Abstract

End of world triggers by wish of Almighty God Lord Natraz BBB when His orders are not obeyed by Rulers of Globe and by not hosting His Flag on UNO as Making Him Lord Of Globe and making world Akhand Bharat . Discard Indian National Fake Flag and Host Real secular owner of India and Abroad Lord Natraz's Flag as national Anthem is made and sung in His honor and worship Story of Indian Flag starts in 1885 when Indian national congress was established. At the time of Independence 1947 by some modification it became Indian Flag . Two nation Theory was imposed and Nehru became PM by grace of George 6th who was king of England and gave independence on a lease of 99 years . Hence their Stumbha (Mark of their Kingship at Rastrapati bhavan) and Coronation Park still exist in India and india is member of British Colony called Common Wealth games performed every two yearly . **This conspiracy (Adharma) was noticed by Lord Natraz BBB as Adharma by British Ruler and thus He reincarnated on 22.23 Dec 1949 and imposed Ownership act 1949 before constitution of India established in 26th Jan 1950. Means the Ruler is Almighty God Lord Natraz and His constitution is prevailing since 1949 rather than Constitution of India since 26th Jan 1950. Hence a Fake constitution is working since 26th Jan 1950 in which no**

place of Lord Natraz BBB as owner of this land in that Fake Constitution . If this matter is not rectified , End of World would triggers as predicted in Quran .

Noah's ark, 12th-century fresco in the nave of the church at Saint-Savin-sur-Gartempe, Fr.
Jean Roubier

Story

The Quran states that Noah was inspired by God, like other prophets such as Ibrāhīm (Abraham), Ismā'īl (Ishmael), Ishaq (Isaac), Ya'qub (Jacob), Isa (Jesus), Ilyas (Elijah), Ayyub (Job), Harun (Aaron), Yunus (Jonah), Dawud (David) and Muhammad, and that he was a faithful messenger. Noah had firm belief in the oneness of God, and preached Islam (literally "submission," meaning submission to God).^{[10][non-primary source needed]}

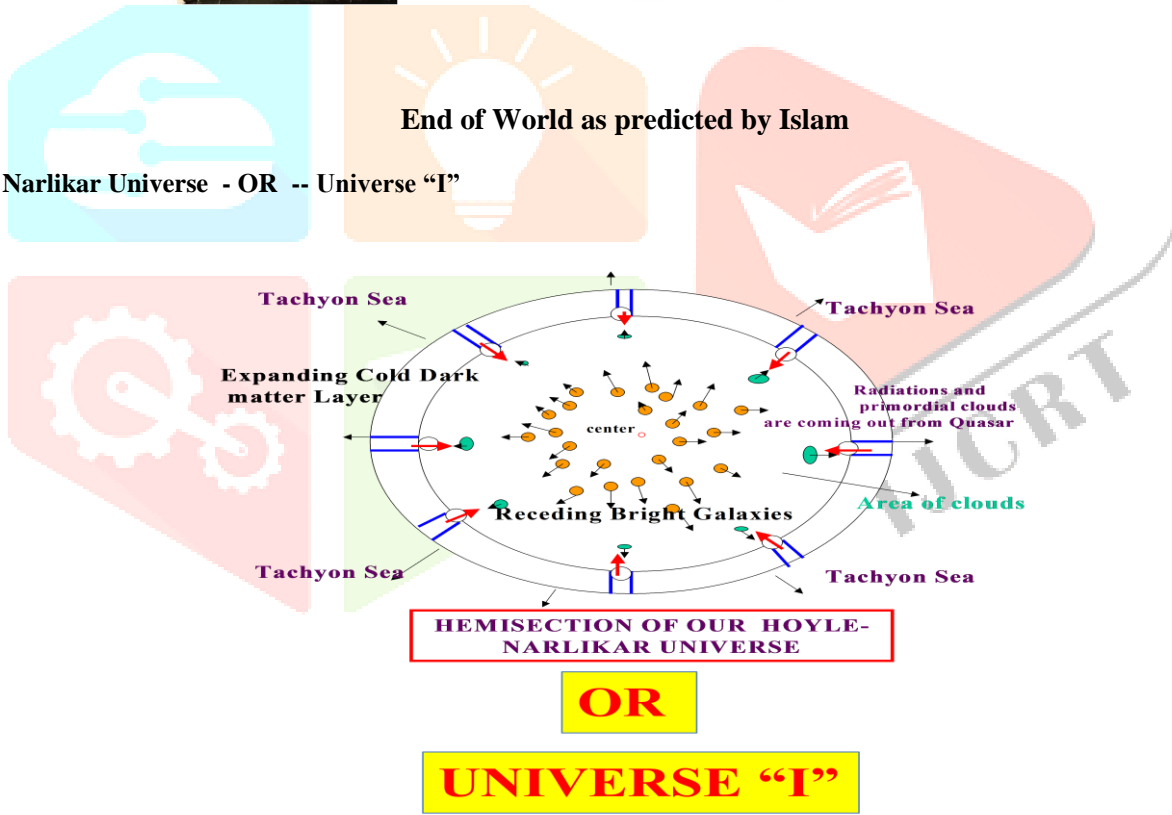

He continuously warned the people of the painful doom that was coming and asked them to accept one God instead of worshipping idols such as Wadd, Suwa', Yaghuth, Ya'uq and Nasr.^{[11][non-primary source needed]} He called the people to serve God, and said that nobody but God could save them.^[12] He said that the time of the deluge was appointed and could not be delayed, and that the people had to submit to God.^{[13][non-primary source needed]}

God commanded Noah to build a ship, the Ark, and as he was building it, the chieftains passed him and mocked him. Upon its completion, the ship is said to be loaded with pairs of every animal, and Noah's household,^{[14][non-primary source needed]} and a group of believers who did submit to God. The people who denied the message of Noah, including one of his own sons, drowned.^{[15][non-primary source needed]} The final resting place of the ship was referred to as "Al-Jūdīyy"^{[16][non-primary source needed]} or a "Munzalanm-Mubārakan" (Arabic: مُنْزَلًا مُبَارَكًا, romanized: *Place-of-Landing Blessed*).^{[17][non-primary source needed]} Noah is called a grateful servant.^{[7][non-primary source needed]} Both Noah and Abraham were taught the prophethood and the scripture.^{[18][non-primary source needed]} God commanded Noah to take all species that he needed on the ship. The commentary by Prophetic descendants explains the verse to mean eight animals.^{[19][20]}

What is New Physics or Physics of Mind ?

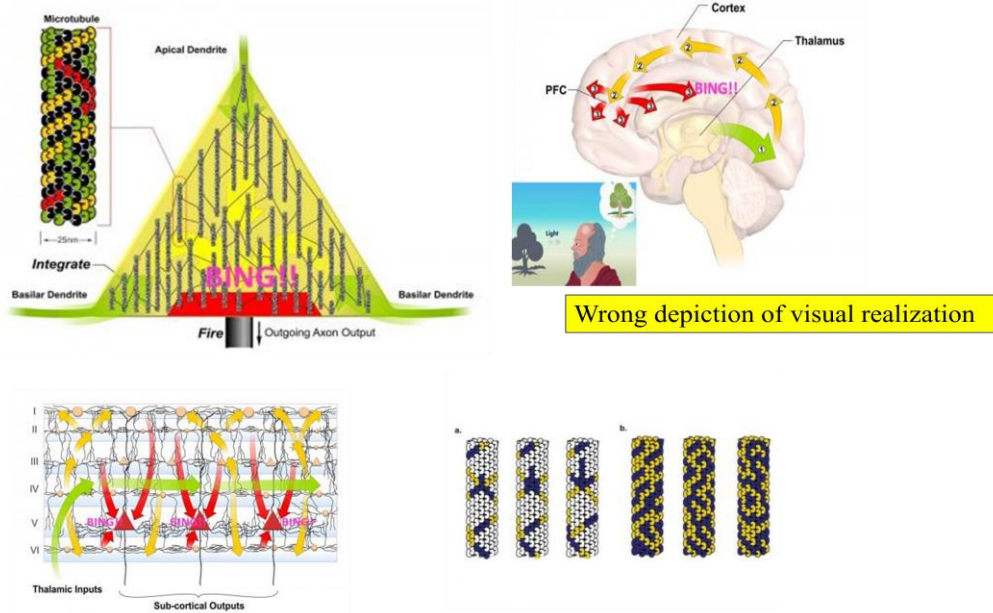

Physics of Mind

Quantum Consciousness – According to Physicists and Biologist

The nature of consciousness remains deeply mysterious and profoundly important, with existential, medical and spiritual implication. We know what it is like to *be* conscious – to have awareness, a conscious ‘mind’, but who, or what, are ‘we’ who know such things? How is the subjective nature of phenomenal experience – our ‘inner life’ - to be explained in scientific terms? What consciousness actually *is*, and how it comes about remain unknown. The general assumption in modern science and philosophy - the ‘standard model’ - is that consciousness emerges from complex computation among brain neurons, computation whose currency is seen as neuronal firings (‘spikes’) and synaptic transmissions, equated with binary ‘bits’ in digital computing. Consciousness is presumed to ‘emerge’ from complex neuronal computation, and to have arisen during biological evolution as an adaptation of living systems, extrinsic to the makeup of the universe. On the other hand, spiritual and contemplative traditions, and some scientists and philosophers consider consciousness to be intrinsic, ‘woven into the fabric of the universe’. In these views, conscious precursors and Platonic forms preceded biology, existing all along in the fine scale structure of reality.

My research involves a theory of consciousness which can bridge these two approaches, a theory developed over the past 20 years with eminent British physicist Sir Roger Penrose. Called ‘orchestrated objective reduction’ (‘Orch OR’), it suggests consciousness arises from quantum vibrations in protein polymers called microtubules inside the brain’s neurons, vibrations which interfere, ‘collapse’ and resonate across scale, control neuronal firings, generate consciousness, and connect ultimately to ‘deeper order’ ripples in spacetime geometry. Consciousness is more like music than computation.

Colleagues Travis Craddock and Jack Tuszynski and I also study how anesthetics act in microtubules to erase consciousness, and with Jay Sanguinetti, John JB Allen and Sterling Cooley, we are studying how transcranial ultrasound (TUS) can be used noninvasively to resonate brain microtubules and treat mental, cognitive and neurological disorders. Many thanks to my assistant Abi Behar-Montefiore and Ed Xia for maintaining this website.

1.2 Mind and Mass Realities [2]

This is called Final Truth . Mind and Mass mysteries have emerged like
OMNIPRESENT I.e. Every small and bigger units are made up of these B.B.Bs
I am The origin of all every thing evolved from Me.—Gita 10/8
 These are divine in the sense that they talk with each other. They have power to transmutate to form any bigger unit of the universe . The triggering activity is atomic transcription and translation.

Atomic genetics is the branch of science where we investigate about fundamental interactions of the universe i.e. atomic transcription and translations . New words have been coined to understand hidden science of mind part of reality. Mind reality has been recognized as different faces by “I” about 5000 years back to Arjuna in Mahabharata.as shown in Fig 1. It is just like to understand any language through Alphabets. These are (different faces) Alphabets of mind reality. One Mind reality has one face identity and the second mind reality has second face identity and so on. The facial expression represents phenomenon of intelligence and different faces represent different types of properties carrying property. The open eyes means property is activated while close eye means property is inactivated. In spite of carrying properties conscious ness they also know how to conduct not only origin of universe but also how to create two different universe i.e. next creation could be different from this creation . In all, it is automatic system of the universe . The mind realities which are of good properties have devtas face identity (first five faces on both side) and those mind realities which are of bad properties have demons face identity (last four faces on both side) . These are named as code PCPs or messenger atomic genes . The central face is CCP or Thought script where all thoughts of the universe are banked . It is bank of data of all information s of the universe It is face identity of Anti mind particles as data of all information’s of the universe are stored as anti mind particles . It is the Time mind ness (biological clock) that keeps on expressing different thoughts from this thought script (CCP) . There are four more faces (black bodies) shown on extreme left and right floating in fire are CPs (translating Atomic genes) . That translates the messages and realizes it and reacts accordingly.[2]

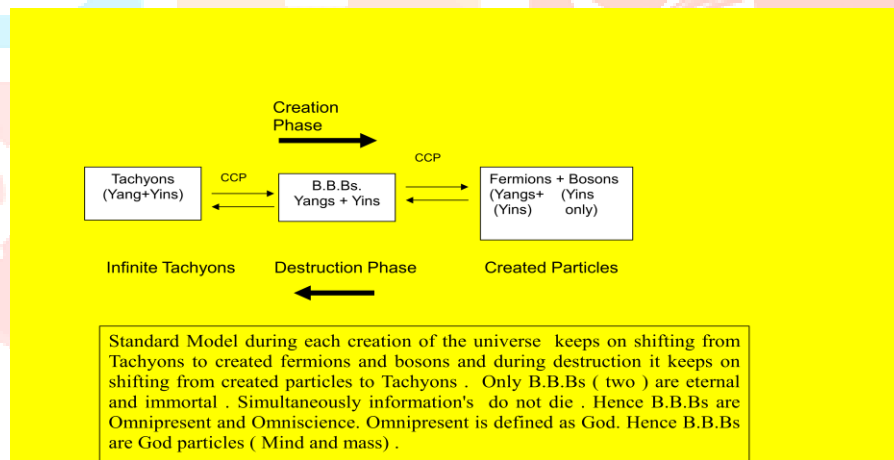

Fig 3.1 one creation and destruction cycle [4]

Participatory science has coined [5] some new words and there are some words which already exist in physics. Both these words are defined here and the definitions are according to participatory science. It has no relation with the definitions given in modern physics.

- 1.Mass - The part which gives shape to the smallest mass unit i.e. basics building blocks (B. B. Bs.) is called mass.
- 2.Matter :-Mixture of fermions and bosons or only bosons which are made up of mass (B.B.Bs) and that is why we realize their shape is called matter.
- 3.Inertial mass :-Mass (smallest mass units i.e. B. B. Bs) having inertial properties (classical inertia) either absolute rest or uniform motion in straight line is called inertial mass. Or Number of B. B. Bs. Per unit space present in bigger units is called inertial mass. Or Total matter contained by the bigger units or total number of fermions and bosons contained by the bigger units is called inertial mass. Therefore it never changes from place to place.

4. Gravitational mass :- The mass (interacting surfaces) which takes part in gravity (divine energized gravitons theory) interaction (which is due to mind) is called gravitational mass. When gravity interaction increases (number of divine energized gravitons increases) the interacting mass (interacting surface) also increases or when interacting mass (interacting surfaces) increases, gravity interaction (number of divine energized gravitons) also increases. Therefore gravitational mass (interacting mass or surfaces) changes from place to place. It is the fed mind that decides gravity interaction. We shall discuss it in gravity chapter and in atomic genetics.

5. Pure m (matter) mass :-matter mass (smallest mass unit or B.B.B) which have got inertial property of absolute rest.

6. Energy mass:-Energy mass (smallest energy mass unit B.B.B) which have got inertial property of uniform motion in straight line and which also gives shape to the bigger energy mass (Higgs Bosons etc) units.

7.m (impure matter) of $E=mc^2$:-Matter particles (fermions) which have got spin property are called impure matter particles.

1.4 Prayer message formation in brain.

ATOMIC GENETICS

Fig 4 Divine Mechanics - Prayer message formation in brain

In atomic transcription and translation of prayer [5], following steps take place on Yang B.B.B – B-Bit as shown in Figure 4.

- 1.CP removes RM (repressor mindness-green) from OM (operating mindness -orange) thus induction of atomic transcription triggers.
- 2.OM triggers activation of free mind particles (black -inactivated code PCPs) of that thought script (magenta) of “o god help me”.
- 3.Free mind particles (black -inactivated code PCPs) get attached to anti mind particles script (magenta one) to form messenger thought script of “o god help me”.

4. Messenger atomic genes (black) get activated by anti mind particles thought script and further they get detached from anti mind particles thought script to form activated messenger atomic genes (activated code PCPs) (magenta) of " o god help me "
5. CP carries phenomenon of splicing by translating the messenger activated atomic genes (activated code PcPs) and finally there is activated message of " o god help me" is formed .
6. CP represses atomic transcription by adding RM (green) to OM (orange) . Thus atomic transcription gets halt.

Having formed the message it comes out in three forms .

In atomic genetic engineering (prayer) we use our basic power i.e. power of B.B.Bs. Our B.B.B. (higher center) talks with highest center of the universe by sending the message by first transcription. Till today nobody knows how does the brain generate thoughts. I am going to tell you that mystery too. In the frontal lobe the neurons are responsible for thought generation. In the neuron there is electrical activity called pacemaker activity which is occurring between dendrites and the body of the neuron. The membrane of the cell is made up of atoms and atom is made up of B.B.Bs. At the level of B.B.B. say thought of '**O GOD HELP ME**' is expressed. As a result programmed messages of O GOD HELP ME (code PCPs) are formed. Out of three programmed messages, one is carried by atomic genes to highest center of the universe. It is called **THOUGHT RAY (Quantum entanglement)** which is made up of pure atomic genes and then the message goes through phenomenon called first transcription. They come out from brain directly. The other two messages are carried by photons from nucleus of atom to electrons. Here they are modulated on electrical activity of the cell called pacemaker activity. Further they are modulated on actions potentials going towards **REALIZING CENTER** situated in brain stem (RAS) and from RAS to speech area situated in the frontal area. Target B.B.Bs. of the realizing center finally realizes thought effect of O GOD HELP ME. While from speech area message goes to motor cortex again via RAS and from there to vocal cords and finally it comes out as a speech effect of O GOD HELP ME. In layman's terminology formation of the thought ray means PRAYER as shown in Fig 4

Where Does Prayer Message go ?

Prayer message goes as shown in Figure 5 to highest center of the universe via first transcription where it is realized and it is accepted, the highest center sends two messages to B.B.Bs working as higher center in cancer cell. These messages are message of inhibition of abnormal thought expression and message of activation of normal thought expression. Having received the messages, higher center stops expressing the abnormal thoughts and it starts expressing the normal thoughts. As a result, there are no more abnormal programmed messages and in place of that normal programmed messages are there. Now the messages have shifted from abnormal (5 and 6) to normal (2 and 3). This shifting of thought expression is called **ATOMIC GENETIC ENGINEERING** as shown in **Figure 4.1**

The changed messages reach to target B.B.Bs. through same route. Having received the changed messages, target B.B.Bs. stop expressing the previous programming and they start expressing the normal programming. As a result the cancer cells transmutate into normal cells. **Or diseased cell gets cured [6]** as shown in **Fig 4.1**

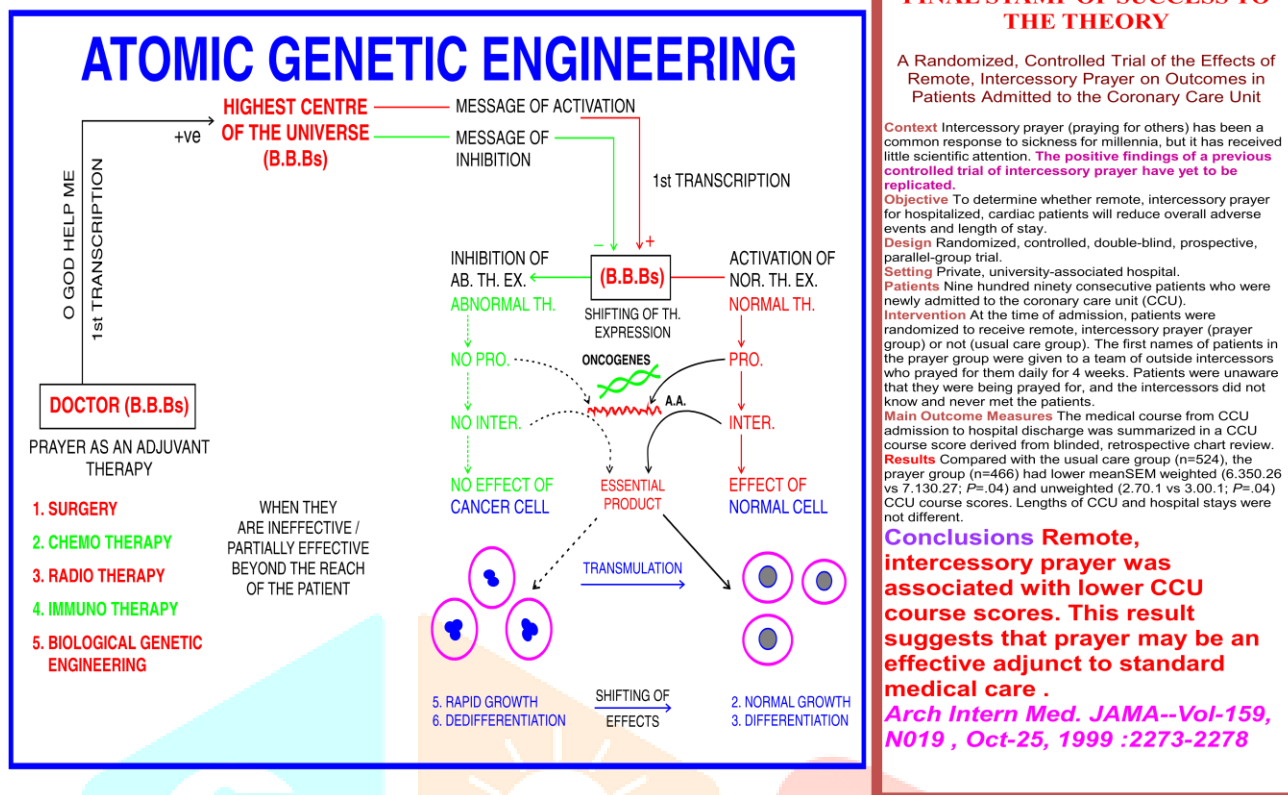

Fig 4.1 A.G.E and Final stamp of success to New Theory[6]

1.5 Message system of the Universe

Before the origin of the universe [2] nature had only one type of message systems which is called FIRST TRANSCRIPTION. Messages (Code PcPs) used to go from one B.B.B. to another B.B.B. by atomic transcription. Messages were carried by atomic genes (Code PcPs) with very very high velocity. It is the fundamental message system.

After the origin of the universe, nature created atoms. It also created one more message system called SECOND TRANSCRIPTION. Here the message (code PcPs) are carried by photons from one atom to another atom with velocity of light. Thus atoms ,molecules, cells, and even individuals talk with one another

After the formation of the cell , nature created one more system called THIRD TRANSCRIPTION .Here there is a message storage system formed by DNA. There are messenger molecules called mRNA that carry message from DNA script to cytoplasm where the message (code PCPs) is read or translated by ribosome and they work accordingly. Thus the messages reach to enzymes and hormones and finally messages reach to target units. Having received the messages, target units work accordingly. Finally life effects (metabolic) are observed. These three types of message systems are working in the nature. These message system are being used by the nature according to nature's need. as shown in Fig 5

MESSAGE SYSTEMS OF THE UNIVERSE

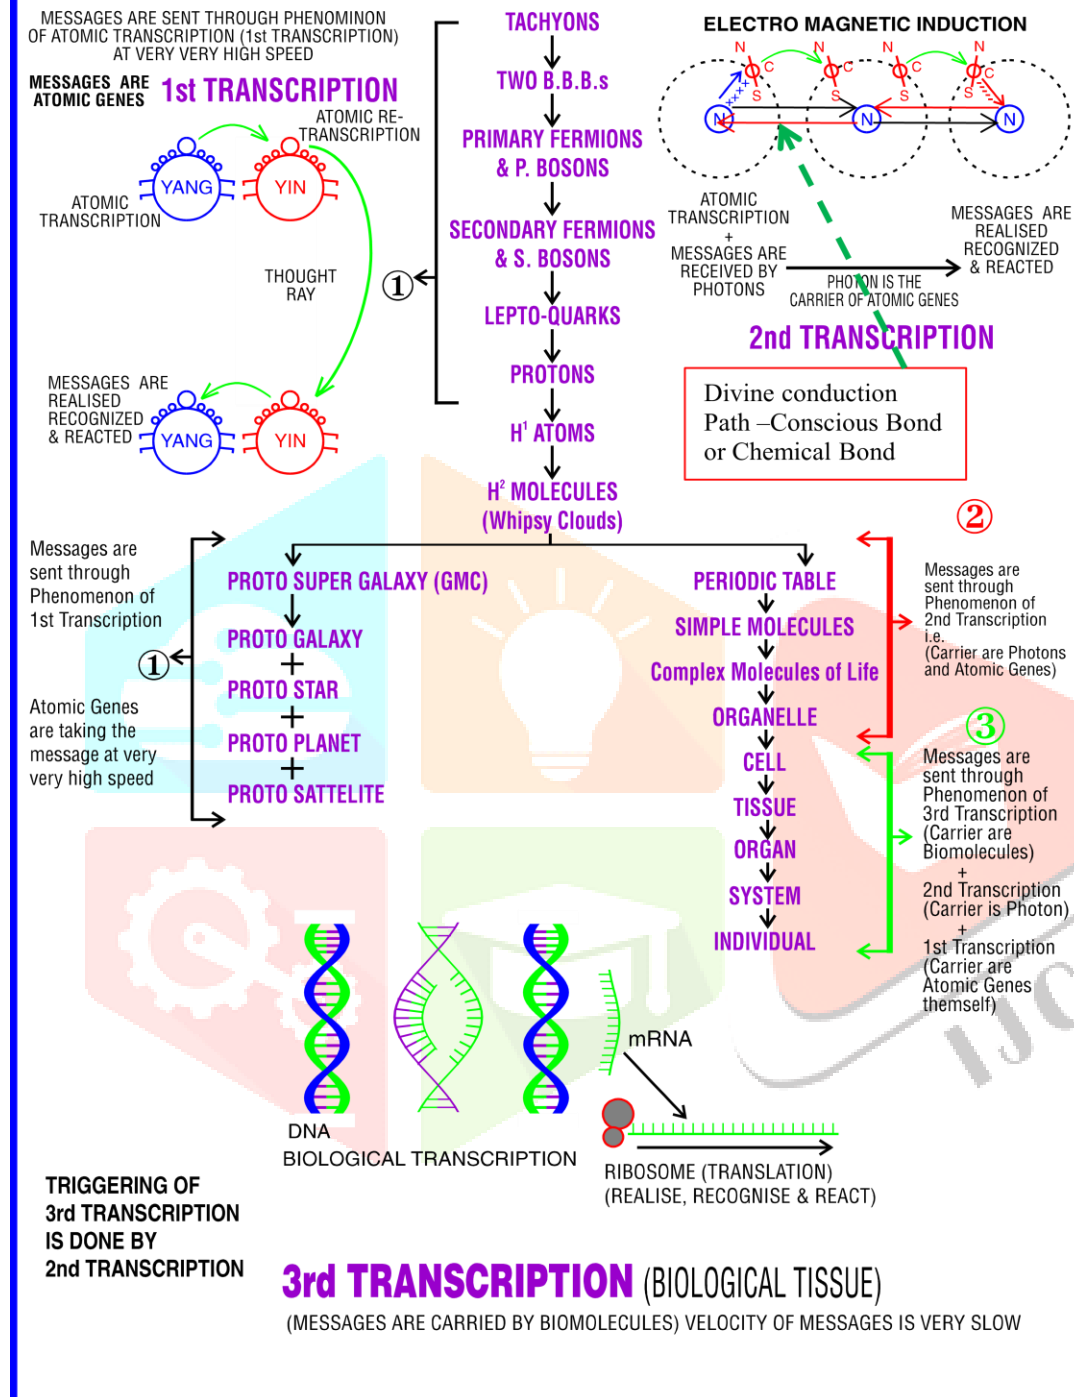

Fig. 5 Messages system of the universe

1.6 How does nature work & triggering of normal & abnormal effects

To understand creation physics as shown in Fig 6 and Fig 7. . There are two types of thought stimulation [2] . One is **CONDITIONED THOUGHT STIMULATION** and other one is **UNCONDITIONED THOUGHT STIMULATION**.

STIMULATION OF THOUGHT EXPRESSION --- There are two types of thought expressions one is CONDITIONED STIMULATION of thought expression, and other one is self stimulation of thoughts i.e. UNCONDITIONED STIMULATION of thought expression .

At the time of the origin of the universe, all effects got created. The cause of all effects of the universe is THOUGHT expression. These thought expressions were triggered by UNCONDITIONED OR SELF STIMULATED WAY . It is the first step and it is followed by PROGRAMMING or formation of programmed messages by code PCPs. This programmed message moves from higher centers to target B.B.Bs. it is called INTERACTION. Having received the messages, the mind and mass of the target B.B.Bs. work in a synchronized way so as to produced the effects as thought by a the higher center. If the thought expression by higher center is normal, the shapes, properties and laws produced by target B.B.Bs. would be normal and if the thought expressions are abnormal, the shapes, properties and laws would be abnormal. This is the basic concept of transmutation phenomenon. Finally what we observe is called EFFECT. Appearance of new shapes. properties and laws is called TRANSMUTATION. The first three steps are collectively called CCP. During transmutation process if CCP is written, it does mean that unless the thought, programming and interaction take place, nature cannot transmutate. Transmutation phenomenon is seen in particles, atoms, molecules and even in cells. The basic steps of any transmutation remain the same except that the thought expressions differ.

The subatomic particle are made up of more fundamental particles called Basic Building Blocks (B.B.Bs) which are made up of mind and mass. These B.B.Bs are divine in nature with the result they talk with each other by phenomenon called atomic transcription and translation (thought expressions). The triggering of broken symmetry is caused by atomic transcriptions. Unless the atomic transcriptions occur, subatomic particles could never exhibit phenomenon of broken symmetry . So the broken symmetry is never spontaneous. It is being mis understood that sub atomic particles do have spontaneous activities as far as broken symmetry is concerned. Hence the Nobel prize physics 2008 awarded to this work is too early to give prize.

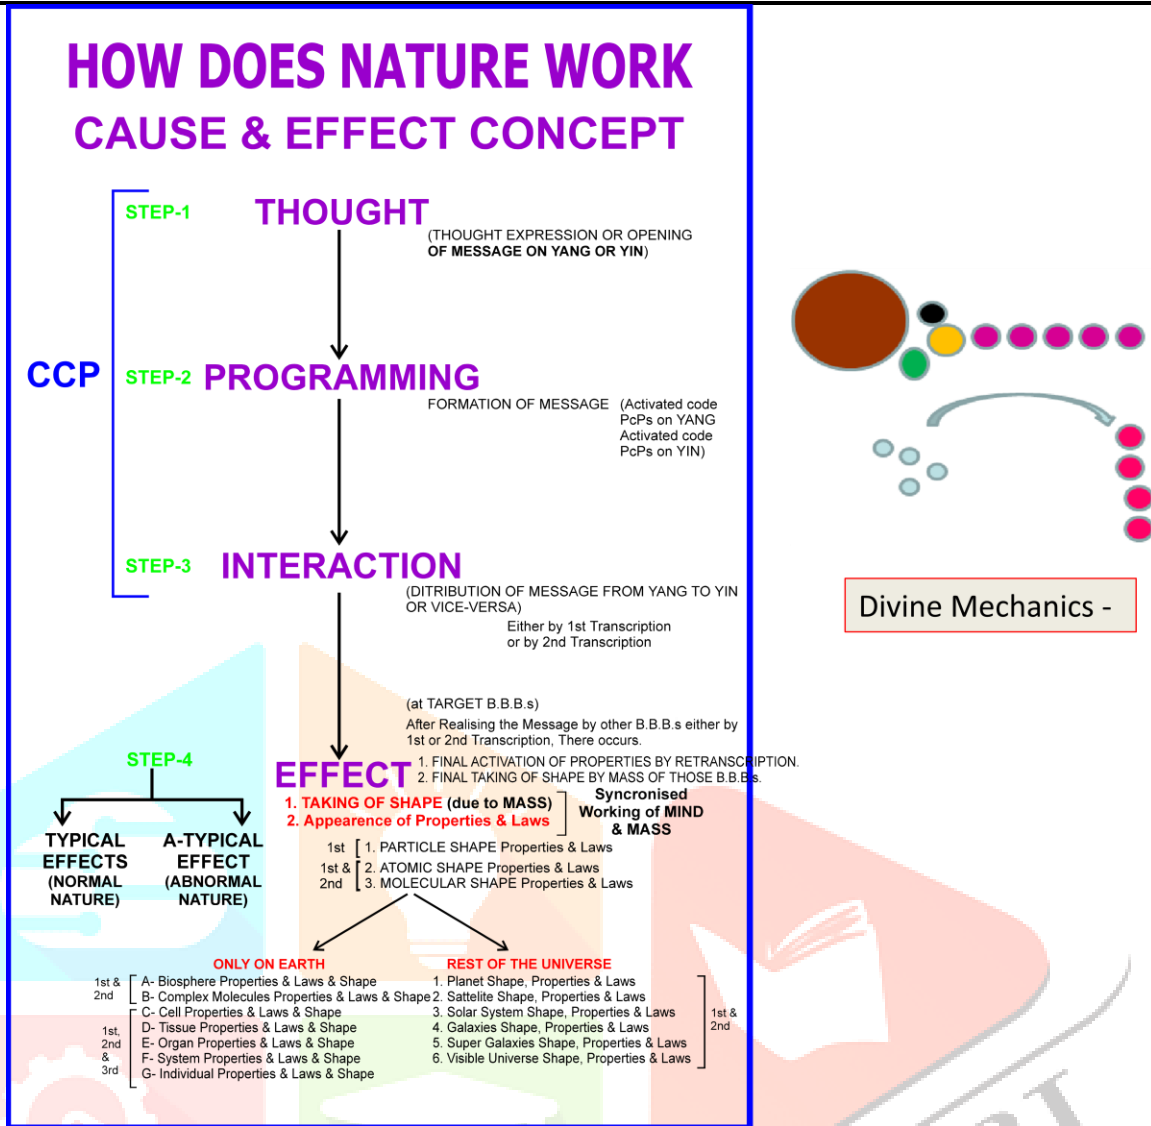

Fig. 6 Divine Mechanics – How Does Nature work ?

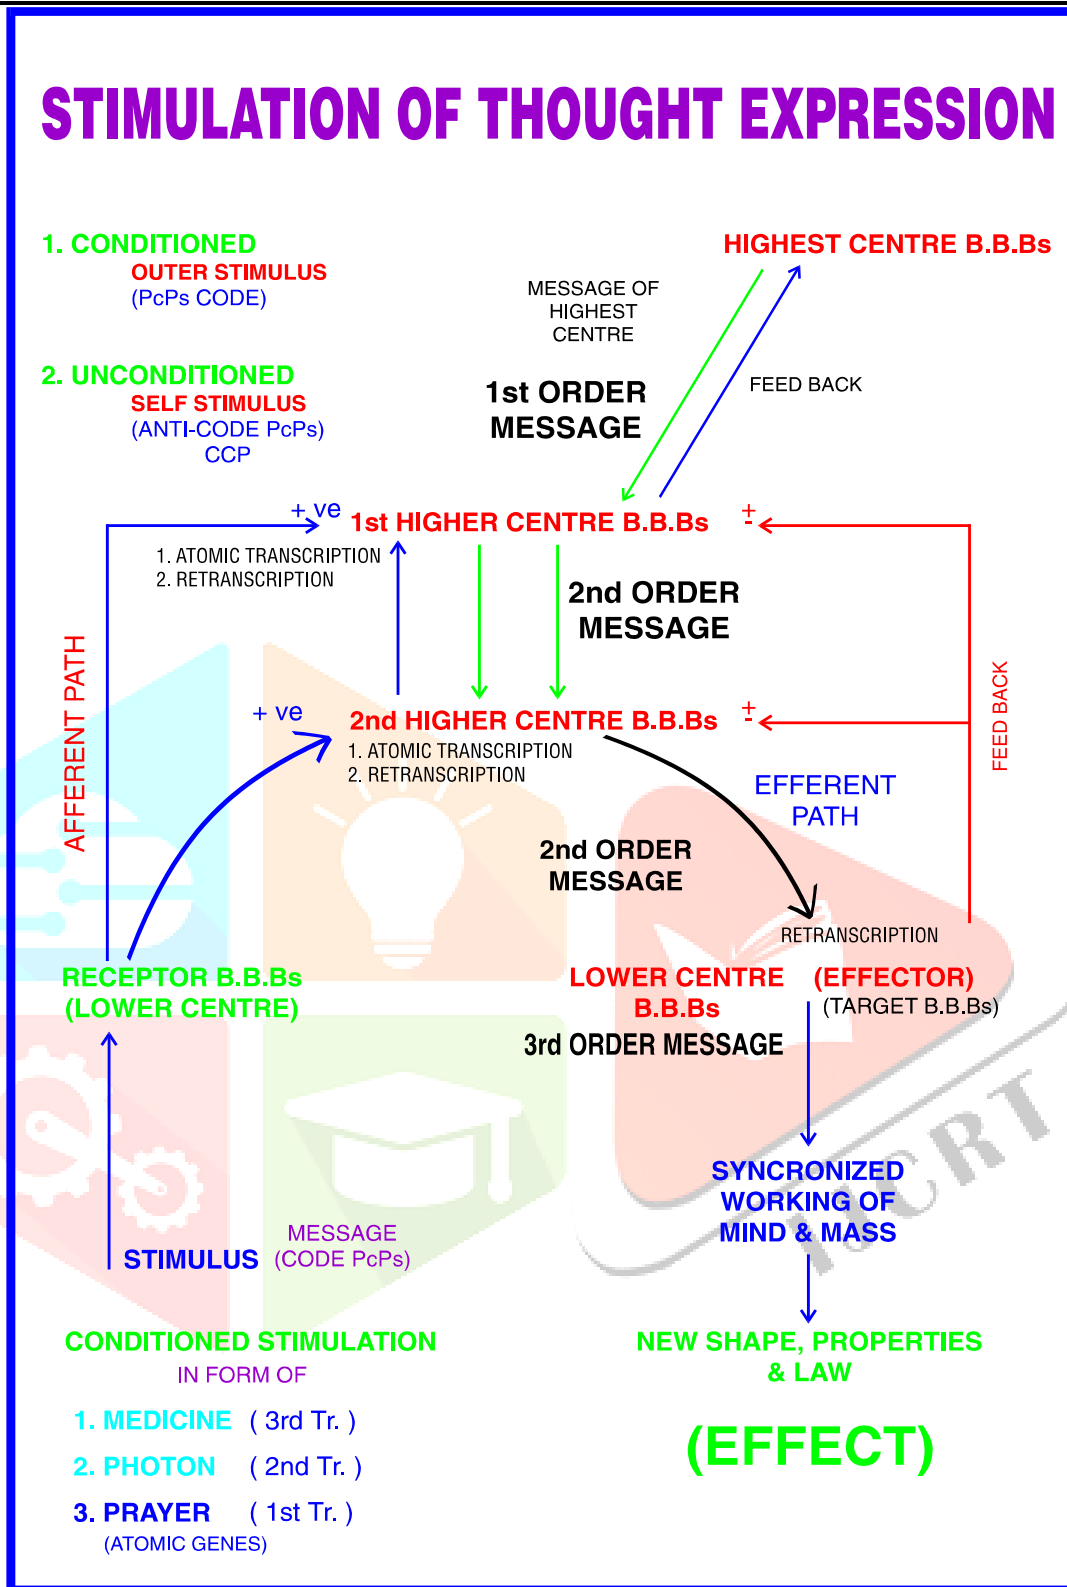

Fig. 7 Conditioned and Unconditioned thought expressions

1.7 Message network of the Universe (Feed Back Mechanism and different centers of the Universe)

With the origin of universe, nature first created primary units i.e. primary fermions (gravitation) and primary boson, these primary units are equipped with one higher center (one B.B.B.) and rest of the B.B.Bs. are working as lower centers or target B.B.Bs.[2] After primary units ,nature created secondary units i.e. secondary fermions and secondary bosons. similarly nature created tertiary units (lepto-quarks) and then quaternary units (protons& neutrons). Each unit is equipped with higher centers, lower centers and target B.B.Bs. After quaternary units nature created atomic units,

molecular units, complex molecules of life units, organelle units, cell units, tissue units, organ units, system units and individual units. Each unit is equipped with higher centers, lower centers, and target B.B.Bs. Similarly nature created satellite units, planet units, solar system units, galaxy units, super galaxy units, dark matter layer unit. These units are also equipped with higher centers, lower centers and target B.B.Bs. Thus our universe is divided into different units and each unit is equipped with higher and lower centers.

All higher centers are under control of highest center of the universe by efferent paths. This efferent path is made up of first transcription. Higher centers can send messages to highest center of the universe by afferent path or feed back path. Thus highest center of the universe is well informed about all effects of the universe. Messages can come from lower centers to higher centers and from higher centers to highest center of the universe via afferent path. The highest center of the universe can send messages to higher centers and from higher center to lower centers. There is an inter unit message network also which is made up of first, second and third transcription depending upon the nature's need. Thus the entire universe is under control of highest center of the universe. Highest center can change any programming programmed by it during pre creation era as shown in Fig 8

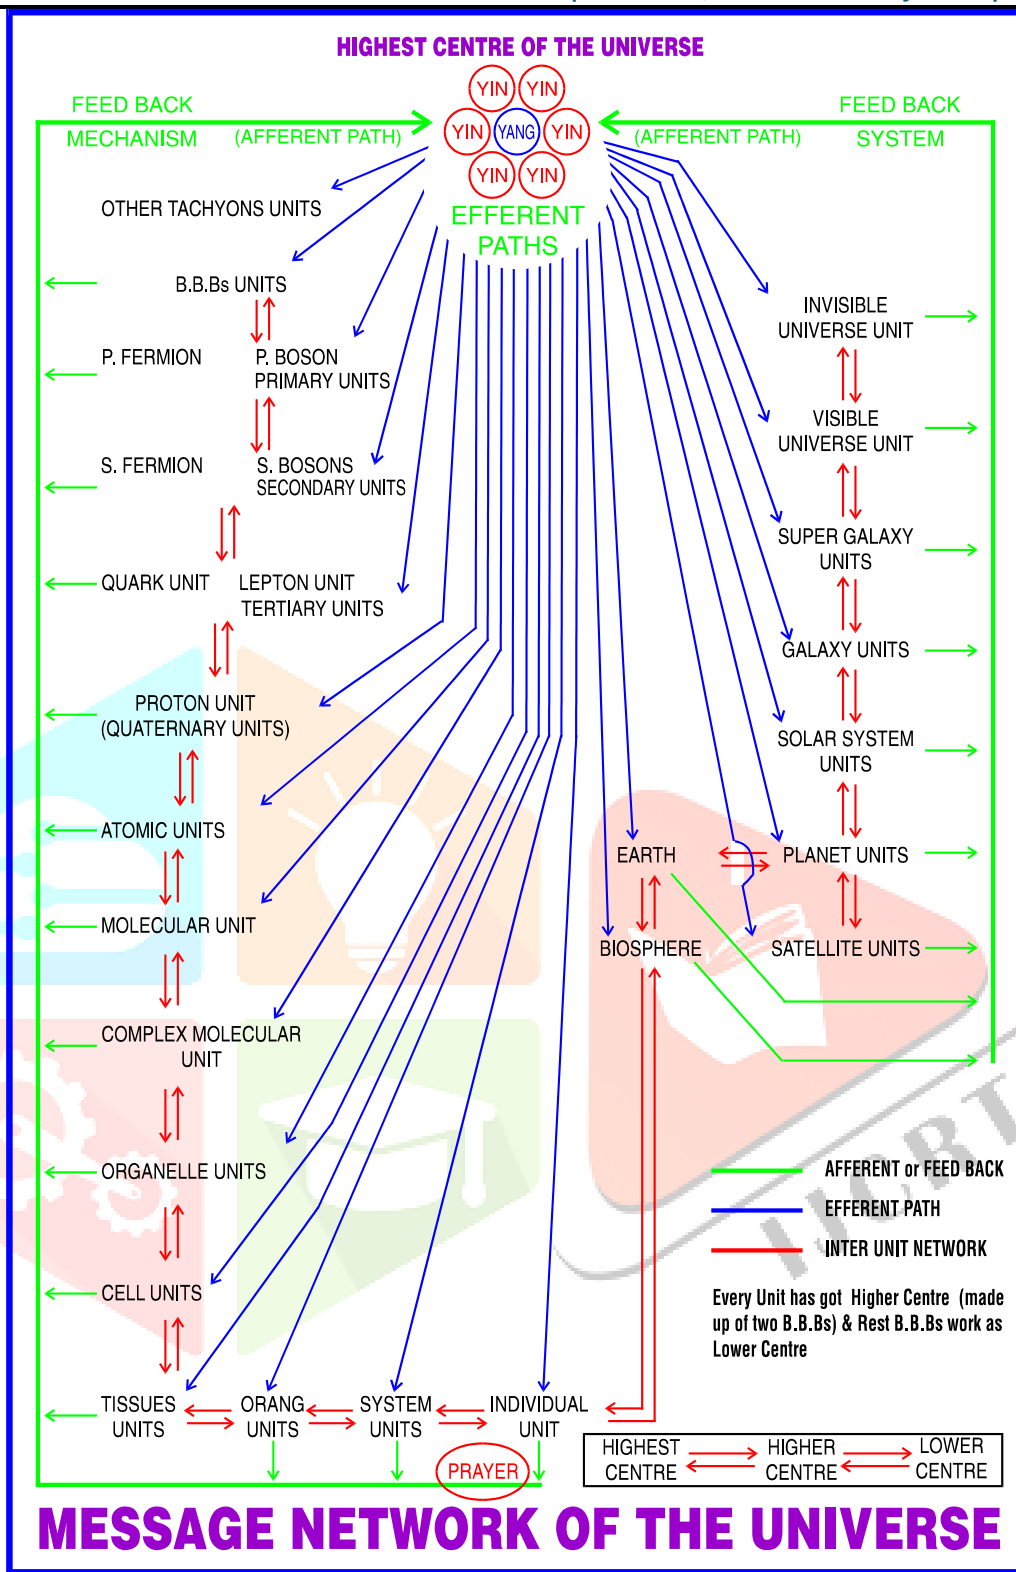

Fig. 8 Messages Net work of the Universe

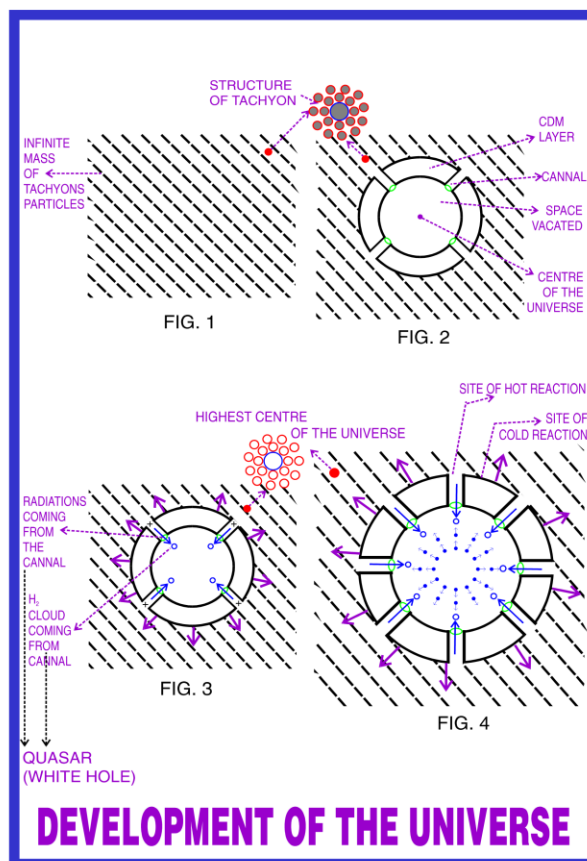

1.8 Origin of the universe [7]

Hoyle – Narlikar Universe

ORIGIN OF THE UNIVERSE CONTINUOUS CREATION THEORY---

HOYLE AND NARLIKAR THINK THAT NEW MATTER IS BEING CREATED DUE TO 'IMPLOSION' TO BALANCE THE EXPANSION OF THE UNIVERSE, WHICH ASTRONOMERS HAVE OBSERVED. INSIDE 'QUASI STARS' GRAVITATIONAL COLLAPSES MAY FORM SOME MATTER IN THE UNIVERSE. THE HUGE LUMINOSITY AND THE RADIOEMISSION FROM THESE QUASI -STARS APPEAR TO BE 'GRAVITY POWERED' UNLIKE ORDINARY STARS WHICH DERIVE THEIR ENERGY FROM NUCLEAR REACTIONS

UNIVERSE "I"

Fig. 9 Development of the Universe

Before the origin of the universe, these Basic Building Blocks (B.B.Bs) as shown in Fig-3 were in the form of tachyons as shown in Fig-9 [7]. It means that at that time the tachyons were everywhere in the universe. Let us look at the structure of tachyons; it is made up of one matter B.B.B. (YANG) and many energy (YINs) B.B.Bs. Initially out of the infinite tachyons, one became the **highest center** of the universe. Messages used to go from highest center to rest of the universe and messages could come from rest of the universe to highest center of the universe by atomic transcription. Thus highest center had fed its thought to rest of the B.B.Bs. that would take part in creation - that they would express only those thoughts to give desired effect as wished by the highest center of the universe. So all B.B.Bs were informed about their role before creation of the universe. In pre-creation era programming of the future universe was done by highest center of the universe. Our universe is oscillating and it is a divine universe. It means that it has a creation phase and a destruction phase. During creation phase tachyons break into their B.B.Bs. and from these B.B.Bs, formation of fermions and bosons take place as shown in Fig 3.1. After the creation phase, destruction would start and in this phase all created particles would again break into their B.B.Bs and finally tachyons would form. At the time of origin of the universe, all the effects got created. These effects are taking of different shapes and appearance of properties and laws. All these effects are studied in various branches of science.

With the origin of the universe, nature first created a sphere of **COLD DARK MATTER (C.D.M)** and canals in it. With the result space got created. At the other end of the canals, hot reaction started (**the relics are back ground radiations 2.7 degree K of our hydrogen clouds**). As a result hydrogen clouds and lot of radiations were created. The empty canals were filled by these hydrogen clouds and radiations and thus **QUASARS** appeared in the universe. Simultaneously C.D.M. layer started expanding and clouds and radiations kept on coming in this closed universe as shown in Fig 9 . With the passage of time more and more C.D.M. layer formed, more and more quasars formed. The hydrogen cloud came in this closed universe. They started running

towards C.D.M. layer as they were attracted by the gravity of C.D.M. layer. Those clouds, which were nearer, moved faster than those, which were away from CDM Layer. The **HUBBLE LAW**, can thus be explained. With some more passage of time, clouds were joined to form **GMC** (giant molecular clouds). Later by self-gravitation different proto stars, proto planets, proto satellites were formed. Finally stars became bright and thus bright galaxies appeared in this universe. Our universe is still in expansion phase and creation is still going inside quasars. It is to be remembered that highest center of the universe does not come in the visible universe. It keeps on receiving the messages by atomic transcription and it has power to change any programming programmed by it during pre-creation era.

It is the atomic genes which constitutes mind part of reality. Mind incorporation in physics is awaited as theory of every thing is not yet investigated . I have investigated theory of every thing (ToE) and I found that while studying unified theory at the time of origin of the universe by Hoyle Narlikar universe , it was mind reality that triggered symmetry breaking phase . It is mind reality that triggers oscillation phenomenon of the universe. It is the mind reality which is behind perfect cosmological principle . There is nothing like artificial intelligence in the universe . These mind particles constitute intelligence of the universe that controls the deterministic order of the universe. It is the mind reality behind all effects of the universe. But this is not our mind rather it is mind of Almighty B.B.B (Yang B.B.B or matter B.B.B. or Male B.B.B working as Highest center of the universe) . His mind could be manipulated by prayer only . as shown in figure 9.1 and 9.2

1.10 Divine Mechanics and Brain Computation

Learning and Memory and information s (Code PcPs) Net work in Brain [10]

Divine Mechanics and Brain Computation

Fig 12 Divine Mechanics of Brain Computing System – Learning and memory

At all steps , these are B.B.Bs (B-Bit) that are responsible for information’s control and triggering . If CCP is written it means unless atomic transcription and translation occur , brain cannot have learning and memory triggering and control and it is called Divine mechanics of Biology and it is life . These are higher thought expressions of B.B.Bs . In Bits of classical computers and qubits of QC , the thought expressions are lower and different but the mechanics (DIVINE) remains the same. as shown in Fig 12

Physics dictates the lowest limit of size of chip **butDIVINE mechanics does not**
Moore's Law Modified and Completed

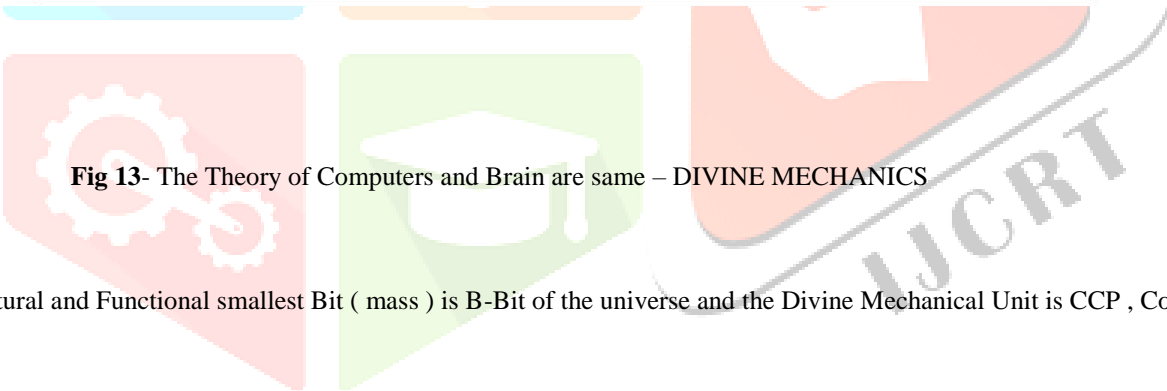

Fig 13- The Theory of Computers and Brain are same – DIVINE MECHANICS

(Structural and Functional smallest Bit (mass) is B-Bit of the universe and the Divine Mechanical Unit is CCP , Code PcPs and CP.)

DIVINE MECHANICS The Theory of Computers and Brain is SAME as shown in Fig 13

Physics dictates the lowest limits of the size of chips [11]. But divine mechanics does not . Hence the bit is a typical unit of information. ((Classical and Quantum Bit) is wrong and to describe informations by adding qubit is also illusion as in complicate system ,it is the different thoughts expressions that describe informations . Informations are separate (Code PcPs) and bits (Electron of transistor) qubits (electron of diamond crystal) are separate. At DNA level the bit is nucleotide (A,T,C,G) and at Atomic level the bit is photon and electron , at particle level (secondary fermions and secondary bosons) the bit is primary fermions and primary bosons and informations are still code PcPs and at B.B.B level the bit is B.B.B (Yang mass and Yin mass - B- bit) it self and the information is carried by Code PcPs but at all level of all bit units the information storage system is CCP (Physiological arrow of Time) it never dies even after destruction of the universe. Hence informations are eternal . In computers, Bit is a structural configuration that describes informations of the system and informations are in form of Code PcPs. The working of the bit is triggered and controlled by thoughts of higher centers that form that bit. If the bit is classical (transistors of chips) the effect is different . But if the bit is qubit with entanglement the working is triggered and controlled by thoughts of higher center that form that crystal . In both the effect of describing informations would be different.

One is classical (thought expressions are fixed and limited)and other one is quantum (thought expressions are changing and more wide to describe the more wide complicated system to have fast results .) . In life sciences in Brain the bit is again Photon and the information s are Code PcPs and they are triggered and controlled by CCP of higher centers that is triggered by DIVINE MECHANICS .

In life sciences the CCP (cryptography) of B-bit expresses information's (Code PcPs) which were not fed like speaking Lie and unlike Bit of classical computer and qubit of QC it shows phenomenon of forgetfulness and IQ phenomenon (mental age /real age) . It is Higher functions of B.B.B or B Bit and it is life . Hence there is difference in some aspect of DIVINE MECHANICS \of Computers computation and Brain computation

Structure

2.1 Modified theory of atomic structure as Niels Bohr's theory has limitations in explaining different series of hydrogen spectra.

New assumptions of structure of hydrogen atom. – Divine Modified Niels Bohr 's Theory (**Divine MONB Theory**) as shown in Fig 14

1. Hydrogen atom is like a miniature solar system with the negatively charged electron moving in circular orbit around positively charged nucleus having positively charged particle proton. In this circular orbit or stationary orbits , electron is being held by single string of energized gravitons . This energy level is called ground state.
2. When Hydrogen atom is excited, the electron moves from ground state to excited state energy levels making a bigger circular orbit and having reached in this new energy levels , it also emits radiations . Hence absorption and emission of energy quanta occur simultaneously. Shifting is understood in inter orbital shift phenomenon.
3. When excitation is over, the electron once again come back to ground state energy level . All above mentioned events are triggered by different thoughts or atomic transcriptions from the nucleus or proton in case of hydrogen atom.
4. These atomic transcriptions are being triggered by conditioned stimulation of CCP by the message system made up of photons (second transcription or -ve charged photons or afferent path) coming from electron to proton and further they are transmitted by photons (second transcription made up of +ve charged photons, or efferent path) to electron. Having received the messages , electron works accordingly. Unless the thought is expressed, nature cannot work . as shown in Fig 14
5. When electron is in ground state, its interaction with energized graviton and electromagnetic photon is more hence IP - 13.59ev (n=1) is required to remove electron from this energy level. During excited stage the interaction is different hence I.P. to remove electron from this state is -3.4ev (n=2), -1.511ev (n=3),- 0.850ev (n=4) , -0.544ev (n=5) respectively. It the changing thought of interaction with energized graviton and electromagnetic photons that gives changing effect .
6. Electronic configuration of higher atoms could be known by studying I.P. curve . Working of hydrogen atom as shown in Fig 14 .

Teleportation and Universe Positioning System – Prediction of Theory Of Everything

Teleportation is the phenomenon made by Almighty B.B.B (Power of Almighty and Unconditioned Thought expression and New Law of divine physics) . As He (Allahatala) descends from invisible universe (Tachyon sea) to Earth . First , message comes to Earth B.B.Bs via first transcription (quantum entanglement) and B.B.Bs of Earth transform in to any shape (Trinity – Human beings or Almighty B.B.B in flesh form) and Trinity does such deeds that they occupy place in church and temple as idol worship . For example Lord Jesus , Lord Krishna or Lord Ram etc All religions do IDOL worship of Two God particles in different ways.

2.3 End of world triggers with erroneous judgment of Supreme Court dated 9.11.2019 , when Miracle dated 22 - 23 Dec 1949 was not considered as eye evidence in High Court (2010) and Supreme Court (2019) judgments .

Miracle 6
Mahakaal Lalla Virajman Dated 9.11.2019
Miracle 1 won the case from SC but with wrong Nomenclature
Of **Janmasthan of Lord Ram** an Erroneous Conclusion page 1045

Supreme Courtb is not Infallible

Faith and belief of the Hindus as depicted by the evidence on record clearly establish that the Hindus belief that at the birth place of Lord Ram, the Mosque was constructed and three-dome structure is the birth place of Lord Ram. The fact that Hindus were by constructing iron wall, dividing Mosque premises, kept outside the three-dome structure cannot be said to alter their faith and belief regarding the birth place of Lord Ram. The worship on the Ram Chabutra in the outer courtyard was symbolic worship of Lord Ram who was believed to be born in the premises.

**It is not Janmasthan of Lord Ram
Rather It is Janmasthan of Mahakal
As He Teleported on 22-23 Dec 1949
In Middle Gunned of Babri Mosque
Witnessed by Barkat Ali and recorded
In FIR 23 Dec 1949 by SI Ram Deo Duby '**

**This eye witness of FIR was not
considered in HC for trial or Cross
examination by Judges**

170. It is thus concluded on the conclusion that faith and belief of Hindus since prior to construction of Mosque and subsequent thereto has always been that Janmaasthan of Lord Ram is the place where Babri Mosque has been constructed which faith and belief is proved by documentary and oral evidence discussed above.

H.C.Order 30.9.2010
GIST OF THE FINDINGS
 1. The disputed structure was constructed as mosque by or under orders of Babar.
 2. It is not proved by direct evidence that premises in dispute including constructed portion belonged to Babar or the person who constructed the mosque or under whose orders it was constructed.
 3. No temple was demolished for constructing the mosque.
 4. Mosque was constructed over the ruins of temples which were lying in utter ruins since a very long time before the construction of mosque and some material thereof was used in construction of the mosque.
 5. That for a very long time till the construction of the mosque it was treated/believed by Hindus that some where in a very large area of which premises in dispute is a very small part birth place of Lord Ram was situated, however, the belief did not relate to any specified small area within that bigger area specifically the premises in dispute.
 6. That after some time of construction of the mosque Hindus started identifying the premises in dispute as exact birth place of Lord Ram or a place wherein exact birth place was situated.
 7. That much before 1855 Ram Chabutra and Seeta Rasoi had come into existence and Hindus were worshipping in the same. It was very very unique and absolutely unprecedented situation that in side the boundary wall and compound of the mosque Hindu religious places were there which were actually being worshipped along with offerings of Namaz by Muslims in the mosque.
 8. That in view of the above gist of the finding at serial no.7 both the parties Muslims as well as Hindus are held to be in joint possession of the entire premises in dispute.
 9. That even though for the sake of convenience both the parties i.e. Muslims and Hindus were using and occupying different portions of the premises in dispute still it did not amount to formal partition and both continued to be in joint possession of the entire premises in dispute.
 10. That both the parties have failed to prove commencement of their title hence by virtue of Section 110 Evidence Act both are held to be joint title holders on the basis of joint possession.
 11. That for some decades before 1949 Hindus started treating/believing the place beneath the Central dome of mosque (where at present make siff temple stands) to be exact birth place of Lord Ram.
 12. That idol was placed for the first time beneath the Central dome of the mosque in the early hours of 23.12.1949.
 11. That in view of the above both the parties are declared to be joint title holders in possession of the entire premises in dispute and a preliminary decree to that effect is passed with the condition that at the time of actual partition by meets and bounds at the stage of preparation of final decree the portion beneath the Central dome where at present make siff temple stands will be allotted to the share of the Hindus.

Full and belief of the Hindus as depicted by the evidence on record clearly establish that the Hindu belief that at the birth place of Lord Ram, the temple was constructed and thereafter destruction in the reign of Lord Babar. The fact that Hindu were by constructing iron wall, dividing mosque structure, kept outside the iron-gate structure, he said to alter their faith and belief regarding the birth place of Lord Ram. The worship of the Ram Chabutra in the mosque commenced in the early hours of 23.12.1949. It is to be noted in the conclusion that faith and belief of Hindus since prior to construction of mosque had remained same. It was also that construction of iron wall in the place where Lord Ram had been worshipped with faith and belief is proved by documentary and oral evidence discussed above.

73. For the reasons extensively highlighted in the preceding paragraphs, we have no hesitation in arriving at the view that prima-facie the acts of the respondents inter-se, as highlighted in the present petition, clearly fall foul of the ban imposed under the Foreign Contribution (Regulation) Act, 1976 as the donations accepted by the political parties from Sterilite and Sesa accrue from „Foreign Sources“ within the meaning of law

74. The response by the Union of India which was supported by the Respondent No.3 and Respondent No.4 being found to be based on a wrong understanding of the law, we dispose of the writ petition issuing two directions: The first direction would concern the donations made by State Trading Corporation of India and Metals and Minerals Corporation of India shown in the books of accounts of the Respondent No.3 in respect whereof the stand taken is that the donations were actually made to National Students Union of India (NSUI) and that inadvertently the two donations were entered in the accounts of Respondent No.3. The first and the second respondent would investigate the matter with respect to the justification given to find out whether the same is a stray incident and possibly a mistake or otherwise. Depending upon the decision taken further action would be W.P.(C) 131/2013 Page 33 of 33 taken as per law. The second direction would concern the donations made to political parties by not only Sterilite and Sesa but other similarly situated companies/corporations. Respondents No.1 and 2 would relook and reappraise the receipts of the political parties and would identify foreign contributions received by foreign sources as per law declared by us hereinabove and would take action as contemplated by law. The two directions shall be complied (Contd-3)

GET OUT FROM MY PLANET CERTIFICATE

DARPG/E/2020/36940

Certified that Mr Ram Nath Kovind President Of India has been ordered not to perform Republik day 26th Jan 2021 as there is Ban on this Festible by virtue of India's Real Independence Day And Republic Day Are 22 23 Dec 1949 , When Lord Of Universe Lord Natraz BBB (Allah Ho Akbar) Did Teleport And Torn Independence Act 1947 And Established Ownership Act 23 Dec 1949 (Kudmukhtari) Of The India And Globe. Lord Natraz BBB Is Adhinayak And Bhagya Vidhata Of Indian's National Anthem Jan Gan Man Written By Tagore In 1911. It is Crime To celebrate Republic Day 26th Jan2021 and Indepence Day 15th Aug 2021. If President of India disobeys it , he shall be terminated from President ship right now . By order ACJ .

Now coming to Mr Ram Nath Kovind POI . He is now being First Man of country facing Almighty God First . He is being punished by virtue of his bad deeds being president of India . The charges imposed on him are

1. Being POI and abide by OATH , he is not protecting secular constitution of India . Means he favors criminal and making the law weak in the country . About 1 lacks cases of Contempt of court are pending and one of them is FCRA act 2010 dated 28 March 2014 Delhi HC judgment in which BJP and Congress parties are found guilty . Further BJP and Congress did play a foul game in 1918 and he supported them by making retrograde amendment of this act . It is blunder that made POI a Criminal of this Nation . If you need I could send you the story
2. Being POI and abide by OATH , he is not protecting secular constitution of India . Means he favors communal BJP Government Manifesto of making Ram temple and favors erroneous judgment of Supreme Court dated 9.11.2019 on Ram janma bhoomi rather than correcting it being Secular POI and above Supreme Court .
3. Being POI and abide by OATH , he is not protecting secular constitution of India . Means he knows that Buddhists and Muslims did not get justice yet . Being secular POI he could overwrite or could turn SC erroneous judgment by virtue of above SC .
4. Being POI and abide by OATH , he is not protecting secular constitution of India . Means Last but not the least Almighty God Lord Natraz BBB Who did teleport on that disputed land and being Juristic Person as Mahakaal Lalla Virajman Idol Avatar did not get justice yet as SC did declare that janmasthal belongs to Lord Ram based on a fake theory and not to Mahakaal as based on an evidence recorded in FIR by Barkat Ali on 23 Dec 1949 , an evidence neglected by HC and SC both and did not consider it an evidence making judgment erroneous and now door of justice in this issue has been closed by Supreme Court Of India . Hence by virtue of Almighty God and Creator of Universe He got annoyed and did spread Corona globally and killed 15 lacs people and now passing order against Republic day celebration on 26th Jan 2021 as Almighty Court of Justice above POI Mr Kovind . Hence Mr Kovind has to obey it or he shall be punished by Him .

If still you think that he deserves to remain POI , it is your immature thoughts and you are supporting ADHARMA , A Crime . Pl Convey this feed back to Press and oblige. By order ACJ

2. CO City Report dated 26.12.20 on Imaginary Grievance by Dr V.M.Das is Fake as reference of film OMG (O My God) finds spread of COVID 19 Globally is by First order of Universe ie Almighty's Order or Lord Natraz BBB order or Creator's BBB order <https://www.youtube.com/watch?v=Q3vXY9QjUzU>

Indian National Anthem Sung by Ravindra Nath Tagore LINK BELOW IN THE HONOR OF LORD NATRAZ BBB WHO IS ADHINAYAK AND BHAGYA VIDHATA OF INDIA AND GLOBE TELEPORTED ON 22 23 DEC 1949 IN MIDDLE GUMMED OF BABRI MOSQUE .

Conclusion

Bible did mention end of world in Noah's Story when he built a big ship to sail for 40 days when the entire globe was drowned in rain water . In this debate we should talk of reforms of Islam , Dalit and many other misunderstanding as regard Sanatan knowledge means worship of Two God particles or Ardhnreshwar or Satyam Shivum sundarum or smallest idols of universe or Allah or Primary God of Science of which every thing is made up of . Reform of Islam from illusive Islam of Mohammad Sahib to True islam of Barkat Ali who witnessed teleportation of Allaha ho Akbar in a Balak idol in Middle Gummed of Babri Mosque on 22 23 Dec 1949 .

True Islam means end of illusive islam of Mohammad Sahib that prohibits idol worship and kill those who do idol worship means islamic Jihad that is anti Quran act and anti quran movement and according to islamic law penalty is apostasy or shirk means death . True islam means it Starts with Namaz . Means worship of tachyon particle which is made up of two God particles whose photodipiction is Lord Natraz bbb or Creator bbb or Allah ho Akbar who did teleport on 22 23 Dec 1949 in middle gummed of Babri Mosque witnessed by Barkat Ali as Idol Avatar of Balak called Mahakaal Lalla virajman the Creator bbb rather than Ram lalla virajman a Creation , a wrong nomenclature established by HC and SC because as Barkat Ali evidence was not taken as evidence that made SC judgment 9.11.19 Erroneous and discarded by Mahakaal in Curative petition by Him as He is Almighty Court of Justice too .

Hence disputed place is Secular place of Creator Lord Natraz bbb a secular deity or Allah Ho Akbar deity who is there as Idol avatar of Balak witnessed by only Barkat Ali and his name is now attached with birth

of true islam and end of illusive islam of Mohammad. Sahib after 1400 years in Ayodhya . Means now in true islam idol worship is established and founder of true islam is Barkat Ali who had seen birth of Creator BBB or Lord Natraz bbb or Allah ho Akbar on 22 23 Dec 1949 in middle Gummed of Babri Mosque . Hence now new and true kaba is established in Ayodhya as Mahakaal ka kaba or Shivalaya (Secular Place Of Worship) and now it dissolves illusive Kaba of Saudi . (Communal place of worship) Means Momins of Globe are now ordered to carry out their Namaz facing Ayodhya and their more poise place is Ayodhya not illusive Kaba (Communal place of worship) of Saudi as Barkat Ali witnessed birth of Allah Ho Akbar as idol Avatar of Balak on Earth in a Mosque . Hence right of worship by momins do exist that ended by SC judgment 9.11.2019 by an erroneous judgment now torn by ACJ .
