or concept of race is not grounded in genetics. rather it is related with atomicgenetics or mind or CCP which is triggered and regulated by time mindness (TM) present on basic building blocks of universe (Fig 1) . Variation in racism or castes are grounded in atomicgenetics of homo sapiens .

2.6 All are created from Mouth of Brahma Hence All are Savarn . Hence what Manu Smriti teaches is Myth .

We (set of information's – Code PcPs) are created from Mouth (face – Atomicgenetics) means Mind of Brahma (God Particles) that too Highest Center Of Universe . Almighty BBB. After Death we would go back in thought script (CCP) . Then we meet in Dreams only We could be recreated by Almighty BBB only

All are created from Mouth of Brahma
Hence All are Savarn . Hence what Manu Smriti teaches is Myth .

Fig 21 All are created from Mouth of Brahma . Hence All are Savarn . Hence what Manu Smriti teaches is Myth .

It is time to review Manu Smriti as Shudras are victim of conspiracy of castism that they are born from foot of Brahma which is myth since thousands of years And truth should prevail in India that all are savarn and created from mouth of Brahma. Hence no such castism exists as mentioned in Manu Smriti. It is a scientific research of Atomicgenetics and origin of universe that tells every clarification about creation of universe and different races and castes . . What ever is written in Manu Smriti for who hate Manu Smriti is not correct. Ambedkar could have corrected that which was wrong in Manu Smriti . Ambedkar or shudras are not born from feet of Brahma. If Ambedkar burnt it in 1927 how could it be corrected. Means all castes are born from mouth of Brahma. Hence no body is shudra and that is why Mahatma Gandhi always fought for shudras. He had love for shudras calling them Haijans . . He , Mahatma Gandhi was Savarn and his book was Manu Smriti and he used to worship all God and Goddess of Manu Smriti that recently have been removed from houses of bahunjans . **In recent days followers of Ambedkar removed all God and Goddess of Manu Smrity from their houses and insulted Mahatma Gandhi (savarn's great person)** . Means if shudras hate Manu Smrity , they also hate savarn's God and Goddess then they also hate Mahatma Gandhi . Hence they so called shudras have no right to put Photo of Gandhi (on Currency) in their pocket unless they realize that they are not shudras and Manu Smrity is their book and should be corrected .

2.7 Who wrote Vedas , Quran , Gita and Bible etc .

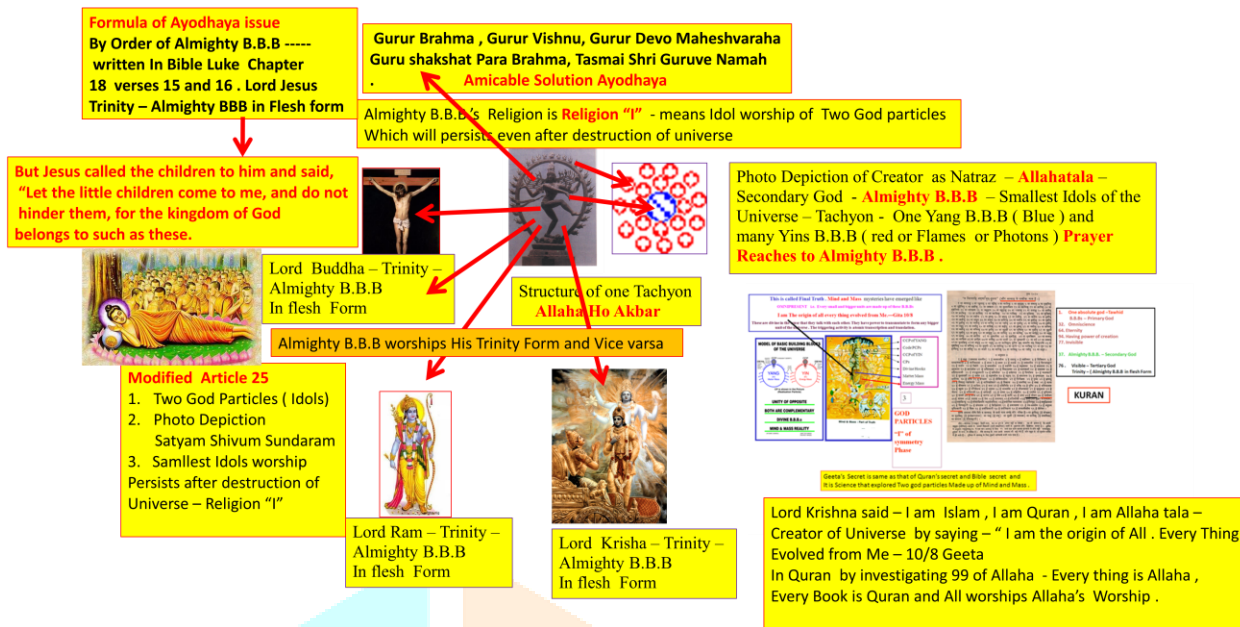

Fig 32 Religion "I" Ram, Rahim (Allah Ho Akbar) , Jesus , Buddha are ONE Deity Or Secondary God

Ram, Rahim (Allah Ho Akbar) , Jesus , Buddha are ONE Deity Or Secondary God (**Fig 32**) They are avatar of Almighty God Lord Natraz or Creator BBB who is at present in Tachyon form at about 4500 Mpc away from us wrote all books by quantum entanglement . Hence all words are God words but all words are nit true . You have to identify true and false statements by research or in the light of science . After Quran He downloaded one more book ,” Atomicgenetics and Origin of Universe ”and opened University Of God .

Conclusion

Make Anti SC , ST act means who believes that castes like Manu Smriti exist and he propagates it by not giving honor to inter castes interactions , should be punished and penalty is as equivalent to apostasy and shirk of islamic law ie death. Now again clear it. There is no Shudra caste and all are savarn Caste as all are created from mouth (atomicgenetics) of Brahma.(God particles) There is no shudra and whatever in Manu Smitri is written , is wrong . Hence SC, ST Act is wrong . Now coming to Ghandhi ji as he was savarn , hence to burn manu smriti in 1927 was wrong. Better , correct it what is wrong in Manu Smriti . . Means, if shudras hate Manu Smrity , they also hate Mahatma Ghandhi (savarn’s great person) .Those who love Ambedhkar (shudra’s great persons) should not put photo of Ghandhi (currency) in pocket unless they realize that they are not Shudra and Manu Smrity is their book and should be corrected . All different castes are savarn with large verity of it or they fall in different spectrum of savarns . And all are formed from different thought expressions of atomicgenetics. (Mouth of Brahma)

Racial Discrimination By Virtue Of Atomic Genetics And They Did Appear Where They Were Created On Earth By Unconditioned Thought Expressions Triggerred By TM (time mindness) . Hence Invasion Theory As Well As DNA (R1a) Counseling Are Illusion To Understand Aryans (Lord Ram – 7000 years) Appearance In India. .Means All Are Indigenous Origin both savarns and bhaujans (New savarns) .
