Abstract

On the eve of avatar of Allah ho Akbar bbb or Lord Natraz bbb all previous arguments regarding disputes get quashed. Only His wish is now supreme. His wish is to tear and burn SC order dated 9.11.19 where they did not mention this evidence of Barkat Ali . It is now birth place of Allah ho Akbar bbb or Lord Natraz rather than His any previous Avatars like Lord Ram birth place . Dirac equation is illusion as mathematics does not have thought of mind and thought of Creator . Self positioning system (SPS) in brain triggers to know our surrounding and our location . It is being used by animals and birds during migration or navigation on earth . Global positioning system (GPS - computer) helps us to know our location and different place and their route on Earth . GPS does not make us to be lost in big cities if we have loaded origin and destination in our computer . There is one more system called universe positioning system (UPS). Our journey did not start with fertilization of ova with sperm rather it had started since origin of the universe(Tachyon sea) and our brain could predict our past and future transformations before we transformed into human beings . UPS helps to locate home of Almighty B.B.B (Tachyons Sea) as prayer reaches to Almighty B.B.B . All religions do IDOL worship of Two God particles in different ways. Unless brain sees idol of two God particles during worship or during namaz (Fig 1) devotee sees home of Almighty B.B.B (Allahatala or Tachyon sea) and structure of Tachyons (One Yang and many Yins by brain , worship is incomplete Teleportation is the phenomenon made by Almighty B.B.B (Creator of universe and Aliens) . As He descends from invisible universe (Tachyon sea) to Earth . First , message comes (first order of universe) to Earth B.B.Bs via first transcription (quantum entanglement) and B.B.Bs of Earth transform in to any shape (Trinity – Human beings or Almighty B.B.B in flesh form) and Trinity does such deeds that they occupy place in church and temple as idol worship . For example Lord Jesus , Lord Krishna or Lord Ram etc **The theory predicts that when** Almighty B.B.B teleports Himself , He (Creator of universe and Aliens) could tell exactly where Aliens reside in universe “I”.

Physics of Mind

Quantum Consciousness – According to Physicists and Biologist

The nature of consciousness remains deeply mysterious and profoundly important, with existential, medical and spiritual implication. We know what it is like to *be* conscious – to have awareness, a conscious ‘mind’, but who, or what, are ‘we’ who know such things? How is the subjective nature of phenomenal experience – our ‘inner life’ - to be explained in scientific terms? What consciousness actually *is*, and how it comes about remain unknown. The general assumption in modern science and philosophy - the ‘standard model’ - is that consciousness emerges from complex computation among brain neurons, computation whose currency is seen as neuronal firings (‘spikes’) and synaptic transmissions, equated with binary ‘bits’ in digital computing. Consciousness is presumed to ‘emerge’ from complex neuronal computation, and to have arisen during biological evolution as an adaptation of living systems, extrinsic to the makeup of the universe. On the other hand, spiritual and contemplative traditions, and some scientists and philosophers consider consciousness to be intrinsic, ‘woven into the fabric of the universe’. In these views, conscious precursors and Platonic forms preceded biology, existing all along in the fine scale structure of reality.

My research involves a theory of consciousness which can bridge these two approaches, a theory developed over the past 20 years with eminent British physicist Sir Roger Penrose. Called ‘orchestrated objective reduction’ (‘Orch OR’), it suggests consciousness arises from quantum vibrations in protein polymers called microtubules inside the brain’s neurons, vibrations which interfere, ‘collapse’ and resonate across scale, control neuronal firings, generate consciousness, and connect ultimately to ‘deeper order’ ripples in spacetime geometry. Consciousness is more like music than computation.

Colleagues Travis Craddock and Jack Tuszyński and I also study how anesthetics act in microtubules to erase consciousness, and with Jay Sanguinetti, John JB Allen and Sterling Cooley, we are studying how transcranial ultrasound (TUS) can be used noninvasively to resonate brain microtubules and treat mental, cognitive and neurological disorders. Many thanks to my assistant Abi Behar-Montefiore and Ed Xia for maintaining this website.

1.2 Mind and Mass Realities [2]

This is called Final Truth . Mind and Mass mysteries have emerged like OMNIPRESENT i.e. Every small and bigger units are made up of these B.B.Bs

I am The origin of all every thing evolved from Me.—Gita 10/8

These are divine in the sense that they talk with each other. They have power to transmutate to form any bigger unit of the universe . The triggering activity is atomic transcription and translation.

Atomic genetics is the branch of science where we investigate about fundamental interactions of the universe i.e. atomic transcription and translations . New words have been coined to understand hidden science of mind part of reality. Mind reality has been recognized as different faces by “I” about 5000 years back to Arjuna in Mahabharata.as shown in Fig 1. It is just like to understand any language through Alphabets. These are (different faces) Alphabets of mind reality. One Mind reality has one face identity and the second mind reality has second face identity and so on. The facial expression represents phenomenon of intelligence and different faces represent different types of properties carrying property. The open eyes means property is activated while close eye means property is inactivated. In spite of carrying properties conscious ness they also know how to conduct not only origin of universe but also how to create two different universe i.e. next creation could be different from this creation . In all, it is automatic system of the universe . The mind realities which are of good properties have devtas face identity (first five faces on both side) and those mind realities which are of bad properties have demons face identity (last four faces on both side) . These are named as code PCPs or messenger atomic genes . The central face is CCP or Thought script where all thoughts of the universe are banked . It is bank of data of all information s of the universe It is face identity of Anti mind particles as data of all information’s of the universe are stored as anti mind particles . It is the Time mind ness (biological clock) that keeps on expressing different thoughts from this thought script (CCP) . There are four more faces (black bodies) shown on extreme left and right floating in fire are CPs (translating Atomic genes) . That translates the messages and realizes it and reacts accordingly.[2]

Participatory science has coined [5] some new words and there are some words which already exist in physics. Both these words are defined here and the definitions are according to participatory science. It has no relation with the definitions given in modern physics.

- 1.Mass - The part which gives shape to the smallest mass unit i.e. basics building blocks (B. B. Bs.) is called mass.
- 2.Matter :-Mixture of fermions and bosons or only bosons which are made up of mass (B.B.Bs) and that is why we realize their shape is called matter.
- 3.Inertial mass :-Mass (smallest mass units i.e. B. B. Bs) having inertial properties (classical inertia) either absolute rest or uniform motion in straight line is called inertial mass. Or Number of B. B. Bs. Per unit space present in bigger units is called inertial mass. Or Total matter contained by the bigger units or total number of fermions and bosons contained by the bigger units is called inertial mass. Therefore it never changes from place to place.

4. Gravitational mass :- The mass (interacting surfaces) which takes part in gravity (divine energized gravitons theory) interaction (which is due to mind) is called gravitational mass. When gravity interaction increases (number of divine energized gravitons increases) the interacting mass (interacting surface) also increases or when interacting mass (interacting surfaces) increases, gravity interaction (number of divine energized gravitons) also increases. Therefore gravitational mass (interacting mass or surfaces) changes from place to place. It is the fed mind that decides gravity interaction. We shall discuss it in gravity chapter and in atomic genetics.
5. Pure m (matter) mass :-matter mass (smallest mass unit or B.B.B) which have got inertial property of absolute rest.
6. Energy mass:-Energy mass (smallest energy mass unit B.B.B) which have got inertial property of uniform motion in straight line and which also gives shape to the bigger energy mass (Higgs Bosons etc) units.
7. m (impure matter) of $E=mc^2$:-Matter particles (fermions) which have got spin property are called impure matter particles.

1.4 Prayer message formation in brain.

Fig 4 Divine Mechanics - Prayer message formation in brain

In atomic transcription and translation of prayer [5], following steps take place on Yang B.B.B – B-Bit as shown in Figure 4.

- 1.CP removes RM (repressor mindness-green) from OM (operating mindness -orange) thus induction of atomic transcription triggers.
- 2.OM triggers activation of free mind particles (black -inactivated code PCPs) of that thought script (magenta) of “o god help me ”.
- 3.Free mind particles (black -inactivated code PCPs) get attached to anti mind particles script (magenta one) to form messenger thought script of “o god help me ”.
- 4.Messenger atomic genes (black) get activated by anti mind particles thought script and further they get detached from anti mind particles thought script to form activated messenger atomic genes (activated code PCPs) (magenta) of “o god help me ”
- 5.CP carries phenomenon of splicing by translating the messenger activated atomic genes (activated code PcPs) and finally there is activated message of “ o god help me” is formed .

6.CP represses atomic transcription by adding RM (green) to OM (orange) . Thus atomic transcription gets halt.

Having formed the message it comes out in three forms .

In atomic genetic engineering (prayer) we use our basic power i.e. power of B.B.Bs. Our B.B.B. (higher center) talks with highest center of the universe by sending the message by first transcription. Till today nobody knows how does the brain generate thoughts. I am going to tell you that mystery too. In the frontal lobe the neurons are responsible for thought generation. In the neuron there is electrical activity called pacemaker activity which is occurring between dendrites and the body of the neuron. The membrane of the cell is made up of atoms and atom is made up of B.B.Bs. At the level of B.B.B. say thought of 'O GOD HELP ME' is expressed. As a result programmed messages of O GOD HELP ME (code PCPs) are formed. Out of three programmed messages, one is carried by atomic genes to highest center of the universe. It is called **THOUGHT RAY (Quantum entanglement)** which is made up of pure atomic genes and then the message goes through phenomenon called first transcription. They come out from brain directly. The other two messages are carried by photons from nucleus of atom to electrons. Here they are modulated on electrical activity of the cell called pacemaker activity. Further they are modulated on actions potentials going towards **REALIZING CENTER** situated in brain stem (RAS) and from RAS to speech area situated in the frontal area. Target B.B.Bs. of the realizing center finally realizes thought effect of O GOD HELP ME. While from speech area message goes to motor cortex again via RAS and from there to vocal cords and finally it comes out as a speech effect of O GOD HELP ME. In layman's terminology formation of the thought ray means PRAYER as shown in Fig 4

Where Does Prayer Message go ?

Prayer message goes as shown in Figure 5 to highest center of the universe via first transcription where it is realized and it is accepted, the highest center sends two messages to B.B.Bs working as higher center in cancer cell. These messages are message of inhibition of abnormal thought expression and message of activation of normal thought expression. Having received the messages, higher center stops expressing the abnormal thoughts and it starts expressing the normal thoughts. As a result, there are no more abnormal programmed messages and in place of that normal programmed messages are there. Now the messages have shifted from abnormal (5 and 6) to normal (2 and 3). This shifting of thought expression is called **ATOMIC GENETIC ENGINEERING** as shown in **Figure 4.1**

The changed messages reach to target B.B.Bs. through same route. Having received the changed messages, target B.B.Bs. stop expressing the previous programming and they start expressing the normal programming. As a result the cancer cells transmutate into normal cells. **Or diseased cell gets cured [6]** as shown in **Fig 4.1**

Fig 4.1 A.G.E and Final stamp of success to New Theory[6]

1.5 Message system of the Universe

Before the origin of the universe [2] nature had only one type of message systems which is called FIRST TRANSCRIPTION. Messages (Code PcPs) used to go from one B.B.B. to another B.B.B. by atomic transcription. Messages were carried by atomic genes (Code PcPs) with very very high velocity. It is the fundamental message system.

After the origin of the universe, nature created atoms. It also created one more message system called SECOND TRANSCRIPTION. Here the message (code PcPs) are carried by photons from one atom to another atom with velocity of light. Thus atoms ,molecules, cells, and even individuals talk with one another

After the formation of the cell , nature created one more system called THIRD TRANSCRIPTION .Here there is a message storage system formed by DNA. There are messenger molecules called mRNA that carry message from DNA script to cytoplasm where the message (code PCPs) is read or translated by ribosome and they work accordingly. Thus the messages reach to enzymes and hormones and finally messages reach to target units. Having received the messages, target units work accordingly. Finally life effects (metabolic) are observed.

These three types of message systems are working in the nature. These message system are being used by the nature according to nature's need. as shown in Fig 5

MESSAGE SYSTEMS OF THE UNIVERSE

Fig. 5 Messages system of the universe

1.6 How does nature work & triggering of normal & abnormal effects

To understand creation physics as shown in Fig 6 and Fig 7. . There are two types of thought stimulation [2] . One is **CONDITIONED THOUGHT STIMULATION** and other one is **UNCONDITIONED THOUGHT STIMULATION**.

STIMULATION OF THOUGHT EXPRESSION --- There are two types of thought expressions one is **CONDITIONED STIMULATION** of thought expression, and other one is self stimulation of thoughts i.e. **UNCONDITIONED STIMULATION** of thought expression .

At the time of the origin of the universe, all effects got created. The cause of all effects of the universe is **THOUGHT** expression. These thought expressions were triggered by **UNCONDITIONED OR SELF STIMULATED WAY** . It is the first step and it is followed by **PROGRAMMING** or formation of programmed messages by code PCPs. This programmed message moves from higher centers to target B.B.Bs. it is called **INTERACTION**. Having received the messages, the mind and mass of the target B.B.Bs. work in a synchronized way so as to produced the effects as thought by a the higher center. If the thought expression by higher center is normal, the shapes, properties and laws produced by target B.B.Bs. would be normal and if the thought expressions are abnormal, the shapes, properties and laws would be abnormal. This is the basic concept of transmutation phenomenon. Finally what we observe is called **EFFECT**. Appearance of new shapes. properties and laws is called **TRANSMUTATION**. The first three steps are collectively called **CCP**. During transmutation process if **CCP** is written, it does mean that unless the thought, programming and interaction take place, nature cannot transmutate. Transmutation phenomenon is seen in particles, atoms, molecules and even in cells. The basic steps of any transmutation remain the same except that the thought expressions differ.

The subatomic particle are made up of more fundamental particles called Basic Building Blocks (B.B.Bs) which are made up of mind and mass. These B.B.Bs are divine in nature with the result they talk with each other by phenomenon called atomic transcription and translation (thought expressions). The triggering of broken symmetry is caused by atomic transcriptions. Unless the atomic transcriptions occur, subatomic particles could never exhibit phenomenon of broken symmetry . So the broken symmetry is never spontaneous. It is being mis understood that sub atomic particles do have spontaneous activities as far as broken symmetry is concerned. Hence the Nobel prize physics 2008 awarded to this work is too early to give prize.

1.7 Message network of the Universe (Feed Back Mechanism and different centers of the Universe)

With the origin of universe, nature first created primary units i.e. primary fermions (gravitation) and primary boson, these primary units are equipped with one higher center (one B.B.B.) and rest of the B.B.Bs. are working as lower centers or target B.B.Bs.[2] After primary units ,nature created secondary units i.e. secondary fermions and secondary bosons. similarly nature created tertiary units (lepto-quarks) and then quaternary units (protons& neutrons). Each unit is equipped with higher centers, lower centers and target B.B.Bs. After quaternary units nature created atomic units, molecular units, complex molecules of life units, organelle units, cell units, tissue units, organ units, system units and individual units. Each unit is equipped with higher centers, lower centers, and target B.B.Bs. Similarly nature created satellite units, planet units, solar system units, galaxy units, super galaxy units, dark matter layer unit. These units are also equipped with higher centers, lower centers and target B.B.Bs. Thus our universe is divided into different units and each unit is equipped with higher and lower centers. All higher centers are under control of highest center of the universe by efferent paths. This efferent path is made up of first transcription. Higher centers can send messages to highest center of the universe by afferent path or feed back path. Thus highest center of the universe is well informed about all effects of the universe. Messages can come from lower centers to higher centers and from higher centers to highest center of the universe via afferent path. The highest center of the universe can send messages to higher centers and from higher center to lower centers. There is an inter unit message network also which is made up of first, second and third transcription depending upon the nature's need. Thus the entire universe is under control of highest center of the universe. Highest center can change any programming programmed by it during pre creation era as shown in Fig 8

Fig. 9 Development of the Universe

Before the origin of the universe, these Basic Building Blocks (B.B.Bs) as shown in **Fig-3** were in the form of tachyons as shown in **Fig-9** [7]. It means that at that time the tachyons were everywhere in the universe. Let us look at the structure of tachyons; it is made up of one matter B.B.B. (YANG) and many energy (YINs) B.B.Bs. Initially out of the infinite tachyons, one became the **highest center** of the universe. Messages used to go from highest center to rest of the universe and messages could come from rest of the universe to highest center of the universe by atomic transcription. Thus highest center had fed its thought to rest of the B.B.Bs. that would take part in creation - that they would express only those thoughts to give desired effect as wished by the highest center of the universe. So all B.B.Bs were informed about their role before creation of the universe. In pre-creation era programming of the future universe was done by highest center of the universe. Our universe is oscillating and it is a divine universe. It means that it has a creation phase and a destruction phase. During creation phase tachyons break into their B.B.Bs. and from these B.B.Bs, formation of fermions and bosons take place as shown in **Fig 3.1**. After the creation phase, destruction would start and in this phase all created particles would again break into their B.B.Bs and finally tachyons would form. At the time of origin of the universe, all the effects got created. These effects are taking of different shapes and appearance of properties and laws. All these effects are studied in various branches of science.

With the origin of the universe, nature first created a sphere of **COLD DARK MATTER (C.D.M)** and canals in it. With the result space got created. At the other end of the canals, hot reaction started (**the relics are back ground radiations 2.7 degree K of our hydrogen clouds**). As a result hydrogen clouds and lot of radiations were created. The empty canals were filled by these hydrogen clouds and radiations and thus **QUASARS** appeared in the universe. Simultaneously C.D.M. layer started expanding and clouds and radiations kept on coming in this closed universe as shown in **Fig 9** . With the passage of time more and more C.D.M. layer formed, more and more

quasars formed. The hydrogen cloud came in this closed universe. They started running towards C.D.M. layer as they were attracted by the gravity of C.D.M. layer. Those clouds, which were nearer, moved faster than those, which were away from CDM Layer. The **HUBBLE LAW**, can thus be explained. With some more passage of time, clouds were joined to form **GMC** (giant molecular clouds). Later by self-gravitation different proto stars, proto planets, proto satellites were formed. Finally stars became bright and thus bright galaxies appeared in this universe. Our universe is still in expansion phase and creation is still going inside quasars. It is to be remembered that highest center of the universe does not come in the visible universe. It keeps on receiving the messages by atomic transcription and it has power to change any programming programmed by it during pre-creation era.

It is the atomic genes which constitutes mind part of reality. Mind incorporation in physics is awaited as theory of every thing is not yet investigated . I have investigated theory of every thing (ToE) and I found that while studying unified theory at the time of origin of the universe by Hoyle Narlikar universe , it was mind reality that triggered symmetry breaking phase . It is mind reality that triggers oscillation phenomenon of the universe. It is the mind reality which is behind perfect cosmological principle . There is nothing like artificial intelligence in the universe . These mind particles constitute intelligence of the universe that controls the deterministic order of the universe. It is the mind reality behind all effects of the universe. But this is not our mind rather it is mind of Almighty B.B.B (Yang B.B.B or matter B.B.B. or Male B.B.B working as Highest center of the universe) . His mind could be manipulated by prayer only . as shown in figure 9.1 and 9.2

Learning and Memory and information s (Code PcPs) Net work in Brain [10]

Physics dictates the lowest limit of size of chip **but DIVINE mechanics does not**
Moore's Law Modified and Completed

Fig 13- The Theory of Computers and Brain are same – DIVINE MECHANICS

(Structural and Functional smallest Bit (mass) is B-Bit of the universe and the Divine Mechanical Unit is CCP , Code PcPs and CP.)

DIVINE MECHANICS The Theory of Computers and Brain is SAME as shown in Fig 13

Physics dictates the lowest limits of the size of chips [11]. But divine mechanics does not . Hence the bit is a typical unit of information. ((Classical and Quantum Bit) is wrong and to describe informations by adding qubit is also illusion as in complicate system ,it is the different thoughts expressions that describe informations . Informations are separate (Code PcPs) and bits (Electron of transistor) qubits (electron of diamond crystal) are separate. At DNA level the bit is nucleotide (A,T,C,G) and at Atomic level the bit is photon and electron , at particle level (secondary fermions and secondary bosons) the bit is primary fermions and primary bosons and informations are still code PcPs and at B.B.B level the bit is B.B.B (Yang mass and Yin mass - B- bit) it self and the information is carried by Code PcPs but at all level of all bit units the information storage system is CCP (Physiological arrow of Time) it never dies even after destruction of the universe. Hence informations are eternal . In computers, Bit is a structural configuration that describes informations of the system and informations are in form of Code PcPs. The working of the bit is triggered and controlled by thoughts of higher centers that form that bit. If the bit is classical (transistors of chips) the effect is different . But if the bit is qubit with entanglement the working is triggered and controlled by thoughts of higher center that form that crystal . In both the effect of describing informations would be different.

One is classical (thought expressions are fixed and limited)and other one is quantum (thought expressions are changing and more wide to describe the more wide complicated system to have fast results .) . In life sciences in Brain the bit is again Photon and the information s are Code PcPs and they are triggered and controlled by CCP of higher centers that is triggered by DIVINE MECHANICS .

In life sciences the CCP (cryptography) of B-bit expresses information's (Code PcPs) which were not fed like speaking Lie and unlike Bit of classical computer and qubit of QC it shows phenomenon of forgetfulness and IQ phenomenon (mental age /real age) . It is Higher functions of B.B.B or B Bit and it is life . Hence there is difference in some aspect of DIVINE MECHANICS \of Computers computation and Brain computation

Structure

2.1 Modified theory of atomic structure as Niels Bohr's theory has limitations in explaining different series of hydrogen spectra.

New assumptions of structure of hydrogen atom. – Divine Modified Niels Bohr 's Theory (**Divine MONB** Theory) as shown in Fig 14

1. Hydrogen atom is like a miniature solar system with the negatively charged electron moving in circular orbit around positively charged nucleus having positively charged particle proton. In this circular orbit or stationary orbits , electron is being held by single string of energized gravitons . This energy level is called ground state.
2. When Hydrogen atom is excited, the electron moves from ground state to excited state energy levels making a bigger circular orbit and having reached in this new energy levels , it also emits radiations . Hence absorption and emission of energy quanta occur simultaneously. Shifting is understood in inter orbital shift phenomenon.
3. When excitation is over, the electron once again come back to ground state energy level . All above mentioned events are triggered by different thoughts or atomic transcriptions from the nucleus or proton in case of hydrogen atom.
4. These atomic transcriptions are being triggered by conditioned stimulation of CCP by the message system made up of photons (second transcription or -ve charged photons or afferent path) coming from electron to proton and further they are transmitted by photons (second transcription made up of +ve charged photons, or efferent path) to electron. Having received the messages , electron works accordingly. Unless the thought is expressed, nature cannot work . as shown in Fig 14
5. When electron is in ground state, its interaction with energized graviton and electromagnetic photon is more hence IP -13.59ev (n=1) is required to remove electron from this energy level. During excited stage the interaction is different hence I.P. to remove electron from this state is -3.4ev (n=2), -1.511ev (n=3),- 0.850ev (n=4) , -0.544ev (n=5) respectively. It the changing thought of interaction with energized graviton and electromagnetic photons that gives changing effect .
6. Electronic configuration of higher atoms could be known by studying I.P. curve . Working of hydrogen atom as shown in Fig 14

Kalki Avatar – All In One Secular Deity

Fig 15 Teleportation of Highest center of universe or Almighty BBB or Lord Natraz BBB or Allah Ho Akbar , All in One Secular Deity Kalki Avatar in Balak Idol

If you see video of Barkat Ali , you would see that there was reincarnation of somebody in so called Balak idol that is still unknown but Barkat Ali called Ram Lalla Prakat ho gai . This incidence was presented as conspiracy by Babas rather than Chamatkar of Avatar that did happen after many years when ADHARMA exceeds on Earth. SC on its verdict on 9.11.19 did mention about title suit to Lord Ram as Ram Janma Bhoomi Sthat of Treta yug on Hindu Astha rather than reincarnation of some power on 22 23 dec 1949 in middle gummed of Babri mosque. Hence Judgment is erroneous on the part that a new power did reincarnate on Earth in Balak statue and hence it is Janma bhoomi of new reincarnation of Kalyug or Kalki Avatar rather than any matter related with Lord Ram or His birth place in Ayodhya as Ram Janma bhomi sthal of treta yug . This Kalki avatar should be allotted owner of disputed Land and His trust should take over the Land and construct Kalki Mandir rather Than Ram Mandir at Ayodhya. Hence what is happening by SC order is Fake by the name Ram Janam Bhoomi and Lord Ram lalla virajman temple .

The story does not end here rather after SC judgment, on 17.11 19 , Kalki Avatar started Tandav on Earth by spreading Covid 19 as His name is still out from scenario. Guess His name who reincarnated on 22 23 dec 1949 in Balak idol that was seen by Barkat Ali in middle gummed of Babri mosque and He spread Covid 19 and proved His annoyed mode on Earth by Tandav He is non other than Lord Naraj as Kalki Avatar and His trust is Almighty bbb social and educational trust 2016 , the Real trust that has His real photo , real thumb impression and real signature on trust deed . Ram trust has Fake photo of Lord Ram on Logo while Almighty bbb social and educational trust has Real Photo of Natraz . On seal and flag of UOG .Hence a Fake activity is going to trigger by Sinner and Fake PM of INDIA Mr Modi on 5 th August 2020. It would make Kalki Avatar more angry and outcome would be more damaging than Corona Tandav Globally .No doubt He did take avatars many times by different names globally as

He is Brahma , Vishnu and Maheshwara . But this time His original status is going to be disclosed as New identity as Kalki avatar rather than any previous names like Ram lalla virajman etc .That is why UOG is objecting Bhoomi puja on 5th AUG 2020 as it would be not in the honor of Kalki Avatar in Balak idol that Barkat Ali witnessed on 22 23 Dec 1949 in middle gummed of Babri mosque.All deities have same origin but different fate . Msans Kalki Avatar recognition is absent in History if the place is known as Ram Janma Bhoomi Trith sthal Ayodhya by Supreme Court .

2.3 Tandav by Kalki Avatar by spreading of Covid 19 globallu as punishment of Almighty God .

2.4 Programming of Teleportation from Tachyon Sea to Earth (micro level)

Fig 17 Programming of Teleportation from Tachyon Sea to Earth by TM (micro level)

In phenomenon of, following steps take place on Yang B.B.B – B-Bit of Corona Virus (Figure 17). It is TM that triggers and regulate the thought expressions by activating CP of that script .

1. CP removes RM (repressor mindness-green) from OM (operating mindness -orange) thus induction of recall is triggered
2. OM searches learning mindness on Anti mind particles (Anti mind particles script) of that thought script (blue filed circles- open eye) of **“Programming of Teleportation from Tachyon Sea to Earth”**.
3. But as that learning mindness is there with opening eyes of learnt anti mind particles .
4. Inactivated code PcPs **“Programming of Teleportation from Tachyon Sea to Earth”** mind particles triggering to lock on Anti mind particles script
5. Formation of activated code PcPs **“Programming of Teleportation from Tachyon Sea to Earth”** as stored messages was there in form of memory (open eye)
6. Finally there is activated message of **“Programming of Teleportation from Tachyon Sea to Earth”** is formed (Filled magenta circle – open eyes) by CCP (filled circle blue –open eyes) . CP makes phenomenon of splicing .
7. CP represses act of recall memory by adding RM (green) to OM (orange) . Thus recalling information s of **“Programming of Teleportation from Tachyon Sea to Earth”** get halt.

Phenomenon of Teleportation By Almighty God BBB or Highest Center of Universe (macro level)

Fig 17.1 Phenomenon of Teleportation and UPS in the mind of Almighty B.B.B (Allahtala) in Universe “I”

Dirac equation is illusion as mathematics does not have thought of mind and thought of Creator . Self positioning system (SPS) in brain triggers to know our surrounding and our location . It is being used by animals and birds during migration or navigation on earth . Global positioning system (GPS - computer) helps us to know our location and different place and their route on Earth . GPS does not make us to be lost in big cities if we have loaded origin and destination in our computer . There is one more system called universe positioning system (UPS). Our journey did not start with fertilization of ova with sperm rather it had started since origin of the universe(Tachyon sea) and our brain could predict our past and future transformations before we transformed into human beings . UPS helps to locate home of Almighty B.B.B (Tachyons Sea) as prayer reaches to Almighty B.B.B . All religions do IDOL worship of Two God particles in different ways. Unless brain sees idol of two God particles during worship or during namaz devotee sees home of Almighty B.B.B (Allahatala or Tachyon sea) and structure of Tachyons (One Yang and many Yins by brain , worship is incomplete Teleportation is the phenomenon made by Almighty B.B.B (Creator of universe and Aliens). As He descends from invisible universe (Tachyon sea) to Earth . First , message comes (first order of universe) to Earth B.B.Bs via first transcription (quantum entanglement) and B.B.Bs of Earth transform in to any shape (Trinity – Human beings or Almighty B.B.B in flesh form) and Trinity does such deeds that they occupy place in church and temple as idol worship . For example Lord Jesus , Lord Krishna or Lord Ram etc **The theory predicts that when** Almighty B.B.B teleports Himself , He (Creator of universe and Aliens) could tell exactly where Aliens reside in universe “I”

2.5 Fake and true trust of Almighty god Lord Natraz or Kalki Avatar .

Secular Trust All in One Deity Trust – Creator BBB or Sana tan Knowledge

Fake Shri Ram Janam Bhoomi Teerth Kshetra Trust and Fake LOGO As Photo of Ram lalla is Fake on Logo and Thumb impression on Trust deed is Absent . Lord Ram never takes Birth like us . Hence concept of Janam Bhomi is Fake . Avatar teleports from tachyon sea to Earth via Quantum Entanglement . Arrest Fake Trustee and stop all activities at Ayodhya .By order Ram Lalla Virajman

Fig 17 Fake Trust by the name of janamsthal of Lord Ram . But real trust by the name Kalki janma sthat on 22 23 Dec 1949 in a balak idol so called Ram lalla virajman

That is why UOG is objecting Bhoomi puja on 5th AIG 2020 as it would be not in the honor of Kalki Avatar in Balak idol as Secular Deity that Barkat Ali witnessed on 22 23 Dec 1949 in middle gummud of Babri mosque. Rather it is in honor of Lord Ram a Communal Deity which is a Wrong Honor by Adharmi PM by Wrong Silver Brick Gift by Fake Trust on a erroneous judgment of Supreme court on 9.11,19 Secular Kalki Avatar rights have been crushed by erroneous Judgment of Supreme Court . Hence SC Judgment 9.11.19 is Discarded by ACJ . Means Statuesque at Ayodhya dispute . All deities have same origin but different fate . Means Kalki Avatar recognition is absent in History if the place is known as Ram Janma Bhoomi Trith sthal Ayodhya by Supreme Court .

2.6 Why Lockdown is failed in India

Situation Report 107
The WHO Regional Director for the Americas, Dr. Carissa F. Etienne, warned that reducing social distancing measures "too soon could accelerate the spread of the virus and open the door for a dramatic upsurge or for spread to adjacent areas".

Curve (Red) is rising instead of falling after 23 April Means Prediction is failing . Means Theory of Modi is failed . Or assessment after lockdown is failed . Data are WHO Data on 23, 24, 25, 26, 27, 28, 29, 30, April 20 and 1,2,3,4,5,6,7,8,9,10,11,12,13, 14, 15,16,17,18,19,20, 21, 22, 23,24,25,26,27,28,29, 30,31 May, 1,2,3,4, 12, 13, 15 June 20
New cases are also increasing since 23 April20. There is No affect of Lockdown on new cases rather they are increasing Since 23 April 2020.

Please see increase in bar length (blue) of South East Asia race (India) . Means Lockdown theory is failed but it is must unless some protection is provided by Modi Government . dated 15 .6 .20 Situation Report 147

Please see graph yellow . But instead of yellow , nature followed Red graph . Means increasing both TCC and TCNC (in squares) . increase in TCNC per day means Virus load is increasing . Increase in TND per day means virulence or doubling time is enhancing . It is prediction of the Divine Mechanics theory

2.8 How Muslims and Buddhist and Christian get Justice in Ayodhaya Dispute by Curative petition .

MUSLIMS could get Justice only they offer Namaz at Ayodhaya before Allah ho Akbar or Allah Saranum guchami. As Namaz is idol worship of tachyon particle which are made up of two God particles or ardhnareshwar or satyam shivam sundaram or smallest idols of universe and their reconstruction on Earth is Lord Natraz or Allah ho Akbar .Lord Natraz or Allah ho Akbar has taken reincarnation as Kalkr avatar on 22 23 Dec 1949 in middle gummed of Babri mosque that Barkat Ali witnessed and UOG clarifies it .

RAM ,RAHIM ,JESUS AND BUDDHA all are One diety. Means All are reincarnated form of Lord Natraz or Allah ho Akbar. Allah ho Akbar bbb or Lord Natraz took many Avatars on Earth by different names , places and times .This time He Allah ho Akbar bbb or Lord Natraz took Avatar in a Balak idol so called Ram lalla virajman on 22 23 Dec 1949 in middle gummed of Babri mosque that was witnessed by Barkat Ali .On the eve of avatar of Allah ho Akbar bbb or Lord Natraz bbb all previous arguments regarding disputes get over . **Only His wish is now supreme. His wish is to tear and burn SC order dated 9.11.19 where they did not mention this evidence of Barkat Ali . It is now birth place of Allah ho Akbar bbb or Lord Natraz rather than His any previous Avatars like Lord Ram birth place .It is new truth and now petition is pending as curative petition before Him .** Till curative petition gets stilled by Him , no move in Ayodhaya dispoite . Means STATUSQUO. **Spread this message**

Namaz is worship of Tachyon particle made of smallest idol or Two god particles . Thus uplift on ban on idol worship in all Islamic countries is ordered by ACJ

Fig 24 PI See how People talk and know about COVID 19 . All Informations are erroneous to control spread of Covid 19 .

BISMILLA Rehman Rahim means VANDEMATRUM means honor and worship of female God particle or shakti ma idol or Allah.

Mr Johar Raza could be seen to attach on Religious sentiments of ancient believes on Solar eclipse that donot eat during Satak as God gets annoyed and could harm you . It is a type of warning that too to protect you form doing wrong or going against God's wish . **It is Science or fictions that to be studied by UOG** . Now coming to one more religious believe that on Tuesday Hindus avoid meat or nonveg . Reason is same God could get annoyed if you break the discipline and if you obey it God would protect you from evil souls . Now coming to Covid 19 attach on globe. Whether it is punishment of Almighty God to human races or it is some natural event of spreading of some viral pandemic.

Ans - it is punishment of God or Lord Natraz or Allah ho Akbar as ADHARMA HAS increased on Earth not natural calamities like other viral diseases .

Reason

1. It is racial discriminated attach triggered and controlled by First order of universe ie triggered and cotrolled by Highest center of universe or Almighty Bbb or Lord Natraz bbb or Allah ho Akbar bbb.
2. Dynamics of Covid 19 is different for different races . Ie viral load ie total new confirmed cases (TNCC) per day is more in American races than any other race on 5.7.20.

Viral doubling time ie TOTAL new death (TND) per day is maximum in American race (Brazil) than any other races ON 5.7.20 .

Death rate was maximum in Europe race ie 13 .01 / day than in any other races like western Pacific (China 5.07) , American race (4.59) , western Mediterranean (6.59) , South East Asia race (India 2.23) and African race (South Africa 1.35) as studied on 23 May 20 . Means Almighty's death punishment (Act of God) is different in different races .

In India lockdown is failed after 25th March 20 .As Almighty God Lord Natraz bbb or Allah ho Akbar bbb is annoyed of Modi as he did not launch Global covid eradication program 20 as advocated by Spiritual Science rather Modi did believe that with the help of Lockdown he could control Covid by 16 May 20 . It was prediction of Lockdown theory . And it got failed . This proves that Covid spread globally and in India is triggered and controlled by Divine mechanics rather than any physical sciences of failure of Lockdown .

3. All do require protection as advocates by UOG ie Global Covid eradication program 20 . Means say , " O God help us " and know Science of prayer and know Allah in the light of science. By order Acj.

More than 7 million cases of COVID-19 and over 400 000 deaths have now been reported to WHO. Although the situation in Europe is improving, globally it is worsening. On Sunday, more than 136 000 cases were reported, the most in a single day so far. In countries seeing positive signs, **the WHO Director-General warned in his media briefing yesterday 'the biggest threat now is complacency'**.

Interaction with Sectary of President of India 4.8.20. PI spread it

SC judgment dated 9.11.2019 where they removed Muslim paksh from disputed land to other place did show that their Creators (Bhagwan) are different . But in reality the Creator of Both are same i.e, Mahakaal Lalla Virajman and He is Allah Hu Akbar too . Another mistake that SC did is that they detached the sue of Buddha Bihar without listening it . It is violation of Almighty's order of performing duties correctly as judges are abidr by OATH of Almighty God Lord Natraz BBB. Almighty God Lord Natraj Who wrote in Bible Luka 18;16 that "Let the children come to Me . Do not stop them " . Hence Mahakaal Lalla Virajman got annoyed of this conspiracy played by judges of SC , He spread Covid 19 globally that still having its bad effects in India and abroad . It is by virtue of immature acts of SC judges of performing their duties and making erroneous conclusion on page 1045 .. Not only this Dr D.Y.Chadrachud who was Chief Justice Allahabad HC in 2014 did blunder when Almighty God Lord Natraj BBB filed PIL 25404/2014 that to issue a mandamus that " Science Of Prayer " should be taught in schools and colleges so that students should know about Almighty God . He did not listen a word of 100 pages PIL rather he wrote that it is not PIL and dismissed the PIL . He does not know that out of 8 billions people globally 80% do prayer and he laughed on their inquisitress and believed them fools .. Dr D.Y. Chadrachud who was one of 5 judges of SC by virtue of his immature act , despite of lockdown the severity of Covid 19 in India did not lessen rather it touched beyond prediction and thus india's GDP lowered to -23 during Covid 19 attach in India. And thus India and Globe are badly affected economically by mistakes done by 5 judges in their judgment dated 9.11.2019 Figure 25 .

Majority of countries on the brink of recession

Real GDP growth, Q1 2020

Fig25 Tandav Effect on GDP - India and Globe badly affected recession GDP growth during pandemic by virtue of erroneous judgment SC dated 9.11.2019

Conclusion

Almighty God Lord Natraz BBB Or Allah Ho Akbar creator of Universe "I" do reincarnate when adharm exceeds on Earth . Means Teleportation phenomenon as Kalki Avatar On 22-23 Dec 1949 in middle gumm of Babri Mosque . Covid 19 spread is tandav Globally by Him . Means disputed land is Kalki's Birth Place rather than Janmasthal Of Lord Ram Of Treta Yug an erroneous judgment by SC On 9.11.2019 – A New truth under Curative Petition by Almighty Court Of Justice .On the eve of avatar of Allah ho Akbar bbb or Lord Natraz bbb all previous arguments regarding disputes get quashed. **Only His wish is now supreme. His wish is to tear and burn SC order dated 9.11.19 where they did not mention this evidence of Barkat Ali . It is now birth place of Allah ho Akbar bbb or Lord Natraz rather than His any previous Avatars like Lord Ram birth place .**
