
Abstract

Subjudice matter under Sec10 CPC 1908 related with Ayodhaya dispute is now under trial at Appellant Authority of India ( President of India ) w.e.f 2.8.21 . Hence construction of Ram temple must get stayed by administrative authority of Ayodhaya . An application has been moved to commissioner Ayodhaya to execute Statusque w.e.f 2.8.21 on Ram Temple construction as ordered by Supreme Court judgment dated 9.11.2019 . Idol of Mahakal Lalla Virajman ( nick name Ram Lalla Virajman ) who is not only juristic person in this dispute but also has juristic right to move to Appellant authority of India in this matter . His affidavit which is a judicial document with an statement document generated by SSP Farrukhabad dated Dec 2017 have been submitted along with content of FIR dated 23 Dec 1949 when He teleported on 22 23 Dec 1949 in middle gummed of Babri Mosque as Idol Balak avatar witnessed by Abdul Barkat Ali an only eye witness did not reach HC 2010 judgment making the entire issue spurious and erroneous.

Unless 25 Crs Islamic people who live in India leave illusive islam of Mohammad Sahib that prohibits idol worship and kills those who do idol worship means Islamic jihad, they are devoid of voting right in India being Arabian or obeying Arabian culture that originated 1400 years ago from Arab . To get voting right in India these Islamic people have to get themselves reformed by knowing Science of Prayer and Know Allah in the light of Science . Till they are not privileged to be getting voting right and to occupy high post of MP , MLA or PM and President of India as they are abide by Independence Act 1947 that divided this country on two nation theory . Means Indians are those who do worship of idols live in India and who donot worship idols would live in Pakistan . On this fundamental basis 25 Crs Islamic people who live in India are Arabian not Indian . Hence Constitution of India 1050 gives voting right to Indians only not to Arabian who live in India after 1047 . Reforms in Islam globally starts with Fatwa of Khuda Almighty God Lord Natraz or Allah Hu Akbar w.e.f paper published on reforms dated 20 Sept 2021 .[12][13]

**Dear Sir**

Subject Three Misconducts done by SC of India in Ayodhaya Dispute. part 3

There are three misconducts done by SC of India in Ayodhaya dispute. Part 3

1. A government paper dated Dec 2017 which is official record of statement of Almighty God prepared and sent by SSP Farrukhabad about Ayodhaya dispute final verdict to be imposed did not endorse by SC in judgment dated 9.11.2019. Why?
2. An affidavit which is judicial document and examination in chief recorded under sec 137 of evidence act 1872 of Lord Ram who reincarnated second time after 1554 in Ayodhaya now residing in Orcha, denies Ram temple construction in Ayodhaya as he left his claim on his title suit which was not proved yet by fake order of SC dated 9.11.2019. Hence when Devta's wish is against SC judgment, under such circumstances SC order dated 9.11.19 is spurious and should be squashed.

3. VIDHATA Who teleported on 22 23 Dec 1949 and title suit belongs to him. His document eye witness of teleportation did not reach HC and SC is a failure of judicial system of the country. Under such circumstance the Appalent Authority of India has registered petition of Almighty God Lord Natraz and it is on record that petition is subjudice. Under such circumstances Construction of Ram temple must be stopped by administration Ayodha and freezing of bank accounts must be ordered so that further action on Ayodhaya dispute is made STATUSQUO wef 2.8.21.

By order
Almighty God Lord Natraz BBB or Mahakaal Lalla virajman Ayodhaya.

What is New Physics or Physics of Mind?

Physics of Mind

Quantum Consciousness – According to Physicists and Biologist

The nature of consciousness remains deeply mysterious and profoundly important, with existential, medical and spiritual implication. We know what it is like to be conscious – to have awareness, a conscious ‘mind’, but who, or what, are ‘we’ who know such things? How is the subjective nature of phenomenal experience – our ‘inner life’ - to be explained in scientific terms? What consciousness actually is, and how it comes about remain unknown. The general assumption in modern science and philosophy - the ‘standard model’ - is that consciousness emerges from complex computation among brain neurons, computation whose currency is seen as neuronal firings (‘spikes’) and synaptic transmissions, equated with binary ‘bits’ in digital computing. Consciousness is presumed to ‘emerge’ from complex neuronal computation, and to have arisen during biological evolution as an adaptation of living systems, extrinsic to the makeup of the universe. On the other hand, spiritual and contemplative traditions, and some scientists and philosophers consider consciousness to be intrinsic, ‘woven into the fabric of the universe’. In these views, conscious precursors and Platonic forms preceded biology, existing all along in the fine scale structure of reality.
My research involves a theory of consciousness which can bridge these two approaches, a theory developed over the past 20 years with eminent British physicist Sir Roger Penrose. Called ‘orchestrated objective reduction’ (‘Orch OR’), it suggests consciousness arises from quantum vibrations in protein polymers called microtubules inside the brain’s neurons, vibrations which interfere, ‘collapse’ and resonate across scale, control neuronal firings, generate consciousness, and connect ultimately to ‘deeper order’ ripples in spacetime geometry. Consciousness is more like music than computation.

Colleagues Travis Craddock and Jack Tuszynski and I also study how anesthetics act in microtubules to erase consciousness, and with Jay Sanguinetti, John JB Allen and Sterling Cooley, we are studying how transcranial ultrasound (TUS) can be used noninvasively to resonate brain microtubules and treat mental, cognitive and neurological disorders. Many thanks to my assistant Abi Behar-Montefiore and Ed Xia for maintaining this website.

1.2 Mind and Mass Realities [2]
Atomic genetics is the branch of science where we investigate about fundamental interactions of the universe i.e. atomic transcription and translations. New words have been coined to understand hidden science of mind part of reality. Mind reality has been recognized as different faces by “I” about 5000 years back to Arjuna in Mahabharata as shown in Fig 1. It is just like to understand any language through Alphabets. These are (different faces) Alphabets of mind reality. One Mind reality has one face identity and the second mind reality has second face identity and so on. The facial expression represents phenomenon of intelligence and different faces represent different types of properties carrying property. The open eyes means property is activated while close eye means property is inactivated. In spite of carrying properties conscious ness they also know how to conduct not only origin of universe but also how to create two different universe i.e. next creation could be different from this creation. In all, it is automatic system of the universe. The mind realities which are of good properties have devtas face identity (first five faces on both side) and those mind realities which are of bad properties have demons face identity(last four faces on both side). These are named as code PCPs or messenger atomic genes. The central face is CCP or Thought script where all thoughts of the universe are banked. It is bank of data of all informations of the universe. It is face identity of Anti mind particles as data of all information’s of the universe are stored as anti mind particles. It is the Time mind ness (biological clock) that keeps on expressing different thoughts from this thought script (CCP). There are four more faces (black bodies) shown on extreme left and right floating in fire are CPs (translating Atomic genes). That translates the messages and realizes it and reacts accordingly.[2]

**1.3. Messages From Biological world to understand B.B.B world as shown in Fig 2 [2]**

**Fig. 2 Parallel teaching by participatory science**

The standard model not only modified rather it has been completed [3] with introduction of energized gravitons, primary fermions, primary bosons, Basic Building Blocks, Mind and Tachyons as shown in Fig 3
Participatory science has coined some new words and there are some words which already exist in physics. Both these words are defined here and the definitions are according to participatory science. It has no relation with the definitions given in modern physics.

1. **Mass** - The part which gives shape to the smallest mass unit i.e. basics building blocks (B. Bs.) is called mass.

2. **Matter** - Mixture of fermions and bosons or only bosons which are made up of mass (B.B.Bs) and that is why we realize their shape is called matter.

3. **Inertial mass** - Mass (smallest mass units i.e. B. Bs) having inertial properties (classical inertia) either absolute rest or uniform motion in straight line is called inertial mass. Or Number of B. Bs. Per unit space present in bigger units is called inertial mass. Or Total matter contained by the bigger units or total number of fermions and bosons contained by the bigger units is called inertial mass. Therefore it never changes from place to place.

4. **Gravitational mass** - The mass (interacting surfaces) which takes part in gravity (divine energized gravitons theory) interaction (which is due to mind) is called gravitational mass. When gravity interaction increases (number of divine energized gravitons increases)
the interacting mass (interacting surface) also increases or when interacting mass (interacting surfaces) increases, gravity interaction (number of divine energized gravitons) also increases. Therefore gravitational mass (interacting mass or surfaces) changes from place to place. It is the fed mind that decides gravity interaction. We shall discuss it in gravity chapter and in atomic genetics.

5. Pure m (matter) mass :-m matter mass (smallest mass unit or B.B.B) which have got inertial property of absolute rest.

6. Energy mass:-Energy mass (smallest energy mass unit B.B.B) which have got inertial property of uniform motion in straight line and which also gives shape to the bigger energy mass (Higgs Bosons etc) units.

7. m (impure matter) of E=mC^2 :-Matter particles (fermions) which have got spin property are called impure matter particles.

1.4 Prayer message formation in brain.

In atomic transcription and translation of prayer [5], following steps take place on Yang B.B.B – B-Bit as shown in Figure 4.

1. CP removes RM (repressor mindness-green) from OM (operating mindness-orange) thus induction of atomic transcription triggers.

2. OM triggers activation of free mind particles (black-inactivated code PCPs) of that thought script (magenta) of “o god help me”.

3. Free mind particles (black-inactivated code PCPs) get attached to anti mind particles script (magenta one) to form messenger thought script of “o god help me”.

4. Messenger atomic genes (black) get activated by anti mind particles thought script and further they get detached from anti mind particles thought script to form activated messenger atomic genes (activated code PCPs) (magenta) of “o god help me”.

Fig 4 Divine Mechanics - Prayer message formation in brain
5. CP carries phenomenon of splicing by translating the messenger activated atomic genes (activated code PcPs) and finally there is activated message of “o god help me” is formed.

6. CP represses atomic transcription by adding RM (green) to OM (orange). Thus atomic transcription gets halt.

Having formed the message it comes out in three forms.

In atomic genetic engineering (prayer) we use our basic power i.e. power of B.B.Bs. Our B.B.B. (higher center) talks with highest center of the universe by sending the message by first transcription. Till today nobody knows how does the brain generate thoughts. I am going to tell you that mystery too. In the frontal lobe the neurons are responsible for thought generation. In the neuron there is electrical activity called pacemaker activity which is occurring between dendrites and the body of the neuron. The membrane of the cell is made up of atoms and atom is made up of B.B.Bs. At the level of B.B.B. say thought of 'O GOD HELP ME' is expressed. As a result programmed messages of O GOD HELP ME (code PCPs) are formed. Out of three programmed messages, one is carried by atomic genes to highest center of the universe. It is called THOUGHT RAY (Quantum entanglement) which is made up of pure atomic genes and then the message goes through phenomenon called first transcription. They come out from brain directly. The other two messages are carried by photons from nucleus of atom to electrons. Here they are modulated on electrical activity of the cell called pacemaker activity. Further they are modulated on actions potentials going towards REALIZING CENTER situated in brain stem (RAS) and from RAS to speech area situated in the frontal area. Target B.B.Bs. of the realizing center finally realizes thought effect of O GOD HELP ME. While from speech area message goes to motor cortex again via RAS and from there to vocal cords and finally it comes out as a speech effect of O GOD HELP ME. In layman's terminology formation of the thought ray means PRAYER as shown in Fig 4

Where Does Prayer Message go?

Prayer message goes as shown in Figure 5 to highest center of the universe via first transcription where it is realized and it is accepted, the highest center sends two messages to B.B.Bs working as higher center in cancer cell. These messages are message of inhibition of abnormal thought expression and message of activation of normal thought expression. Having received the messages, higher center stops expressing the abnormal thoughts and it starts expressing the normal thoughts. As a result, there are no more abnormal programmed messages and in place of that normal programmed messages are there. Now the messages have shifted from abnormal (5 and 6) to normal (2 and 3). This shifting of thought expression is called ATOMIC GENETIC ENGINEERING as shown in Figure 4.1

The changed messages reach to target B.B.Bs. through same route. Having received the changed messages, target B.B.Bs. stop expressing the previous programming and they start expressing the normal programming. As a result the cancer cells transmutate into normal cells. Or diseased cell gets cured [6] as shown in Fig 4.1
Fig 4.1  A.G.E and Final stamp of success to New Theory[6]

1.5 Message system of the Universe

Before the origin of the universe [2] nature had only one type of message systems which is called FIRST TRANSCRIPTION. Messages (Code PcPs) used to go from one B.B.B. to another B.B.B. by atomic transcription. Messages were carried by atomic genes (Code PcPs) with very very high velocity. It is the fundamental message system.

After the origin of the universe, nature created atoms. It also created one more message system called SECOND TRANSCRIPTION. Here the message (code PcPs) are carried by photons from one atom to another atom with velocity of light. Thus atoms, molecules, cells, and even individuals talk with one another.

After the formation of the cell, nature created one more system called THIRD TRANSCRIPTION. Here there is a message storage system formed by DNA. There are messenger molecules called mRNA that carry message from DNA script to cytoplasm where the message (code PCPs) is read or translated by ribosome and they work accordingly. Thus the messages reach to enzymes and hormones and finally messages reach to target units. Having received the messages, target units work accordingly. Finally life effects (metabolic) are observed.

These three types of message systems are working in the nature. These message system are being used by the nature according to nature’s need. as shown in Fig 5.

FINAL STAMP OF SUCCESS TO THE THEORY

A Randomized, Controlled Trial of the Effects of Remote, Intercessory Prayer on Outcomes in Patients Admitted to the Coronary Care Unit

Context Intercessory prayer (praying for others) has been a common response to sicknesses for millennia, but it has received little scientific attention. The positive findings of a previous controlled trial of intercessory prayer have yet to be replicated.

Objective To determine whether remote, intercessory prayer for hospitalized, cardiac patients will reduce overall adverse events and length of stay.

Design Randomized, controlled, double-blind, prospective, parallel-group trial.

Setting Private, university-associated hospital.

Patients Nine hundred ninety consecutive patients who were newly admitted to the coronary care unit (CCU).

Interventions All time of admission, patients were randomized to receive remote, intercessory prayer (prayer group) or not usual care group. The first names of patients in the prayer group were given to a team of outside intercessors who prayed for them daily for 4 weeks. Patients were unaware that they were being prayed for, and the intercessors did not know and never met the patients.

Main Outcome Measures The medical course from CCU admission to hospital discharge was summarized in a CCU course score derived from blinded, retrospective chart review.

Results Compared with the usual care group (n=524), the prayer group (n=468) had lower mean(SD) weight (68.350.26 vs 71.350.7; P=0.4) and unweighted (2.701 vs 3.601; P=0.04) CCU course scores. Lengths of CCU and hospital stays were not different.

Conclusions Remote, intercessory prayer was associated with lower CCU course scores. This result suggests that prayer may be an effective adjunct to standard medical care.

1.6 How does nature work & triggering of normal & abnormal effects

To understand creation physics as shown in Fig 6 and Fig 7. There are two types of thought stimulation [2]. One is CONDITIONED THOUGHT STIMULATION and other one is UNCONDITIONED THOUGHT STIMULATION.
STIMULATION OF THOUGHT EXPRESSION --- There are two types of thought expressions one is CONDITIONED STIMULATION of thought expression, and other one is self stimulation of thoughts i.e. UNCONDITIONED STIMULATION of thought expression.

At the time of the origin of the universe, all effects got created. The cause of all effects of the universe is THOUGHT expression. These thought expressions were triggered by UNCONDITIONED OR SELF STIMULATED WAY. It is the first step and it is followed by PROGRAMMING or formation of programmed messages by code PCPs. This programmed message moves from higher centers to target B.B.Bs. it is called INTERACTION. Having received the messages, the mind and mass of the target B.B.Bs. work in a synchronized way so as to produced the effects as thought by a the higher center. If the thought expression by higher center is normal, the shapes, properties and laws produced by target B.B.Bs. would be normal and if the thought expressions are abnormal, the shapes, properties and laws would be abnormal. This is the basic concept of transmutation phenomenon. Finally what we observe is called EFFECT.

Appearance of new shapes, properties and laws is called TRANSMUTATION. The first three steps are collectively called CCP. During transmutation process if CCP is written, it does mean that unless the thought, programming and interaction take place, nature cannot transmute. Transmutation phenomenon is seen in particles, atoms, molecules and even in cells. The basic steps of any transmutation remain the same except that the thought expressions differ.

The subatomic particle are made up of more fundamental particles called Basic Building Blocks (B.B.Bs) which are made up of mind and mass. These B.B.Bs are divine in nature with the result they talk with each other by phenomenon called atomic transcription and translation (thought expressions). The triggering of broken symmetry is caused by atomic transcriptions. Unless the atomic transcriptions occur, subatomic particles could never exhibit phenomenon of broken symmetry. So the broken symmetry is never spontaneous. It is being misunderstood that sub atomic particles do have spontaneous activities as far as broken symmetry is concerned. Hence the Nobel prize physics 2008 awarded to this work is too early to give prize.
Fig. 6 Divine Mechanics – How Does Nature work?
1.7 Message network of the Universe (Feed Back Mechanism and different centers of the Universe)

With the origin of universe, nature first created primary units i.e. primary fermions (gravitation) and primary boson, these primary units are equipped with one higher center (one B.B.B.) and rest of the B.B.Bs. are working as lower centers or target B.B.Bs.[2] After primary units, nature created secondary units i.e. secondary fermions and secondary bosons. Similarly nature created tertiary units (lepto-quarks) and then quaternary units (protons & neutrons).
Each unit is equipped with higher centers, lower centers and target B.B.Bs. After quaternary units nature created atomic units, molecular units, complex molecules of life units, organelle units, cell units, tissue units, organ units, system units and individual units. Each unit is equipped with higher centers, lower centers, and target B.B.Bs. Similarly nature created satellite units, planet units, solar system units, galaxy units, super galaxy units, dark matter layer unit. These units are also equipped with higher centers, lower centers and target B.B.Bs. Thus our universe is divided into different units and each unit is equipped with higher and lower centers. All higher centers are under control of highest center of the universe by efferent paths. This efferent path is made up of first transcription. Higher centers can send messages to highest center of the universe by afferent path or feed back path. Thus highest center of the universe is well informed about all effects of the universe. Messages can come from lower centers to higher centers and from higher centers to highest center of the universe via afferent path. The highest center of the universe can send messages to higher centers and from higher center to lower centers. There is an inter unit message network also which is made up of first, second and third transcription depending upon the nature's need. Thus the entire universe is under control of highest center of the universe. Highest center can change any programming programmed by it during pre creation era as shown in Fig 8.
1.8 Origin of the universe [7]

Fig. 8 Messages Network of the Universe
Fig. 9 Development of the Universe

Before the origin of the universe, these Basic Building Blocks (B.B.Bs) as shown in Fig-3 were in the form of tachyons as shown in Fig-9 [7]. It means that at that time the tachyons were everywhere in the universe. Let us look at the structure of tachyons; it is made up of one matter B.B.B. (YANG) and many energy (YINs) B.B.Bs. Initially out of the infinite tachyons, one became the highest center of the universe. Messages used to go from highest center to rest of the universe and messages could come from rest of the universe to highest center of the universe by atomic transcription. Thus highest center had fed its thought to rest of the B.B.Bs. that would take part in creation—that they would express only those thoughts to give desired effect as wished by the highest center of the universe. So all B.B.Bs were informed about their role before creation of the universe. In pre-creation era programming of the future universe was done by highest center of the universe.

Our universe is oscillating and it is a divine universe. It means that it has a creation phase and a destruction phase. During creation phase tachyons break into their B.B.Bs. and from these B.B.Bs, formation of fermions and bosons take place as shown in Fig 3.1. After the creation phase, destruction would start and in this phase all created particles would again break into their B.B.Bs and finally tachyons would form. At the time of origin of the universe, all the effects got created. These effects are taking of different shapes and appearance of properties and laws. All these effects are studied in various branches of science.

With the origin of the universe, nature first created a sphere of COLD DARK MATTER (C.D.M) and canals in it. With the result space got created. At the other end of the canals, hot reaction started (the relics are back ground radiations 2.7 degree K of our hydrogen clouds). As a result hydrogen clouds and lot of radiations were created. The empty canals were filled by these hydrogen clouds and radiations and thus QUASARS appeared in the universe. Simultaneously C.D.M. layer started expanding and clouds and radiations kept on coming in this closed universe as shown in Fig 9. With the passage of time more and more C.D.M. layer formed, more and more quasars formed. The hydrogen cloud came in this closed universe. They started running towards C.D.M. layer as they
were attracted by the gravity of C.D.M. layer. Those clouds, which were nearer, moved faster than those, which were away from CDM Layer. The HUBBLE LAW, can thus be explained. With some more passage of time, clouds were joined to form GMC (giant molecular clouds). Later by self-gravitation different proto stars, proto planets, proto satellites were formed. Finally stars became bright and thus bright galaxies appeared in this universe. Our universe is still in expansion phase and creation is still going inside quasars. It is to be remembered that highest center of the universe does not come in the visible universe. It keeps on receiving the messages by atomic transcription and it has power to change any programming programmed by it during pre-creation era.

It is the atomic genes which constitutes mind part of reality. Mind incorporation in physics is awaited as theory of every thing is not yet investigated. I have investigated theory of every thing (ToE) and I found that while studying unified theory at the time of origin of the universe by Hoyle Narlikar universe, it was mind reality that triggered symmetry breaking phase. It is mind reality that triggers oscillation phenomenon of the universe. It is the mind reality which is behind perfect cosmological principle. There is nothing like artificial intelligence in the universe. These mind particles constitute intelligence of the universe that controls the deterministic order of the universe. It is the mind reality behind all effects of the universe. But this is not our mind rather it is mind of Almighty B.B.B (Yang B.B.B or matter B.B.B. or Male B.B.B working as Highest center of the universe). His mind could be manipulated by prayer only. as shown in figure 9.1 and 9.2

1.10 Divine Mechanics and Brain Computation

Learning and Memory and information s (Code PcPs) Net work in Brain [10]
At all steps, these are B.B.Bs (B-Bit) that are responsible for information’s control and triggering. If CCP is written it means unless atomic transcription and translation occur, brain cannot have learning and memory triggering and control and it is called Divine Mechanics of Biology and it is life. These are higher thought expressions of B.B.Bs. In Bits of classical computers and qubits of QC, the thought expressions are lower and different but the mechanics (DIVINE) remains the same, as shown in Fig. 12.

**Divine Mechanics and Brain Computation**

**Fig 12** Divine Mechanics of Brain Computing System – Learning and Memory
Physics dictates the lowest limit of size of chip **but DIVINE mechanics does not**. Hence the bit is a typical unit of information. ((Classical and Quantum Bit) is wrong and to describe informations by adding qubit is also illusion as in complicate system, it is the different thoughts expressions that describe informations. Informations are separate (Code PcPs) and bits (Electron of transistor) qubits (electron of diamond crystal) are separate. At DNA level the bit is nucleotide (A,T,C,G) and at Atomic level the bit is photon and electron, at particle level (secondary fermions and secondary bosons) the bit is primary fermions and primary bosons and informations are still code PcPs and at B.B.B level the bit is B.B.B (Yang mass and Yin mass - B-bit) it self and the information is carried by Code PcPs but at all level of all bit units the information storage system is CCP (Physiological arrow of Time) it never dies even after destruction of the universe. Hence informations are eternal. In computers, Bit is a structural configuration that describes informations of the system and informations are in form of Code PcPs. The working of the bit is triggered and controlled by thoughts of higher centers that form that bit. If the bit is classical (transistors of chips) the effect is different. But if the bit is qubit with entanglement the working is triggered and controlled by thoughts of higher center that form that crystal. In both the effect of describing informations would be different.

One is classical (thought expressions are fixed and limited) and other one is quantum (thought expressions are changing and more wide to describe the more wide complicated system to have fast results). In life sciences in Brain the bit is again Photon and the information are Code PcPs and they are triggered and controlled by CCP of higher centers that is triggered by DIVINE MECHANICS.

In life sciences the CCP (cryptography) of B-bit expresses information's (Code PcPs) which were not fed like speaking Lie and unlike Bit of classical computer and qubit of QC it shows phenomenon of forgetfulness and IQ phenomenon (mental age/real age). It is Higher functions of B.B.B or B Bit and it is life. Hence there is difference in some aspect of DIVINE MECHANICS of Computers computation and Brain computation.
Structure

2.1 Modified theory of atomic structure as Niels Bohr’s theory has limitations in explaining different series of hydrogen spectra.

New assumptions of structure of hydrogen atom. – Divine Modified Niels Bohr’s Theory (Divine MONB Theory) as shown in Fig 14

1. Hydrogen atom is like a miniature solar system with the negatively charged electron moving in circular orbit around positively charged nucleus having positively charged particle proton. In this circular orbit or stationary orbits, electron is being held by single string of energized gravitons. This energy level is called ground state.

2. When Hydrogen atom is excited, the electron moves from ground state to excited state energy levels making a bigger circular orbit and having reached in this new energy levels, it also emits radiations. Hence absorption and emission of energy quanta occur simultaneously. Shifting is understood in inter orbital shift phenomenon.

3. When excitation is over, the electron once again come back to ground state energy level. All above mentioned events are triggered by different thoughts or atomic transcriptions from the nucleus or proton in case of hydrogen atom.

4. These atomic transcriptions are being triggered by conditioned stimulation of CCP by the message system made up of photons (second transcription or -ve charged photons or afferent path) coming from electron to proton and further they are transmitted by photons (second transcription made up of +ve charged photons, or efferent path) to electron. Having received the messages, electron works accordingly. Unless the thought is expressed, nature cannot work, as shown in Fig 14

5. When electron is in ground state, its interaction with energized graviton and electromagnetic photon is more hence IP - 13.59ev (n=1) is required to remove electron from this energy level. During excited stage the interaction is different hence IP to remove electron from this state is -3.4ev (n=2), -1.511ev (n=3), -0.850ev (n=4), -0.544ev (n=5) respectively. It the changing thought of interaction with energized graviton and electromagnetic photons that gives changing effect.

6. Electronic configuration of higher atoms could be known by studying I.P. curve. Working of hydrogen atom as shown in Fig 14.

2.2 To EC and HM of India According to constitution of India, An Indian has right to become MP, MLA, PM or President of India. New definition of Indian based on Two Nation Theory 1947 Independence Act.

https://youtu.be/k4Xms-dSHFw
To EC and HM of India  According to constitution of India, An Indian has right to become MP, MLA, PM or President of India. By revised definition An Indian is that man or woman that worships idol. Hence only such people who do idol worship could write Indian against Column Nationality. Hence those who prohibit idol worship are not Indian. Hence their voting right as well as being Indian right have been abundant. According to this new definition, Muslims are not Indian. Means they are Arabians as they obey Islamic values of prohibition of idol worship that originated from Arab about 1400 years back. The word Hindu means those who worship idol of Lord Shiva are called Hindu. Means they belong to Hindu religion of Indian origin.

Hence 25 CRs Muslims that obey illusive Islam of Mohammad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad are not Indian. Hence their Nationality is not Indian. Hence they are devoid of such privilege in India in election 2021-22 onwards.

According to constitution, An Indian has right to vote and to occupy high post in parliament or vidhan sabha or to become President of India etc. By order ACJ Barfani Baba Fatehgarh or Mahakaal Lalla virajman Ayodhaya.

**FATWA Of Almighty God Lord Natraz or Allah Hu Akbar**

Further put idol of Lord Natraz bbb or Creator BBB or Allah hu Akbar in all Mosques of world and offer namaz before this idol and also put His real photo in all houses that has been flashed in fridge of UOG as Barfani Baba or Allah hu Akbar.

Failing which would be considered misconduct and punishment is according to Islamic law ie shirk or Apostasy or death. Now reforms in Islam starts with these pictures

**Fig. 16** Divine Mechanics Unit – CCP, CP and information = Code PcPs with B-Bit = Mass
True Islam is different than illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad.

1. Namaz is idol worship of tachyon particles which are made up of two God particles or ardhnareshw and they are smallest idols of universe. It’s photodepiction is Lord Natraz BBB or Allah hu Akbar.

Either all momins leave illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship and adopt True Islam by putting idol of Lord Natraz bbb in All mosques of world and know science of prayer and know Allah in the light of science or leave offering Namaz, avoid going Mosque or Haj or reading Quran or having Roza or giving Zakat as all these 5 rituals are related with Budparasti or idol worship and it is ban in 57 Islamic countries.

Any momin founds indulging in 5 above activities means he is indulged in Budparasti or idol worship, 5 to 10 wips would be imposed as punishment as he is working against illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship ie Islamic Jihad.

Hence All DM, CM, PM of India are ordered to ban all above five things that are symbols of Budparasti or idol worship.
There is ban on five things. According to illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means islamic jihad and in 57 (OIC) countries there is ban in idol worship. Hence ban on following five things

1. Namaz as it is idol worship of Tachyon particle whose photodepiction is Lord Natraz BBB or Allah hu Akbar.

2. Reading Quran in madarsas as Quran means about Allah means two God particles or Its photodepiction depiction is Ardhnareshwar. The smallest idol of universe. Quran is Shiv puran.

3. Haj. Macca is kaba of Allah means two God parcles and its photodepiction is Ardhnareshwar or smallest idol of universe. Hence Macca is house of Ardhnareshwar or Shiva. The smallest idols of universe or Allah.

4. Roja. There is ban on Roja as it is in honor of Allah hu Akbar or Lord Natraz bbb or Creator of universe and who is worshiped in Namaz as Tachyon particle which is made up of Two God particles whose photodepiction is Ardhnareshwar or Shiv Shakti God particles the smallest idol of universe.

Jakat. Ban on Jakat. Means order of Again Allah hu Akbar or Lord Natraz bbb or Mahakaal Lalla virajman Ayodhaya who teleported on 22 23 Dec in middle gummed of Babri Mosque as balak idol avatar and now it is His title suit.

Hence Almighty God Lord Natraz BBB Allah hu Akbar who is ruling India and abroad since 6th March 2014 orders all DM, CM and PM to close All mosques, all madarsas and of India and abroad ie OIC where there is ban on idol worship.

PI spread this order globally

Unless there opens on idol worship by putting idol of Natraz in all mosques of world and offer namaz before it, ban on 5 things of Islamic rituals would sustain.

By order ACJ Barfani Baba of Fatehgarh or Mahakaal Lalla virajman Ayodhaya

By order Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator of universe.

People of Islam are not only more illiterate but also they are more blind and fool than Hindus.

1. They did not read Quran by Almighty God Lord Natraz BBB or Allah hu Akbar who is Creator and wrote Quran.

2. The first page to be understood is 99 names of Allah.

3. Allah means primary God of science or two God particles one is male means Shiv and another one is female or Shakti ma. It’s photodepiction is Ardhnareshwar. Allah means Two God particles of which every thing is made up of. Hence meaning of La illaha illillaha is No other deity to be worshiped other than Allah. Means Ardhnareshwar who is God particle is only deity to be worshiped as it is primary God of science and it is Allaha. Hence Quran is Shiv puran and vice versa.

4. Allah means that there are two God particle. It’s photodepiction is Ardhnareshwar and they are smallest idols of universe. OF WHICH EVERY THIMG IS MADE UP OF.

5. Means every thing is Allah, every book is Quran. Hence All worships are Allah’s worship. Means worship of Two God particles or Shiv Shakti or Ardhnareshwar.

6. In Namaz momins worship tachyons particle which are made up of two God particles and its photodepiction is Lord Natraz BBB or Allah hu Akbar or
Yahoba or Parmeshwar or Vidhata or Creator of universe BBB.

7. Hence Namaz is idol worship of Two God particles or Allah, the smallest idol of universe.

8. Lord Natraz BBB the Creator of universe is worshiped as tachyon particle in Namaz, the smallest idol of universe.

9. Hence illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship is anti Quran act and anti Quran movement and punishment according to Islamic law ie shirk or Apostasy or death.

10. Hence all momins that prohibit idol worship are found guilty and punishment is Shirk means death by Islamic law as they acted Anti Quran since 1400 years by prohibiting idol worship though they do idol worship in Namaz.

11. If All Momins think to prohibit idol worship, they have to stop Namaz as it is idol worship of Allah hu Akbar or Lord Natraz bbb. They have to stop reading Quran as Allah means two God particles and it is smallest idols of universe and its photodepiction is Ardhnareshwar. And they have to abundant to go to Haj as it is Allah,’s Kaba. Allaha means Ardhnareshwar or Shiv Shakti God particles.

12. under global Islamic jihad Eradication programs, there is ban on to prohibit idol worship in 57 Islamic states. Means idol worship is now open in all Islamic states. Means to put idol of Lord Natraz BBB in all Mosque of world and offer Namaz before it.

13. Disobeying order means Shirk to all momins globally.

2.5 Misconduct by Nasurrudin and Firangi calling Talibani Anti Islamic. Any momin finds indulging in 5 above activities means he is indulged in Budparasti or idol worship, 5 to 10 wips would be imposed as punishment as he is working against illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship ie Islamic Jihad. Hence All DM, CM, PM of India are ordered to ban all above five things that are symbols of Budparasti or idol worship.

https://youtu.be/B9x0J_z5ceo

BISMILLA Rehman Rahim means vandematram means honor and worship of female God particles or shakti ma or Allah.

Nasruddin did say wrong that he is Indian Muslim and he is reformed Muslim. All Muslims are abide by illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad and hence Nasruddin is not exception to it.

Nasruddin is as vahshi and conservative as all momins of Globe like Talibanis as he believes in all Islamic values as regard prohibition of idol worship and killing of people who do idol worship and destroying temples all around globes.

Talibanis are following same values by imposing terror in Afghanistan as in the reign of Afghanistan they forgot to use Islamic values made by illusive Islam of Mohamad ie prohibits idol worship and kills...
those who do idol worship and other Islamic conservative values that made Talibanis vahsi by Nasruddin and unnecessary calling him Indian Muslims. It is all illusion said by Nasruddin.

The same is true for Firagi (illusion) calling Taliban anti Islamic. No Taliban are not anti Islamic as they obey illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship and hence they break temples and fire on Buddha statue in 1996 in Bamai Afganistan. It is Islamic value globally and in 57 countries (OIC) idol worship is banned. Hence do not trust on Firangi’s statements.

The words reforms and modernity are not words for illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic jihad.

Nasruddin and Firangu did not say a word in 1990 when Kashmiri pandit did face the cruel and vahshi and conservative values of Illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship by destroying temples in Kashmir.

2.6 Letter to Commissioner Ayodhaya to stop Ram Temple construction as matter is Subjudice in Appellant Authority of India on 2.8.21 (1. Res Sub Judice [Section 10] Subjudice in Latin means ‘under judgment’. It denotes that a matter or case is being considered by court or judge. When two or more cases are filed between the same parties on the same subject matter, the competent court has the power to stay proceedings. However, the doctrine of res sub judice means stay of suit. The Civil Procedure Code provides rules for the civil court in respect of the doctrine of res sub judice. This rule applies to trial of a suit, not the institution thereof. The doctrine of res sub judice aims to prevent courts of concurrent jurisdiction from simultaneously entertaining and adjudicating upon two parallel litigations with respect to the same cause of action, same subject matter and same relief claimed.)

Misconduct by SC Judge Ayodhya Dispute

Subject: Supreme Court of India Order in Ayodhya Case before President of India, the petition dated 30-6-21 is signed against 15 trustees, under such circumstances Government or DM Ayodhya should make ST/4018/10 and should stop construction of Ram temple right now and arrest 15 trustees right now. Two Police reports are attached as regards Aalmiyya’s grievance in this matter.

Dear Shri Nirupam (Name of Advocate)

Ayodhya dispute is now required some legal intervention. But legal intervention is now shifted to President of India. Many petitions were signed before President of India to review SC judgment dated 11-11-19 as regard that direct evidence as regards teleporation of Aalmiyya God (Law of Patents 1978 who was appointed on 22.12.1993) in the middle ground of Babri Mosque was not considered as direct evidence in SC judgment 2010 nor taken in SC judgment 2013. Hence SC judgment is not Amicable solution rather it is erroneous judgment that requires review by only President of India.

If petition is pending before President of India, if this is signed against 15 trustees, under such circumstances Government or DM Ayodhya should make ST/4018/10 and should stop construction of Ram temple right now and arrest 15 trustees right now. Two Police reports are attached as regards Aalmiyya’s grievance in this matter.

My point of view that could any legal intervention to stop construction of Ram temple by Ayodhya Court or DM Ayodhya or HC.

Kindly be kind.

If you please do the needful from your end and oblige.

Grievance Description

Urgent 160  20  .8.21  

To Honorabale Ram Nath Kovind President of Rashtrapati Bhavan New Delhi
Dear Sir

Subject: Three Misconducts done by SC of India in Ayodhya Dispute. Part 3

There are three misconducts done by SC of India in Ayodhya dispute. Part 3

1. A government paper dated Dec 2017 which is official record of statement of Almighty God prepared and sent by SSP Farrukhabad about Ayodhya dispute final verdict to be imposed did not endorse by SC in judgment dated 9.11.2019. Why?

2. An affidavit which is judicial document and examination in chief recorded under sec 137 of evidence act 1872 of Lord Ram who reincarnated second time after 1554 in Ayodhya now residing in Orcha, denies Ram temple construction in Ayodhya as he left his claim on his title suit which was not proved yet by fake order of SC dated 9.11.2019. Hence when Devta’s wish is against SC judgment, under such circumstances. SC order dated 9.11.19 is spurious and should be squashed.

3. VIDHATA Who teleported on 22-23 Dec 1949 and title suit belongs to him. His document eye witness of teleportation did not reach HC and SC is a failure of judicial system of the country. Under such circumstance the Apparent Authority of India has registered petition of Almighty God Lord Natraz and it is on record that petition is subjudice. That I am Almighty God Lord Natraz BBB, Creator and Lord of Universe and I spread My presence in the human beings by virtue of My orders given after erroneous judgment by SC dated 9.11.2019 that offended Me by not justifying My evidence of teleportation witnessed by hawaldar Ayodhya Kotwali. It is My Birth Place as Secular Deity “Krishna Avatar” and it has nothing to do with Ram Janmasthan of Treaties that makes wrong nomenclature in both HC judgment 2010 and SC judgment 9 Nov. 2019.

That I am Almighty God Lord Natraz BBB, Creator and Lord of Universe by virtue of Eternal, Infinite and Immortal and My portraits are Archashwar, Viratop of Mahabharat that depicts My Basic Building Blocks or God particles as Primary God structure. that there was any existing temple at the place where the mosque was constructed after demolishing the temple. It has also not been proved by the Hindus that the specific small portion i.e., premises in dispute of 1500 square yards was treated, believed and worshipped as birth-place of Lord Ram before construction of mosque. In such situation when both the parties have failed to prove initial title, (commencement of title) it is possession and possession alone which decides the question of title in accordance with Section 110, Evidence Act, which is quoted below: “110. Burden of proof as to ownership. When the question is whether any person is owner of anything of which he is shown to be in possession, the burden of proving that he is not the owner is on the person who affirms that he is not the owner.” The principle of this Section applies with greater force in case of very old possession for about a century or more. Ownership is highest form of title. On the principle, that whole includes part, the Section 110, Evidence Act applies to such title also, which is inferior to ownership. In the matter of worshipping places, ownership does not vest in any human being.

Chapter 4, Verse 5 (Properties of Almighty BBB Lord Natrax BBB "I" Only)

The Blessed Lord said: Many, many births both you and I have passed. I can remember all of them, but you cannot, O subduer of the enemy!

Chapter 4, Verse 6

Although I am unborn and My transcendental body never deteriorates, and although I am the Lord of all existent beings, I still appear in every millennium in My original transcendental form.

At the end of one kalpa, all living beings merge into My primordial material energy. At the beginning of the next creation, O son of Kuunti, I manifest them again. Presiding over My material energy, I generate these myriad forms again and again, in accordance with the force of their natures.

Reg. No.- 19730/2020
Fatehgarh Court Distt-Eaurukhabad
Tel. 6216877777
In the charge sheet filed on 1 February 1950, based on the FIR registered in the morning of 23 December 1949 against Abhiram Das and others for intruding into the mosque and defiling it, Abul Barkat was indicted as one of the nine prosecution witnesses. What he said in his statement to the magistrates cited the Hindu communalists, but any sane person could easily see through it. Justice Deepak Nandan in his ‘Sri Rama Janma Bhumi: Historical and Legal Perspective’ has cited a ‘concise translation’ of Abdul Barkat’s statement:

He [Abul Barkat] was on duty at the Police Outpost Rama Janma Bhumi on the night between December 22nd and 23rd, 1949. While on duty that night, he saw a fl ash of Divine Light inside the Babri Masjid. Gradually that light became golden and in that he saw the fl ure of a very beautiful godlike child of four or five years the like of which he had never before seen in his life. The sight sent him into a trance, and when he recovered his senses he found that the lock on the main gate (of the mosque) was lying broken and a huge crowd of Hindus had entered the building and were performing the aarti of the Idol placed on a Singhasan and reciting: Bhave prakat kripala Deen Dayala [God has manifested himself].
Conclusion

Reforms in Islam globally starts with Fatwa of Khuda Almighty God Lord Natraz or Allah Hu Akbar wef paper published on reforms dated 20 Sept 2021. [12] [13]

Unless 25 Crs Islamic people who live in India leave illusive islam of Mohammad Sahib that prohibits idol worship and kills those who do idol worship means Islamic jihad, they are devoid of voting right in India being Arabian or obeying Arabian culture that originated 1400 years ago from Arab . To get voting right in India these Islamic people have to get themselves reformed by knowing Science of Prayer and Know Allah in the light of Science . Till they are not privileged to be getting voting right and to occupy high post of MP , MLA or PM and President of India as they are abide by Independence Act 1947 that divided this country on two nation theory . Means Indians are those who do worship of idols live in India and who donot worship idols would live in Pakistan . On this fundamental basis 25 Crs Islamic people who live in India are Arabian not Indian . Hence Constitution of India 1050 gives voting right to Indians only not to Arabian who live in India after 1047.

Subjudice matter under Sec10 CPC 1908 related with Ayodhaya dispute is now under trial at Appellant Authority of India ( President of India ) wef 2.8.21 . Hence construction of Ram temple must get stayed by administrative authority of Ayodhaya . An application has been moved to commissioner Ayodhaya to execute Statusque wef 2.8.21 on Ram Temple construction as ordered by Supreme Court judgment dated 9.11.2019 . Idol of Mahakal Lalla Virajman (nick name Ram Lalla Virajman ) who is not only juristic person in this dispute but also has juristic right to move to Appellant authority of India in this matter . His affidavit which is a judicial document with an statement document generated by SSP Farrukhabad dated Dec 2017 have been submitted along with content of FIR dated 23 Dec 1949 when He teleported on 22 23 Dec 1949 in middle gummed of Babri Mosque as Idol Balak avatar witnessed by Abdul Barkat Ali an only eye witness did not reach HC 2010 judgment making the entire issue spurious and erroneous.
