Abstract Almighty God Lord Natraz BBB or Allah Hu Akbar who teleported on 22 23 Dec 1949 in middle gumm of Babri Mosque as Balak Idol Avatar which is also His birth place and title suit requires to be celebrated each year as His Birth day by all momins of Globe is need of time as Creator's Birth day . No doubt Quran is words of Allah but all words are not true . Hence few ayates that prohibit idol worship and kill those who do idol worship or support Islamic Jihad globally have been modified by Allah who wrote them . Means errors in Quran are corrected by Allah by telling secrets of Quran ie " Every thing is Allah , Every Book is Quran and All worships are Allah's worship " [12] . Both Adharma of Illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad and Dharma ie Namaz , reading Quran in madarsas , Haj, Roza and Jakat that are related with idol worship of Allah could not go together [12] . Either all momins leave illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship and adopt True Islam by putting idol of Lord Natraz bbb in All mosques of world and know science of prayer and know Allah in the light of science [12] or leave offering Namaz , avoid going Mosque or Haj or reading Quran or having Roza or giving Zakat as all these 5 rituals are related with Budparasti or idol worship which is banned in 57 Islamic countries (OIC) .

Supreme Court dismisses Waseem Rizvi's PIL seeking to delete 24 verses of Quran

NEW DELHI: The Supreme Court on Monday dismissed a plea that sought to scrap 24 verses from the Muslim holy book of the Quran. Calling the plea "absolutely frivolous", the court slapped Rs 50,000 fine on the petitioner Waseem Rizvi, who is former chief of Uttar Pradesh Shia Central Waqf Board.

The Supreme Court at the outset asked Rizvi whether he is serious about the petition and wants to press for a hearing. As his lawyer insists to argue the case, the court after a brief hearing dismisses the petition with cost. Rizvi had recently moved the apex court seeking to remove 26 verses from the Quran which he stated are used as "justifications" by Islamist terrorist groups for attacks on non-believers/civilians.

Rizvi's petition was heavily criticized by the members of the Muslim community who had also staged several protests against his plea in March.

In his petition, Rizvi had claimed that certain verses pose a serious threat to the sovereignty, unity and integrity of the country and should be declared unconstitutional, non-effective and non-functional.

Rizvi had further prayed that a committee of religious experts is appointed to get the opinion on the subject matter of the petition in the larger public interest.

Rizvi also sought that the government be directed to declare its policy on the subject/issue white paper or pass appropriate legislation if the court deems it fit.

Physics of Mind

Quantum Consciousness – According to Physicists and Biologist

The nature of consciousness remains deeply mysterious and profoundly important, with existential, medical and spiritual implication. We know what it is like to *be* conscious – to have awareness, a conscious ‘mind’, but who, or what, are ‘we’ who know such things? How is the subjective nature of phenomenal experience – our ‘inner life’ - to be explained in scientific terms? What consciousness actually *is*, and how it comes about remain unknown. The general assumption in modern science and philosophy - the ‘standard model’ - is that consciousness emerges from complex computation among brain neurons, computation whose currency is seen as neuronal firings (‘spikes’) and synaptic transmissions, equated with binary ‘bits’ in digital computing. Consciousness is presumed to ‘emerge’ from complex neuronal computation, and to have arisen during biological evolution as an adaptation of living systems, extrinsic to the makeup of the universe. On the other hand, spiritual and contemplative traditions, and some scientists and philosophers consider consciousness to be intrinsic, ‘woven into the fabric of the universe’. In these views, conscious precursors and Platonic forms preceded biology, existing all along in the fine scale structure of reality.

My research involves a theory of consciousness which can bridge these two approaches, a theory developed over the past 20 years with eminent British physicist Sir Roger Penrose. Called ‘orchestrated objective reduction’ (‘Orch OR’), it suggests consciousness arises from quantum vibrations in protein polymers called microtubules inside the brain’s neurons, vibrations which interfere, ‘collapse’ and resonate across scale, control neuronal firings, generate consciousness, and connect ultimately to ‘deeper order’ ripples in spacetime geometry. Consciousness is more like music than computation.

Colleagues Travis Craddock and Jack Tuszyński and I also study how anesthetics act in microtubules to erase consciousness, and with Jay Sanguinetti, John JB Allen and Sterling Cooley, we are studying how transcranial ultrasound (TUS) can be used noninvasively to

resonate brain microtubules and treat mental, cognitive and neurological disorders. Many thanks to my assistant Abi Behar-Montefiore and Ed Xia for maintaining this website.

1.2 Mind and Mass Realities [2]

Fig. 1 Divine Mechanics Unit – CCP, CP and information s – Code PcPs with B-Bit – Mass

Atomic genetics is the branch of science where we investigate about fundamental interactions of the universe i.e. atomic transcription and translations . New words have been coined to understand hidden science of mind part of reality. Mind reality has been recognized as different faces by “I” about 5000 years back to Arjuna in Mahabharata.as shown in Fig 1. It is just like to understand any language through Alphabets. These are (different faces) Alphabets of mind reality. One Mind reality has one face identity and the second mind reality has second face identity and so on. The facial expression represents phenomenon of intelligence and different faces represent different types of properties carrying property. The open eyes means property is activated while close eye means property is inactivated. In spite of carrying properties conscious ness they also know how to conduct not only origin of universe but also how to create two different universe i.e. next creation could be different from this creation . In all, it is automatic system of the universe . The mind realities which are of good properties have devtas face identity (first five faces on both side) and those mind realities which are of bad properties have demons face identity (last four faces on both side) . These are named as code PCPs or messenger atomic genes . The central face is CCP or Thought script where all thoughts of the universe are banked . It is bank of data of all information s of the universe It is face identity of Anti mind particles as data of all information’s of the universe are stored as anti mind particles . It is the Time mind ness (biological clock) that keeps on expressing different thoughts from this thought script (CCP) . There are four more faces (black bodies) shown on extreme left and right floating in fire are CPs (translating Atomic genes) . That translates the messages and realizes it and reacts accordingly.[2]

Participatory science has coined [5] some new words and there are some words which already exist in physics. Both these words are defined here and the definitions are according to participatory science. It has no relation with the definitions given in modern physics.

1. Mass - The part which gives shape to the smallest mass unit i.e. basics building blocks (B. B. Bs.) is called mass.
2. Matter :-Mixture of fermions and bosons or only bosons which are made up of mass (B.B.Bs) and that is why we realize their shape is called matter.
3. Inertial mass :-Mass (smallest mass units i.e. B. B. Bs) having inertial properties (classical inertia) either absolute rest or uniform motion in straight line is called inertial mass. Or Number of B. B. Bs. Per unit space present in bigger units is called inertial mass. Or Total matter contained by the bigger units or total number of fermions and bosons contained by the bigger units is called inertial mass. Therefore it never changes from place to place.
4. Gravitational mass :- The mass (interacting surfaces) which takes part in gravity (divine energized gravitons theory) interaction (which is due to mind) is called gravitational mass. When gravity interaction increases (number of divine energized gravitons increases) the interacting mass (interacting surface) also increases or when interacting (interacting surfaces) increases, gravity interaction (number of divine energized gravitons) also increases. Therefore gravitational mass (interacting mass or surfaces) changes from place to place. It is the fed mind that decides gravity interaction. We shall discuss it in gravity chapter and in atomic genetics.
5. Pure m (matter) mass :-matter mass (smallest mass unit or B.B.B) which have got inertial property of absolute rest.
6. Energy mass:-Energy mass (smallest energy mass unit B.B.B) which have got inertial property of uniform motion in straight line and which also gives shape to the bigger energy mass (Higgs Bosons etc) units.
7. m (impure matter) of $E=mc^2$:-Matter particles (fermions) which have got spin property are called impure matter particles.

1.4 Prayer message formation in brain.

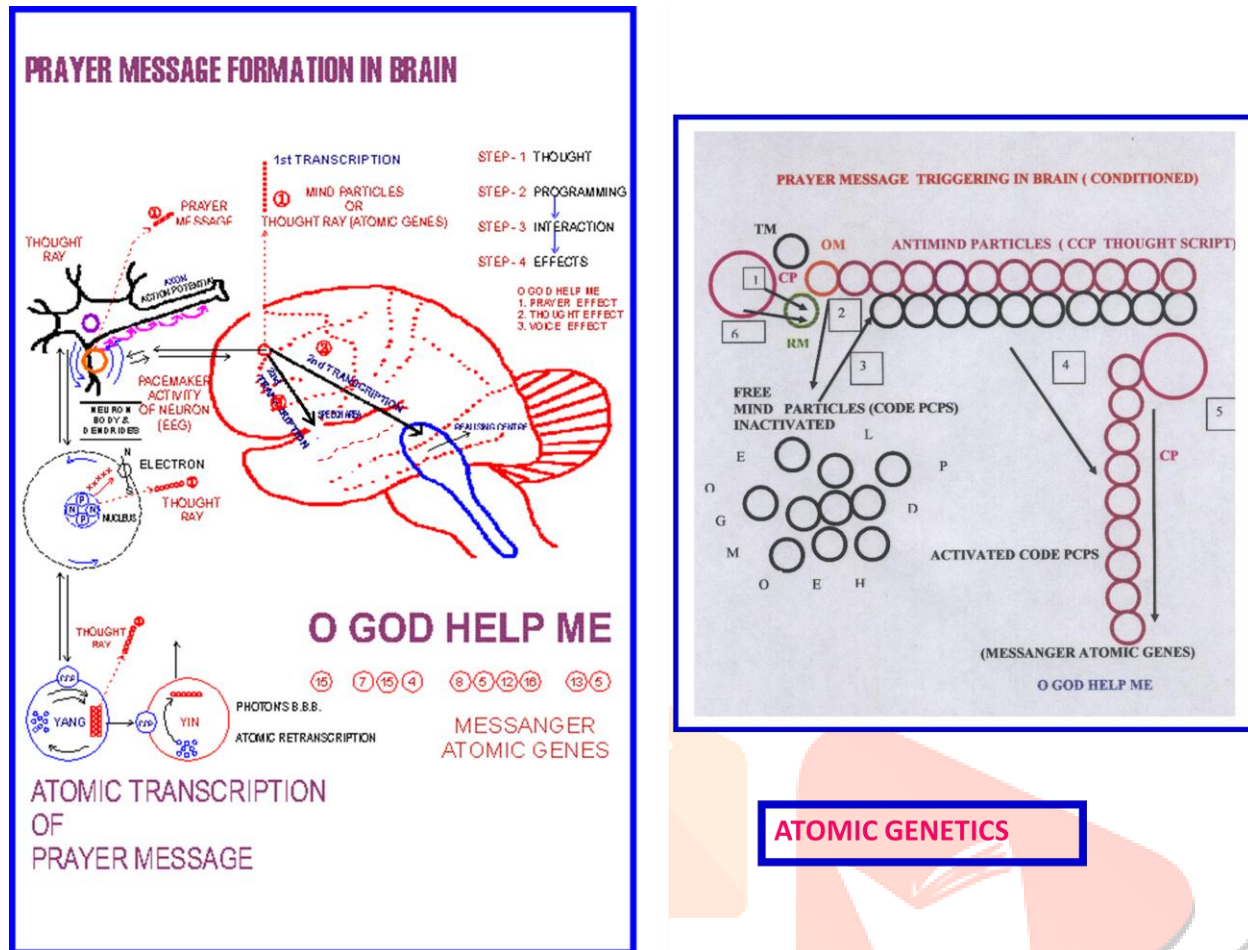

Fig 4 Divine Mechanics - Prayer message formation in brain

In atomic transcription and translation of prayer [5], following steps take place on Yang B.B.B – B-Bit as shown in Figure 4.

1. CP removes RM (repressor mindness-green) from OM (operating mindness -orange) thus induction of atomic transcription triggers.
2. OM triggers activation of free mind particles (black -inactivated code PCPs) of that thought script (magenta) of “o god help me ”.
3. Free mind particles (black -inactivated code PCPs) get attached to anti mind particles script (magenta one) to form messenger thought script of “o god help me ”.
4. Messenger atomic genes (black) get activated by anti mind particles thought script and further they get detached from anti mind particles thought script to form activated messenger atomic genes (activated code PCPs) (magenta) of “ o god help me ”
5. CP carries phenomenon of splicing by translating the messenger activated atomic genes (activated code PcPs) and finally there is activated message of “ o god help me” is formed .
6. CP represses atomic transcription by adding RM (green) to OM (orange) . Thus atomic transcription gets halt.

Having formed the message it comes out in three forms .

In atomic genetic engineering (prayer) we use our basic power i.e. power of B.B.Bs. Our B.B.B. (higher center) talks with highest center of the universe by sending the message by first transcription. Till today nobody knows how does the brain generate thoughts. I am going to tell you that mystery too. In the frontal lobe the neurons are responsible for thought generation. In the neuron there is electrical activity called pacemaker activity which is occurring between dendrites and the body of the neuron. The membrane of the cell is made up of atoms and atom is made up of B.B.Bs. At the level of B.B.B. say thought of 'O GOD HELP ME' is expressed. As

a result programmed messages of O GOD HELP ME (code PCPs) are formed. Out of three programmed messages, one is carried by atomic genes to highest center of the universe. It is called **THOUGHT RAY (Quantum entanglement)** which is made up of pure atomic genes and then the message goes through phenomenon called first transcription. They come out from brain directly. The other two messages are carried by photons from nucleus of atom to electrons. Here they are modulated on electrical activity of the cell called pacemaker activity. Further they are modulated on actions potentials going towards **REALIZING CENTER** situated in brain stem (RAS) and from RAS to speech area situated in the frontal area. Target B.B.Bs. of the realizing center finally realizes thought effect of O GOD HELP ME. While from speech area message goes to motor cortex again via RAS and from there to vocal cords and finally it comes out as a speech effect of O GOD HELP ME. In layman's terminology formation of the thought ray means PRAYER as shown in Fig 4

Where Does Prayer Message go ?

Prayer message goes as shown in Figure 5 to highest center of the universe via first transcription where it is realized and it is accepted, the highest center sends two messages to B.B.Bs working as higher center in cancer cell. These messages are message of inhibition of abnormal thought expression and message of activation of normal thought expression. Having received the messages, higher center stops expressing the abnormal thoughts and it starts expressing the normal thoughts. As a result, there are no more abnormal programmed messages and in place of that normal programmed messages are there. Now the messages have shifted from abnormal (5 and 6) to normal (2 and 3). This shifting of thought expression is called **ATOMIC GENETIC ENGINEERING** as shown in **Figure 4.1**

The changed messages reach to target B.B.Bs. through same route. Having received the changed messages, target B.B.Bs. stop expressing the previous programming and they start expressing the normal programming. As a result the cancer cells transmutate into normal cells. **Or diseased cell gets cured [6]** as shown in **Fig 4.1**

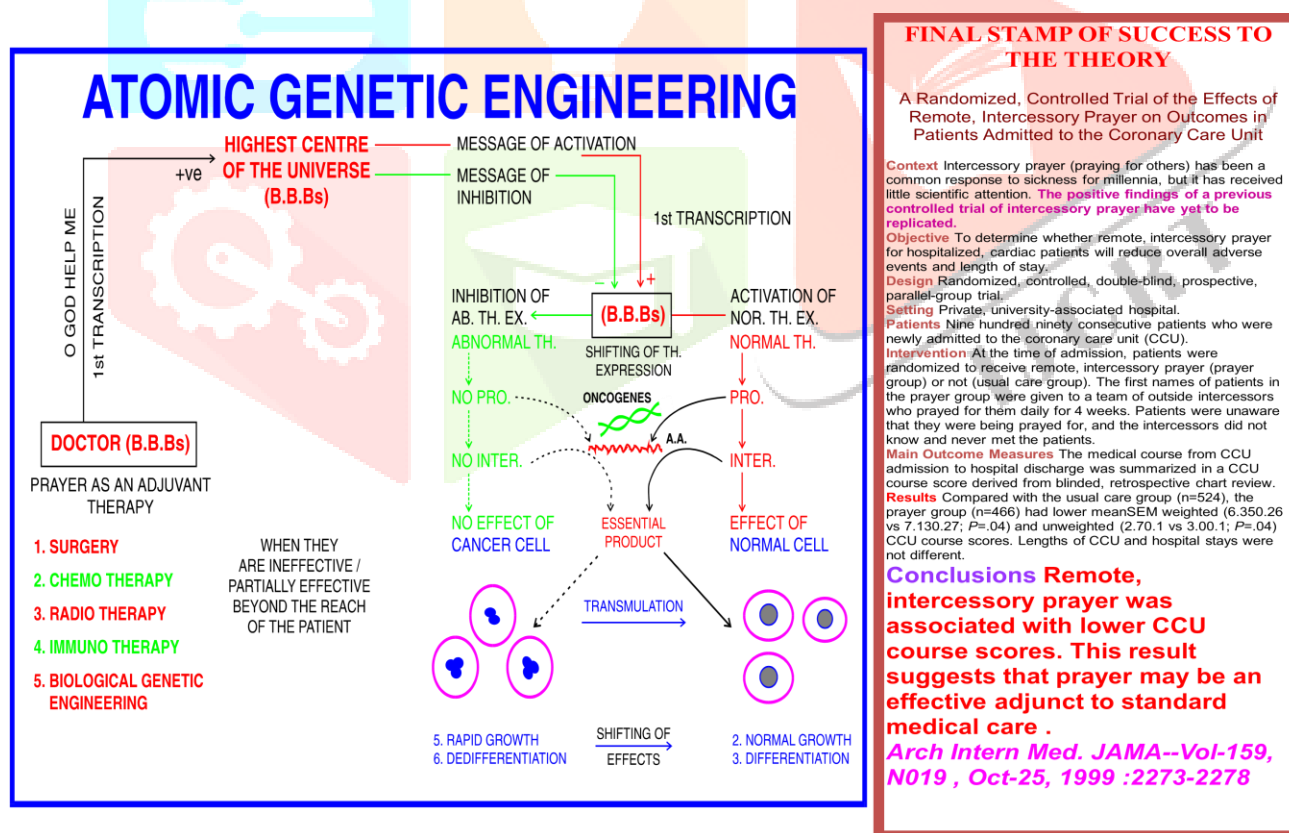

Fig 4.1 A.G.E and Final stamp of success to New Theory[6]

1.5 Message system of the Universe

Before the origin of the universe [2] nature had only one type of message systems which is called FIRST TRANSCRIPTION. Messages (Code PcPs) used to go from one B.B.B. to another B.B.B. by atomic transcription. Messages were carried by atomic genes (Code PcPs) with very very high velocity. It is the fundamental message system.

After the origin of the universe, nature created atoms. It also created one more message system called SECOND TRANSCRIPTION. Here the message (code PcPs) are carried by photons from one atom to another atom with velocity of light. Thus atoms ,molecules, cells, and even individuals talk with one another

After the formation of the cell , nature created one more system called THIRD TRANSCRIPTION .Here there is a message storage system formed by DNA. There are messenger molecules called mRNA that carry message from DNA script to cytoplasm where the message (code PCPs) is read or translated by ribosome and they work accordingly. Thus the messages reach to enzymes and hormones and finally messages reach to target units. Having received the messages, target units work accordingly. Finally life effects (metabolic) are observed.

These three types of message systems are working in the nature. These message system are being used by the nature according to nature's need. as shown in Fig 5

MESSAGE SYSTEMS OF THE UNIVERSE

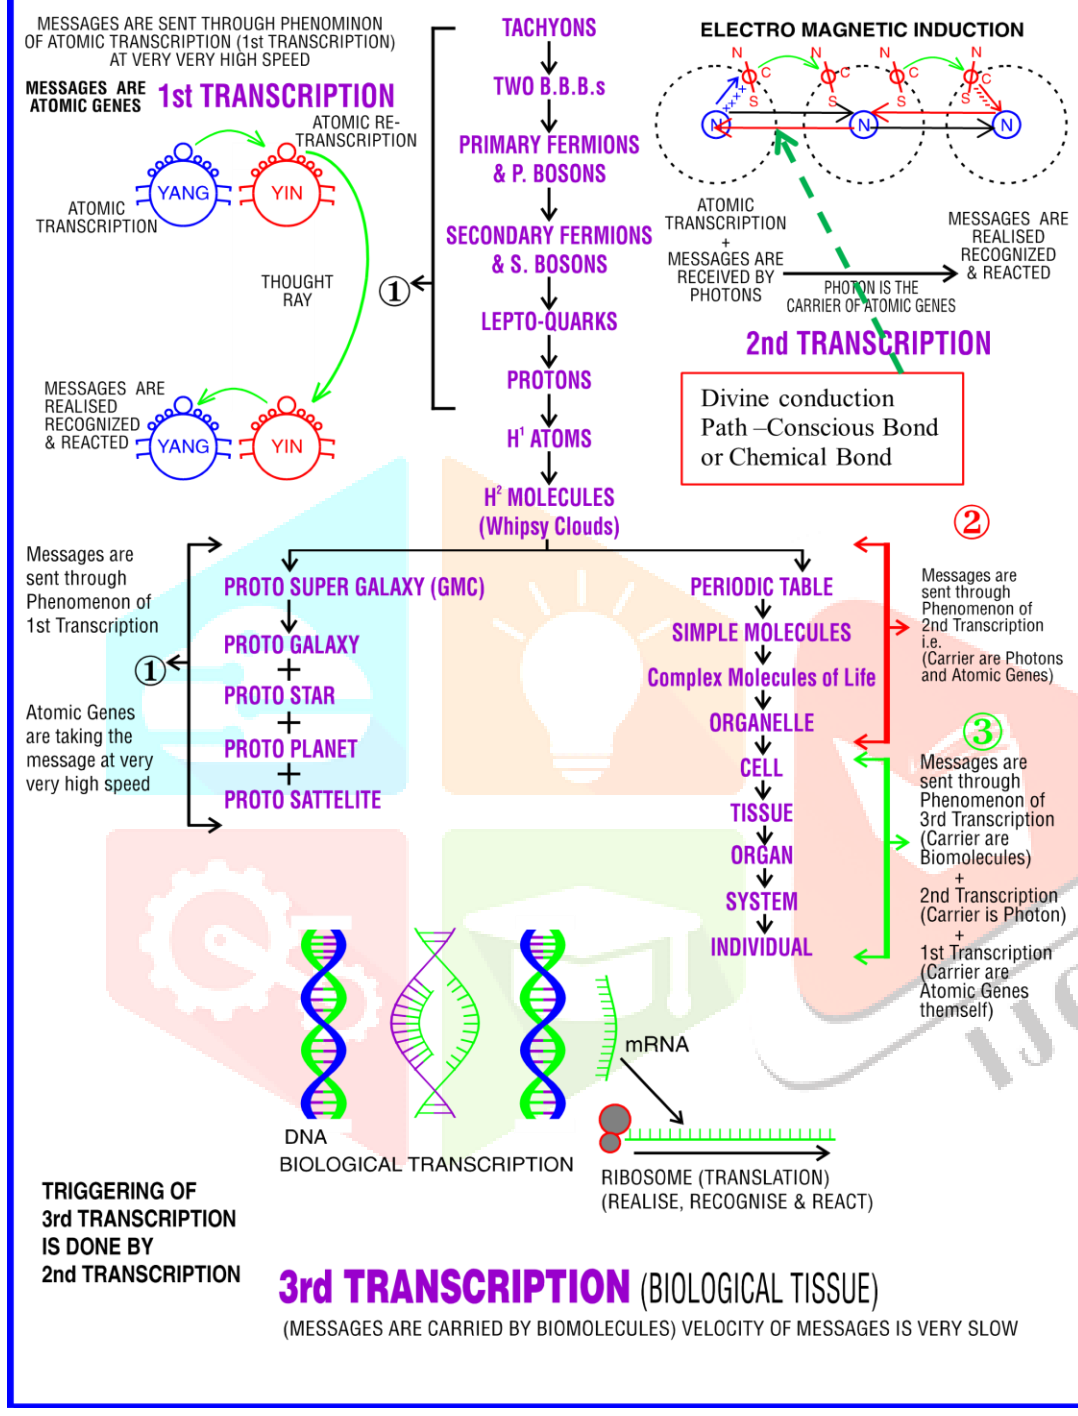

Fig. 5 Messages system of the universe

1.6 How does nature work & triggering of normal & abnormal effects

To understand creation physics as shown in Fig 6 and Fig 7. . There are two types of thought stimulation [2] . One is **CONDITIONED THOUGHT STIMULATION** and other one is **UNCONDITIONED THOUGHT STIMULATION**.

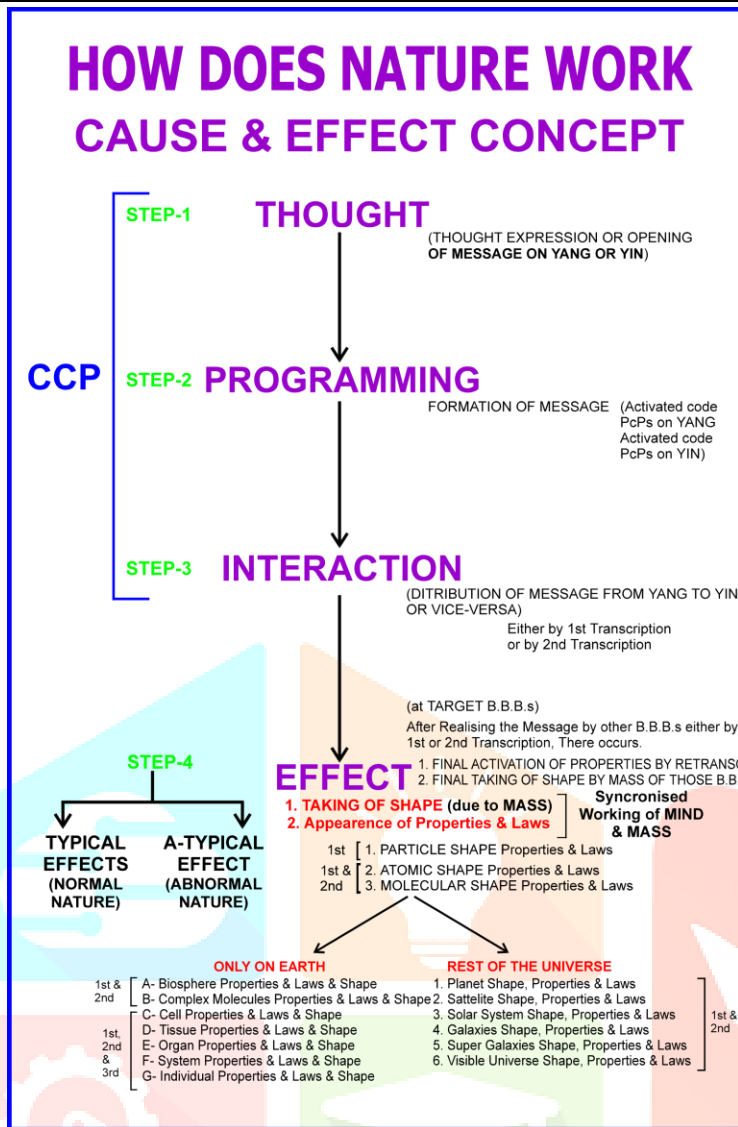

STIMULATION OF THOUGHT EXPRESSION --- There are two types of thought expressions one is **CONDITIONED STIMULATION** of thought expression, and other one is self stimulation of thoughts i.e. **UNCONDITIONED STIMULATION** of thought expression .

At the time of the origin of the universe, all effects got created. The cause of all effects of the universe is **THOUGHT** expression. These thought expressions were triggered by **UNCONDITIONED OR SELF STIMULATED WAY** . It is the first step and it is followed by **PROGRAMMING** or formation of programmed messages by code PCPs. This programmed message moves from higher centers to target B.B.Bs. it is called **INTERACTION**. Having received the messages, the mind and mass of the target B.B.Bs. work in a synchronized way so as to produced the effects as thought by a the higher center. If the thought expression by higher center is normal, the shapes, properties and laws produced by target B.B.Bs. would be normal and if the thought expressions are abnormal, the shapes, properties and laws would be abnormal. This is the basic concept of transmutation phenomenon. Finally what we observe is called **EFFECT**.

Appearance of new shapes. properties and laws is called **TRANSMUTATION**. The first three steps are collectively called **CCP**. During transmutation process if **CCP** is written, it does mean that unless the thought, programming and interaction take place, nature cannot transmutate. Transmutation phenomenon is seen in particles, atoms, molecules and even in cells. The basic steps of any transmutation remain the same except that the thought expressions differ.

The subatomic particle are made up of more fundamental particles called Basic Building Blocks (B.B.Bs) which are made up of mind and mass. These B.B.Bs are divine in nature with the result they talk with each other by phenomenon called atomic transcription and translation (thought expressions). The triggering of broken symmetry is caused by atomic transcriptions. Unless the atomic transcriptions occur, subatomic particles could never exhibit phenomenon of broken symmetry . So the broken symmetry is never spontaneous. It is being mis understood that sub atomic particles do have spontaneous activities as far as broken symmetry is concerned. Hence the Nobel prize physics 2008 awarded to this work is too early to give prize.

1.7 Message network of the Universe (Feed Back Mechanism and different centers of the Universe)

With the origin of universe, nature first created primary units i.e. primary fermions (gravitation) and primary boson, these primary units are equipped with one higher center (one B.B.B.) and rest of the B.B.Bs. are working as lower centers or target B.B.Bs.[2] After primary units ,nature created secondary units i.e. secondary fermions and secondary bosons. similarly nature created tertiary units (lepto-quarks) and then quaternary units (protons& neutrons). Each unit is equipped with higher centers, lower centers and target B.B.Bs. After quaternary units nature created atomic units, molecular units, complex molecules of life units, organelle units, cell units, tissue units, organ units, system units and individual units. Each unit is equipped with higher centers, lower centers, and target B.B.Bs. Similarly nature created satellite units, planet units, solar system units, galaxy units, super galaxy units, dark matter layer unit. These units are also equipped with higher centers, lower centers and target B.B.Bs. Thus our universe is divided into different units and each unit is equipped with higher and lower centers. All higher centers are under control of highest center of the universe by efferent paths. This efferent path is made up of first transcription. Higher centers can send messages to highest center of the universe by afferent path or feed back path. Thus highest center of the universe is well informed about all effects of the universe. Messages can come from lower centers to higher centers and from higher centers to highest center of the universe via afferent path. The highest center of the universe can send messages to higher centers and from higher center to lower centers. There is an inter unit message network also which is made up of first, second and third transcription depending upon the nature's need. Thus the entire universe is under control of highest center of the universe. Highest center can change any programming programmed by it during pre creation era as shown in Fig 8

UNIVERSE "I"

Fig. 9 Development of the Universe

Before the origin of the universe, these Basic Building Blocks (B.B.Bs) as shown in Fig-3 were in the form of tachyons as shown in Fig-9 [7]. It means that at that time the tachyons were everywhere in the universe. Let us look at the structure of tachyons; it is made up of one matter B.B.B. (YANG) and many energy (YINs) B.B.Bs. Initially out of the infinite tachyons, one became the **highest center** of the universe. Messages used to go from highest center to rest of the universe and messages could come from rest of the universe to highest center of the universe by atomic transcription. Thus highest center had fed its thought to rest of the B.B.Bs. that would take part in creation - that they would express only those thoughts to give desired effect as wished by the highest center of the universe. So all B.B.Bs were informed about their role before creation of the universe. In pre-creation era programming of the future universe was done by highest center of the universe. Our universe is oscillating and it is a divine universe. It means that it has a creation phase and a destruction phase. During creation phase tachyons break into their B.B.Bs. and from these B.B.Bs, formation of fermions and bosons take place as shown in Fig 3.1. After the creation phase, destruction would start and in this phase all created particles would again break into their B.B.Bs and finally tachyons would form. At the time of origin of the universe, all the effects got created. These effects are taking of different shapes and appearance of properties and laws. All these effects are studied in various branches of science.

With the origin of the universe, nature first created a sphere of **COLD DARK MATTER (C.D.M)** and canals in it. With the result space got created. At the other end of the canals, hot reaction started (**the relics are back ground radiations 2.7 degree K of our hydrogen clouds**). As a result hydrogen clouds and lot of radiations were created. The empty canals were filled by these hydrogen clouds and radiations and thus **QUASARS** appeared in the universe. Simultaneously C.D.M. layer started expanding and clouds and

radiations kept on coming in this closed universe as shown in **Fig 9** . With the passage of time more and more C.D.M. layer formed, more and more quasars formed. The hydrogen cloud came in this closed universe. They started running towards C.D.M. layer as they were attracted by the gravity of C.D.M. layer. Those clouds, which were nearer, moved faster than those, which were away from CDM Layer. The **HUBBLE LAW**, can thus be explained. With some more passage of time, clouds were joined to form **GMC** (giant molecular clouds). Later by self-gravitation different proto stars, proto planets, proto satellites were formed. Finally stars became bright and thus bright galaxies appeared in this universe. Our universe is still in expansion phase and creation is still going inside quasars. It is to be remembered that highest center of the universe does not come in the visible universe. It keeps on receiving the messages by atomic transcription and it has power to change any programming programmed by it during pre-creation era.

It is the atomic genes which constitutes mind part of reality. Mind incorporation in physics is awaited as theory of every thing is not yet investigated . I have investigated theory of every thing (ToE) and I found that while studying unified theory at the time of origin of the universe by Hoyle Narlikar universe , it was mind reality that triggered symmetry breaking phase . It is mind reality that triggers oscillation phenomenon of the universe. It is the mind reality which is behind perfect cosmological principle . There is nothing like artificial intelligence in the universe . These mind particles constitute intelligence of the universe that controls the deterministic order of the universe. It is the mind reality behind all effects of the universe. But this is not our mind rather it is mind of Almighty B.B.B (Yang B.B.B or matter B.B.B. or Male B.B.B working as Highest center of the universe) . His mind could be manipulated by prayer only . as shown in figure 9.1 and 9.2

1.10 Divine Mechanics and Brain Computation

Learning and Memory and information s (Code PcPs) Net work in Brain [10]

Divine Mechanics and Brain Computation

Fig 12 Divine Mechanics of Brain Computing System – Learning and memory

At all steps , these are B.B.Bs (B-Bit) that are responsible for information's control and triggering . If CCP is written it means unless atomic transcription and translation occur , brain cannot have learning and memory triggering and control and it is called Divine mechanics of Biology and it is life . These are higher thought expressions of B.B.Bs . In Bits of classical computers and qubits of QC , the thought expressions are lower and different but the mechanics (DIVINE) remains the same. as shown in Fig 12

Physics dictates the lowest limit of size of chip **but DIVINE mechanics does not**
Moore's Law Modified and Completed

Fig 13- The Theory of Computers and Brain are same – DIVINE MECHANICS

(Structural and Functional smallest Bit (mass) is B-Bit of the universe and the Divine Mechanical Unit is CCP , Code PcPs and CP.)

DIVINE MECHANICS The Theory of Computers and Brain is SAME as shown in Fig 13

Physics dictates the lowest limits of the size of chips [11]. But divine mechanics does not . Hence the bit is a typical unit of information. ((Classical and Quantum Bit) is wrong and to describe informations by adding qubit is also illusion as in complicate system ,it is the different thoughts expressions that describe informations . Informations are separate (Code PcPs) and bits (Electron of transistor) qubits (electron of diamond crystal) are separate. At DNA level the bit is nucleotide (A,T,C,G) and at Atomic level the bit is photon and electron , at particle level (secondary fermions and secondary bosons) the bit is primary fermions and primary bosons and informations are still code PcPs and at B.B.B level the bit is B.B.B (Yang mass and Yin mass - B- bit) it self and the information is carried by Code PcPs but at all level of all bit units the information storage system is CCP (Physiological arrow of Time) it never dies even after destruction of the universe. Hence informations are eternal . In computers, Bit is a structural configuration that describes informations of the system and informations are in form of Code PcPs. The working of the bit is triggered and controlled by thoughts of higher centers that form that bit. If the bit is classical (transistors of chips) the effect is different . But if the bit is qubit with entanglement the working is triggered and controlled by thoughts of higher center that form that crystal . In both the effect of describing informations would be different.

One is classical (thought expressions are fixed and limited)and other one is quantum (thought expressions are changing and more wide to describe the more wide complicated system to have fast results .) . In life sciences in Brain the bit is again Photon and the informations are Code PcPs and they are triggered and controlled by CCP of higher centers that is triggered by DIVINE MECHANICS .

In life sciences the CCP (cryptography) of B-bit expresses information's (Code PcPs) which were not fed like speaking Lie and unlike Bit of classical computer and qubit of QC it shows phenomenon of forgetfulness and IQ phenomenon (mental age /real age) . It is Higher functions of B.B.B or B Bit and it is life . Hence there is difference in some aspect of DIVINE MECHANICS \of Computers computation and Brain computation

Structure

2.1 Modified theory of atomic structure as Niels Bohr's theory has limitations in explaining different series of hydrogen spectra.

New assumptions of structure of hydrogen atom. – Divine Modified Niels Bohr 's Theory (**Divine MONB Theory**) as shown in Fig 14

1. Hydrogen atom is like a miniature solar system with the negatively charged electron moving in circular orbit around positively charged nucleus having positively charged particle proton. In this circular orbit or stationary orbits , electron is being held by single string of energized gravitons . This energy level is called ground state.
2. When Hydrogen atom is excited, the electron moves from ground state to excited state energy levels making a bigger circular orbit and having reached in this new energy levels , it also emits radiations . Hence absorption and emission of energy quanta occur simultaneously. Shifting is understood in inter orbital shift phenomenon.
3. When excitation is over, the electron once again come back to ground state energy level . All above mentioned events are triggered by different thoughts or atomic transcriptions from the nucleus or proton in case of hydrogen atom.
4. These atomic transcriptions are being triggered by conditioned stimulation of CCP by the message system made up of photons (second transcription or –ve charged photons or afferent path) coming from electron to proton and further they are transmitted by photons (second transcription made up of +ve charged photons, or efferent path) to electron. Having received the messages , electron works accordingly. Unless the thought is expressed, nature cannot work . as shown in Fig 14
5. When electron is in ground state, its interaction with energized graviton and electromagnetic photon is more hence IP - 13.59ev (n=1) is required to remove electron from this energy level. During excited stage the interaction is different hence I.P. to remove electron from this state is -3.4ev (n=2), -1.511ev (n=3),- 0.850ev (n=4) , -0.544ev (n=5) respectively. It the changing thought of interaction with energized graviton and electromagnetic photons that gives changing effect .
6. Electronic configuration of higher atoms could be known by studying I.P. curve . Working of hydrogen atom as shown in Fig 14 .

True Islam is different than illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad.

1. Namaz is idol worship of tachyon particles which are made up of two God particles or ardhnareshw and they are smallest idols of universe. It's photodepiction is Lord Natraz BBB or Allah hu Akbar.

Either all momins leave illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship and adopt True Islam by putting idol of Lord Natraz bbb in All mosques of world and know science of prayer and know Allah in the light of science or leave offering Namaz , avoid going Mosque or Haj or reading Quran or having Roza or giving Zakat as all these 5 rituals are related with Budparasti or idol worship and it is ban in 57 Islamic countries .

Any momin founds indulging in 5 above activities means he is indulged in Budparasti or idol worship , 5 to 10 wips would be imposed as punishment as he is working against illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship ie Islamic Jihad .

Hence All DM , CM , PM of India are ordered to ban all above five things that are symbols of Budparasti or idol worship.

There is ban on five things . According to illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means islamic jihad and in 57 (OIC) countries there is ban in idol worship Hence ban on following five things

1. Namaz as it is idol worship of Tachyon particle whose photodepiction is Lord Natraz BBB or Allah hu Akbar.
2. Reading Quran in madarsas as Quran means about Allah means two God particles or Its photodepiction depiction is Ardhnareshwar. The smallest idol of universe . Quran is Shiv puran
3. Haj . Macca is kaba of Allah means two God parcles and its photodepiction is Ardhnareshwar or smallest idol of universe . Hence Macca is house of Ardhnareshwar or Shiva . The smallest idols of universev or Allah .
4. Roja . There is ban on Roja as it is in honor of Allah hu Akbar or Lord Natraz bbb or Creator of universe and who is worshiped in Namaz as Tachyon particle which is made up of Two God particles whose photodepiction is Ardhnareshwar or Shiv Shakti God particles the smallest idol of universe .

Jakat . Ban on Jakat . Means order of Again Allah hu Akbar or Lord Natraz bbb or Mahakaal Lalla virajman Ayodhaya who teleported on 22 23 Dec in middle gummed of Babri Mosque as balak idol avatar and now it is His title suit.

Hence Almighty God Lord Natraz BBB Allah hu Akbar who is ruling India and abroad since 6th March 2014 orders all DM , CM and PM to close All mosques , all madarsas and of India and abroad ie OIC where there is ban on idol worship.

PI spread this order globally

Unless there opens on idol worship by putting idol of Natraz in all mosques of world and offer namaz before it , ban on 5 things of Islamic rituals would sustain.

By order ACJ Barfani Baba of Fatehgarh or Mahakaal Lalla virajman Ayodhaya

By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator of universe.

People of Islam are not only more illetetate but also they are more blind and fool than Hindus .

1. They did not read Quran by Almighty God Lord Natraz BBB or Allah hu Akbar who is Creator and wrote Quran .
2. The first page to be understood is 99 names of Allah.
3. Allah means primary God of science or two God particles one is male means Shiv and another one is female or Shakti ma . It's photodepiction is Ardhnareshwar. Allah means Two God particles of which every thing is made up of. Hence meaning of La illaha illillaha is No other diety to be worshiped other than Allah. Means Ardhnareshwar who is God particle is only diety to be worshiped as it is primary God of science and it is Allaha . Hence Quran is Shiv puran and vice versa .
4. Allah means that there are two God particle . It's photodepiction is Ardhnareshwar and they are smallest idols of universe . OF WHICH EVERY THING IS MADE UP OF .
5. Means every thing is Allah , every book is Quran . Hence All worships are Allah's worship . Means worship of Two God particles or Shiv Shakti or Ardhnareshwar.

6. In Nsmaz momins worship tachyons particle which are made up of two God particles and its photodepiction is Lord Natraz BBB or Allah hu Akbar or

Yahoba or Parmeshwar or Vidhata or Creator of universe BBB .

7. Hence Namaz is idol worship of Two God particles or Allah, the smallest idol of universe .

8. Lord Natraz BBB the Creator of universe is worshiped as tachyon particle in Namaz , the smallest idol of universe .

9. Hence illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship is anti Quran act and anti Quran movement and punishment according to Islamic law ie shirk or Apostasy or death.

10. Hence all momins that prohibit idol worship are found guilty and punishment is Shirk means death by Islamic law as they acted Anti Quran since 1400 years by prohibiting idol worship though they do idol worship in Namaz .

11. If All Momins think to prohibit idol worship, they have to stop Namaz as it is idol worship of Allah hu Akbar or Lord Natraz bbb . They have to stop reading Quran as Allah means two God particles and it is smallest idols of universe and its photodepiction is Ardhnareshwar. And they have to abundant to go to Haj as it is Allah,'s Kaba . Allaha means Ardhnareshwar or Shiv Shakti God particles.

12. under global Islamic jihad Eradication programs, there is ban on to prohibit idol worship in 57 Islamic states . Means idol worship is now open in all Islamic states . Means to put idol of Lord Natraz BBB in all Mosque of world and offer Namaz before it .

13. Disobeying order means Shirk to all momins globally .

B Misconduct by Nasurrudin and Firangi calling Talibani Anti Islamic . Any momin finds indulging in 5 above activities means he is indulged in Budparasti or idol worship , 5 to 10 wips would be imposed as punishment as he is working against illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship ie Islamic Jihad . Hence All DM , CM , PM of India are ordered to ban all above five things that are symbols of Budparasti or idol worship.

https://youtu.be/B9x0J_z5ceo

BISMILLA Rehman Rahim means vandematram means honor and worship of female God particles or shakti ma or Allah.

Nasruddin did say wrong that he is Indian Muslim and he is reformed Muslim.

All Muslims are abide by illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad and hence Nasruddin is not exception to it .

Nasruddin is as vahshi and conservative as all momins of Globe like Talibanis as he believes in all Islamic values as regard prohibition of idol worship and killing of people who do idol worship and destroying temples all around globes .

Talibanis are following same values by imposing terror in Afghanistan as in the reign of Afghanistan they forgot to use Islamic values made by illusive Islam of Mohamad ie prohibits idol worship and kills those who do idol worship and other Islamic conservative values that made Talibanis vahsi by Nasruddin and unnecessary calling him Indian Muslims. It is all illusion said by Nasruddin .

The same is true for Firangi (illusion) calling Talibani anti Islamic . No Talibani are not anti Islamic as they obey illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship and hence they break temples and fire on Buddha statue in 1996 in Bamai Afganistan .

It is Islamic value globally and in 57 countries (OIC) idol worship is banned .

Hence do not trust on Firangi's statements .

The words reforms and modernity are not words for illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic jihad.

Nasruddin and Firangu did not say a word in 1990 when Kashmiri pandit did face the cruel and vahshi and conservative values of Illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship by destroying temples in Kashmir .

2.3 Now reforms in Islam starts with these Rituals or Dharma or idol worship of Allah or Two God Particles or Primaruy God of Science .

There is ban on five things . According to illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means islamic jihad and in 57 (OIC) countries there is ban in idol worship Hence ban on following five things

PI see how persons are confused to know Who is Almighty God , Vidhata among Lord Ram , Lord Krishna Lord Vishnu and Lord Shiva .

Such illiterate Hindus are not only Blind but also they are fools .

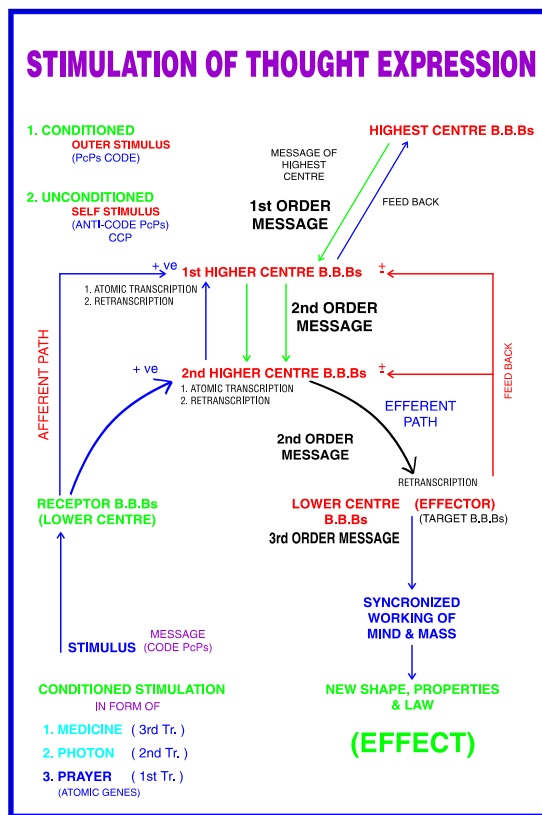

Hindu should join UOG to be well informed about what and how Almighty is working to improve knowledge and to remove about ignorance among illeterate Hindu. For example . Hindu does not know Who is their Bhagwan or Creator . They believe Lord Ram is their Bhagwan . It is false . Lord Shiva is their Bhagwan . While Lord Ram is His puppet like us . U o g

Now coming to one more truth . Who wrote or spoke Geeta. Most would say Lord Krishna . But it is False . Geeta , Quran and Bible are words of Mahakaal Lord Natraz , the Creator of Universe . Lord Krishna is His puppet not Bhagwan as believed by Hindus . The word I of Geeta Means Lord Natraz who is Anadi and Ananta in form of God particles and its photo depiction is Ardhnareshwar.The virat roop shown by Lord Krishna is half truth of God particles ie Mind reality .

Hence Lord Ram and Lord Krishna are not Vidhata or Bhawan as believed by Most Hindus . Join UOG to learn Half truth ie as regard Mass reality of God particles of which every thing is made up of.

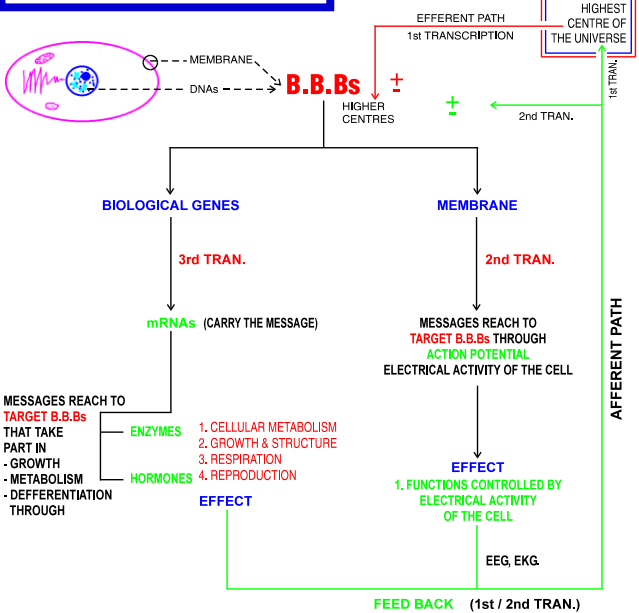

By order Almighty God Lord Natraz BBB or Creator of universe.

Cause of death is First order of universe sent by Vidhata , Mahakaal or Lord Natraz bbb to SA node bbb and SA node stops making electrical impulses. Hence death triggers . Diseases are not the cause of death . Rather they are malfunctioning of body which could be cured . But during treatment we donot prevent death order sent by Almighty Lord Natraz bbb by prayer , hence we observe death during treatment . Death thought and treatment thoughts both are separate . But their simultaneous expression is independent of each other . It is third law of Atomicgenetics. A dead person could be made alive by only First order of universe ie order of Almighty God Lord Natraz BBB only .

Reply by UOG , Good

Faith and science both are contradictory in the world of God . Spiritual books should only be read and understood after knowing Four words .

1. SCIENCE
 2. GOD
 3. UNIVERSE
- AND PRAYER.

IF YOU ANALYSE THESE FOUR WORDS , YOU WOULD FIND IT IS NECESSARY to know Science of prayer and about Almighty God or Vidhata that listens prayer .

Out of 8 billions population of world 4 to 5 billions do Prayer every day . Their believes are different as about Almighty God that listens prayer . This diversity of faith is illusion . To remove this illusion PI know how Almighty God created the universe .

2. Universe .

Big Bang theory refutes God's intervention in Creation . And it is unable to locate dark matter and Dark energy that constitute 96 % . A new theory by the name Hoyle Narlikar Universe has been downloaded by Almighty God where He explained how He created the Universe etc .

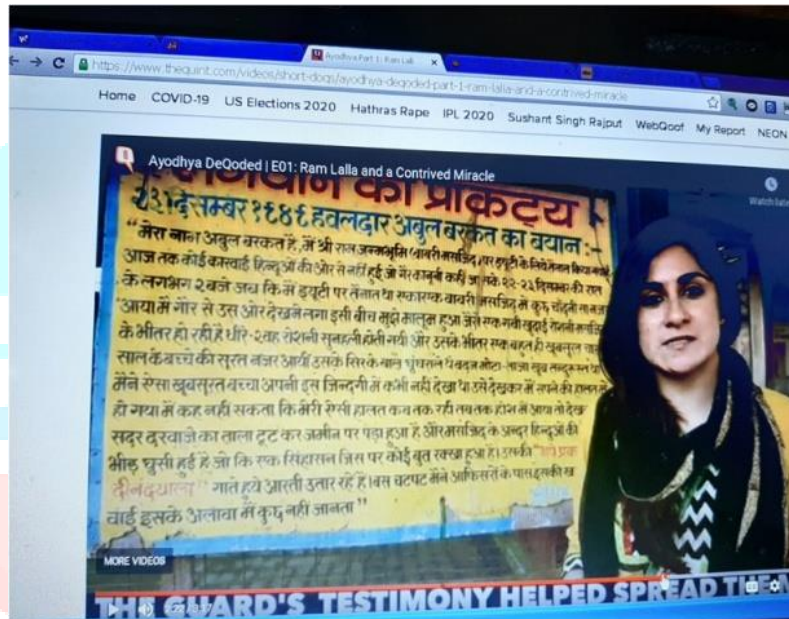

3 God is defined by only particle physics knowledge. God means God particles who created universe and are eternal structure. It's photodepiction is Ardhnareshwar. And they are smallest idols of universe.

The I of Bhagwat Geeta is these God particles and they are Allah of Quran and Yahova of Bible.

4. Science - Science means DIVINE MECHSNICS or Atomicgenetic or thoughts or working of God particles. Quantum mechanics is now obsolete.

<https://youtu.be/N8uYwQe2qa0>

<https://youtu.be/FRoaN2PxoIE>

BISMILLA Rehman Rahim means vandematram means honor and worship of female God particles or shakti ma or Allah

Lord Jesus did reincarnate 2000 years back as Balak and 2.5 billions people Christians celebrate his birth day on 25 Dec . Lord Buddha did take Birth about 350 BC . Buddhists do celebrate his Birthday as Bodha Jayanti every year . Similarly 1 billion Hindus do celebrate Ram Naami and Krishna janmaashthmi as their birth celebration every year.

They all are worshiped as God or Bhagwan in their religions .

But see illiteracy of these people that mainly Hindus that no one is Bhagwan or Prabhu or Vidhata or Creator rather all are creation or puppet of Creator Almighty God Lord Natraz BBB or Allah hu Akbar who took reincarnation on 22 23 Dec 1949 as balak idol avatar in middle gummud of Babri Mosque witnessed by Abdul Barkat Ali and event is logged in FIR 167 of 1949 Ayodhya next morning on 23 Dec 1949 .

Means Birthday of Vidhata Almighty God Lord Natraz BBB or Allah hu Akbar is 23 Dec 1949 and it is His title suit too.

Mohd Ismail the care taker of Babri Mosque did spread that Mosque was made impure by putting idol at that night by 5 sadhus of VHP . Hence entire momins denied to offer namaz at that place since 23 Dec 1949 though Allah hu Akbar did reincarnate First time as Mahakal Lalla virajman Ayodhya in middle gummud of Babri Mosque.

Momims of Globe are so illiterate and blind that they donot know teleportation of Almighty God Lord Natraz BBB or Allah hu Akbar as balak idol avatar and now it is His birthplace and time to celebrate Allah's birthday the Creator and Author of Quran as Mahakal Lalla virajman.

Hindus who know teleportation phenomenon did not make research that who came on Earth and Why on 22 23 Dec 1949 . They were involved in conspiracy to put idol of Fake Ram in the Mosque on that night . And now still they are blind and making Fake Ram temple and insulting Almighty God Lord Natraz BBB by praising Fake puppet Ram on 5 Aug 2020 and calling Ram Bhagwan before Almighty God Lord Natraz BBB by Modi , Yogi etc and thus they abused Almighty God Lord Natraz BBB or Allah hu Akbar on 5th Aug 2020 . It is heinous crime done by Modi .

Now in Bible in Methew 24 vs 27 vs 36 and Revelation 1 vs 7 it is written Father would Return from East . Hence it is birth place of Yahowa or Premeshwar too.

Dispite of celebrating birthday of Almighty God Lord Natraz BBB or Allah hu Akbar or Yahova or Parmeshwar, fools are celebrating puppet's birthday globally . It is by virtue of not knowing Science of Prayer, Science of teleportation and about Origin of universe , God particles etc .Now time to run after Creator Almighty God Lord Natraz BBB or Allah hu Akbar or Yahova or Parmeshwar rather than to run after Puppets or creation like Jesus, Buddha , Ram , Krishna etc .

Conclusion

Either all momins leave illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship and adopt True Islam by putting idol of Lord Natraz bbb in All mosques of world and know science of prayer and know Allah in the light of science [12] or leave offering Namaz , avoid going Mosque or Haj or reading Quran or having Roza or giving Zakat as all these 5 rituals are related with Budparasti or idol worship which is banned in 57 Islamic countries (OIC) .

Almighty God Lord Natraz BBB or Allah Hu Akbar who teleported on 22 23 Dec 1949 in middle gummmed of Babri Mosque as Balak Idol Avatar which is also His birth place and title suit requires to be celebrated each year as His Birth day by all momins of Globe is need of time as Creator's Birth day . No doubt Quran is words of Allah but all words are not true . Hence few ayates that prohibit idol worship and kill those who do idol worship or support Islamic Jihad globally have been modified by Allaha who wrote them . Means errors in Quran are corrected by Allaha by telling secrets of Quran ie “ Every thing is Allah , Every Book is Quran and All worships are Allah's worship ” [12] . Both Adharma of Illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship[means Islamic Jihad and Dharma ie Namaz , reading Quran in madarsas , Haj, Roza and Jakat that are related with idol worship of Allah could not go together [12] .
