An International Open Access, Peer-reviewed, Refereed Journal

The Values And Ideas Of Mahathma Gandhiji:- Rural Development Agriculture And Allied Activities

Dr. SHIVAIAH.M lecturer in Political Science Tumakuru University.

India is one of the Greatest Devotional and multi-cultural soil country of the world. Because one of the human legend of the person is birth for human life in this land for ever, his life is reserved for Indian's and world human life. It is God's gift of human Generation. I think, yes that's a legend story we narrated here human God. All Indians are calling the father of nation Mahatma Gandhiji. October 02 1869 (indian) mother India's womb is given one of the Jewel Germs gift that is Mohandas karamchand Gandhi, mother Puthali Bhai, Father Karamchand Gandhi the world soil and atmosphere is very cold and flow other water, sky is open a ignored cloud for new Sun Rising to human life.

Today India is Role model country to the world in all human sector, like humanity, divinity, multi culture, language, religious, brothers hood, love and affections and established World Peace. Joy and fairness in poor add vulnerable life, because of only gift of Gandhian thoughts.

The world famous western philosopher Dr Jhon Heans wonderly called after birth or Yeasu Christa and Gowthama Budha on the Earth. Grated Aathmam person birth on the earth that is Gandhiji. As like Albert Ainstein 19-20th century living Legend on the Earth mahathma gandhiji, and also world famous Indian Poet Rabindranatha tagour given a Tittle Mahaathma, and children calls Baapooji. Today so many world countries (198 UNO) are adapted and fallowed the principles of Mahathma Gandhiji for Human and Natural Development and wonderly well developed in all sector of human civilian life. Indian constitution is would greatest and largest because of the basic stones of the Constitution the ideas of Gandhiji and also adapted and fallowed in respect of all sector-Socio-Economic, Political, Cultural, Education, Health, Industries, Agriculture, Languages Religions not only the human life also Animals and Wild life Nature and weather also like the Principles of Mahathma Gandhiji. In the constitution of India 4th part adapted the **Directive Principles of State Policy** construct a Ethical and Humanity country on the earth. The preamble of Indian constitution explained and assured for all Indian socio Economic political, Cultural, Educations, Social justice and liberty equality fraternity and personality Development with National Development but not fulfillment all aspirations of the citizens without Mahathma Gandhiji ideas and policies Implementation. Therefore the central and state government has taken good step for the development of all sectors.

Gandhi an principles of constitution as fallows.

- 1.Prohibition of intoxicating drinks and drugs .(Article 47)
- 2.Establishment of village Panchayat and endotherm with such powers as may be necessary to enable them to function as units of local self government .(Artical 40)
- 3.Free and compulsory education for children upto the age of fourteen

1

- 4.Promotion to educational and economic interests of the weaker sections of the people and particularly the schedule caste and schedule tribe so as to protect them from social injustice and exploitation.(Article 43B and 46)
- 5.Organising the Agriculture and animal Husbandry on modern Scientific lines.(Article 48)
- 6.Taking steps for preserving and improving the breeds and Prohibiting the slaughter of cows.(Article 48)
- 7.Setting up and promoting village and cottage industries.(Article 43)
- 8.To encouragement women's organization and associations
9. Other backward communities must be bringing to social main streams.

WHERE IS THE GANDHI PRICIPLES ARE SUITABLE FOR ADAPTION:-

Gandhian principles are must be adapted and fallow for the development of the country as fallows ern.

RURAL DEVELOPMENT IN INDIA :

India is one of the Greatest and Richest Country in the Natural Resources in the world, But highest Poor peoples are living in India. 37.48% percent peoples are vulnerable by hungry nearly 32 lakh villages are in India 75% of the peoples living in the rural area and depends up on Agriculture and Alied activities for main income sources. Agriculture activities. Seeding, Trans planting, Harvesting, Cleaning , Animal rearing, Goats, Pigs, Cows, Sheeps, Poultry, Pet animals etc..29 states and 07 Central Territories are acquired 32,87,263 sq. km among that Rural India _____ Urban India. The National Food Security Ordinance, 2013, promulgated on 05.07.2013, provides for coverage of upto 75% of the rural and upto 50% of the urban population, at the all India level, to receive 5 kilograms of foodgrains at subsidized prices under Targeted Public Distribution System, provided that households covered under Antyodaya Anna Yojana will be entitled to 35 kilograms per household per month. The annual requirement of foodgrains for implementation of the Ordinance is estimated at 614.3 lakh tons. This information was given by the Minister of Consumer Affairs, Food and Public Distribution, Prof. K.V. Thomas in a written reply in Rajya Sabha today.

BPL and PDS – Distribution

AS ON MAHATHMA GANDHIJI VIEWS OR FORSIGHT

Indians life is basically traditions and devotional without temple we cannot seen a single village in India. The world famous Tirupathi Thirumala Venkateshwara and a smallest good God Bhutappa worshiped in all villages, anywhere in India the water, soil, Trees-Hills-and Animals, Birds, Snakes and small Grass also used for lord Ganesha Shiva. So for we must think it positively to remove the negative thoughts in our mind. Human civilization-begins with the villages then the state is origin by the village. Villages are basic stone of the modern biggest states in the world. So we cannot ignore the village development among the world countries India is more rural villages and 75% peoples are living in the villages. Panchayathraj is one of the best Political and Administration system in Indian rural development and various reports of Panchayathraj institutions.

Like GramaPanchayat, Taluk Panchayat and Zilla Panchayat

Very important function of Local Self Government

1. Relating to Agriculture.

Agriculture is the back bone of Indian economy 14.4% GDP given by Agriculture sector therefore first and fifth five year plans are given by the special focus on Agricultural development. A modern Agricultural farm is established in India nearly 30 thousand hectares at Rajasthan Surratt District in 1956

* Small farmer development purpose established SFDA and marginal farmers and agricultural programme MFALP. And also command area development programme in fifth five year plan. 46 SFDA 41 MFALP are worked for agriculture and labour development.

8

6. To undertake such other social services and to achieve the over-all development of the rural areas in the district.

ESSEN'S OF GANDHIJI'S THOUGHTS IN PRESENT

1. Gandhiji principles are tools and key role for Rural Development.
2. Ideas are human values for ever.
3. Common man's life is become a Higher and Genine.
4. Rural agricultural farmers and labor are getting more benefits.
5. Decentralized Politics is very essence in present condition.
6. His thought and techniques is safe guard of Common's life.
7. Scientific thinking with traditional and ethical values are need.
8. Not winning dictator and physical powers.
9. These are very easily can adapted a simple man to lead a life.
10. As a Arrow of Socio Economics, Political Cultural and Unemployment Problems of Indian's life.

Evaluate the values and ideas of Mahathma Gandhiji –Rural Development and Agricultural allied activities in India. The preamble of Indian constitution explained and assured for all Indian socio Economic political, Cultural, Educations, Social justice and liberty equality fraternity and personality Development with National Development but not fulfillment all aspirations of the citizens without Mahathma Gandhiji ideas and policies Implementation. Therefore the central and state government has taken good step for the development of all sectors.

CONCLUSION :-

Today Gandhian principles are partial part of the India and Indian's life without ideas of Gandhiji cannot development any small sector, or Indians life. Including Soil, Nature, Rock, Grass and also Pet animals like sheep, goat, cows, birds and wild animals. Today these all sectors are resources for Indians economy and as major income sources of the country. Therefore, he is given priorities for decentralization administration and Panchayathraj system in India it is not only today, Gandhian philosophical thoughts is forever Human life, of Universe.
