Bharat Mandapam

Narendra Modi (Summit Leader)

The 18th G20 Summit-

- The 18th G20 Summit turned into effectively conducted at Bharat Mandapam in New Delhi in the course of 9-10 September, 2023. Theme- ‘One Earth One family one destiny’.

- It means ‘Vasudhaiva Kutumbakam’ (the entire earth is a own family) written in Devanagari script.

Except the member countries some invitees’ countries had participated on this summit. They're: Bangladesh, Egypt, Mauritius, Netherlands, Nigeria, Oman, Singapore, Spain and UAE.

Clearly India turned into scheduled to host G-20 summit in 2021 and Italy in 2022. PM Narendra Modi requested Italy to host the summit in 2021 and permit India to host it in 2022. After a request made with the aid of Indonesian overseas Minister Retno Marsudi, India exchanged its presidency of the G20 with Indonesia because Indonesia might additionally chair the affiliation of Southeast Asian countries (ASEAN) in 2023.

The 18th G-20 summit turned into chaired with the aid of top Minister Narendra Modi.

India's G20 Priorities: -**1. Green development, weather Finance & life**

- India's attention on weather change, with a particular emphasis on climate finance and era, in addition to making sure simply strength transitions for growing countries.

- Creation of the existence movement, which promotes environmentally-conscious practices and is based on India's sustainable traditions.

2. Improved, Inclusive & Resilient increase

- awareness on areas that have the capability to bring structural transformation, including assisting small and medium-sized enterprises in worldwide change, selling labour rights and welfare, addressing the global abilities hole, and constructing inclusive agricultural price chains and food structures.

3. Accelerating progress on SDGs

- Recommitment to attaining the targets set out within the 2030 agenda for Sustainable improvement, with a particular recognition on addressing the effect of the COVID-19 pandemic.

4. Technological Transformation & digital Public Infrastructure

- advertising of a human-centric approach to generation and expanded understanding-sharing in areas inclusive of digital public infrastructure, monetary inclusion, and tech-enabled development in sectors along with agriculture and schooling.

5. Multilateral institutions for the twenty first century

- Efforts to reform multilateralism and create a extra accountable, inclusive, and consultant worldwide device this is fit for addressing twenty first century demanding situations.

6. Ladies-led improvement

- Emphasis on inclusive increase and improvement, with a focus on girl's empowerment and representation which will increase socio-monetary development and the success of SDGs

The important thing Takeaways of Summit:

- **Takeaway:** - The 55-member African Union was officially made permanent member of the G20, on par with the European Union, so as to make the grouping greater consultant. Until now handiest South Africa was a member of the G20. The entry of the AU could offer greater voice to the global South within the G20 in which the G7 international locations have long performed a dominant function.
- **Takeaway:** - G20 nations agreed that states cannot grab territory via pressure and highlighted the suffering of the humans of Ukraine, but prevented direct complaint of Russia for the struggle. India together with Brazil, Indonesia and South Africa, performed a key function in warding off a fracturing of the G20 over the Ukraine conflict, reflecting the developing energy of the global South growing international locations inside the institution.
- **Takeaway:** - Leaders of the USA, India and Saudi Arabia amongst others announced plans to set up rail and ports hyperlinks among the Middle East and South Asia and in the end to Europe which U.S. President Joe Biden said changed into a "actual large deal."

The Biden administration is in search of to counter China's Belt and avenue push on global infrastructure by pitching Washington as an alternative companion and investor for developing nations at the G20 grouping.

- **Takeaway:** - IMEE-EC - A multinational rail and transport venture linking India with the Middle East and Europe has been announced.

The hall might encompass India, Saudi Arabia, the United Arab Emirates, Jordan, Israel and the European Union.

- **Takeaway:** - The G20 leaders agreed to pursue tripling renewable energy potential globally through 2030 and widespread the want to segment-down unabated coal power, but stopped brief of putting fundamental weather goals.

The institution did not provide any plan to amend present policies and goals if you want to reap the goal of ramping of renewables. It also said \$four trillion a 12 months would be needed to pay for a inexperienced electricity transition but did not lay out any pathway to it.

Main Defaults in G-20 Summit:-

There has been no financing and timeline for shipping corridor Middle East.

This year summit is notable for the absence of China president Xi Jinping and Russian President of Vladimir Putin.

The G20 international locations together make a contribution to about 80% of worldwide emissions.

However, the leaders at the G20 Summit did not reach a consensus at the section-out of fossil fuels.

There are many nations that are suffering with debt, however there is no essential step taken.

Ukraine criticised the leader's declaration against Russian aggression.

Conclusion: -

The enthusiasm of people of India especially young generation could be seen in the grass regarding G-20 summit. We can say it is significant leadership of our Prime Minister Mr Narendra Modi in giving the Indian G20 Presidency a strong direction with a view to magnify the growth and progress in the world.
