Abstract

God Particles Idols rule Globe or Universe and all are under Lord Natraz BBB idol by virtue of Almighty God BBB or Allah Hu Akbar . When Idols are hurt or insulted by human beings , they complain it to Almighty God Lord Natra BBB via quantum entanglement . Hence on the complaint of idols , Almighty did teleport on 22 23 Dec 1949 as Balak Idol in Middle Gummed of Babri Moaque to save idol worship globally . Now He put Emergency in India to punish Adharmies . Indian Muslims are Not Indians rather they are Arabians according to Indian Independence Act 1947 . Hence their voting ID is fake ID.

Emergency in India wef 10.10.2021 by order Lord Of Universe Lord Natraz BBB. Means all fundamental rights of all citizens are dissolved as Adharma has been done by Modi , Yogi, and RSS to make Secular Country a Hindu Rashyra by making Ram Temple at Ayodhaya . This is abuse and insult of Secular Deity Mahakal Lalla Virajman Lord of Universe Lord Natraz BBB who teleported on 22 23 Dec 1949 at disputed place . Means Arrest 15 trustee and stop construction of Ram temple by administration of Ayodhaya .

Declaration by MODI , YOGI, RSS to make Secular Nation having Secular Constitution into Hindu Rashyra a Communal Rashtra where there would be Communal God Like Lord Ram is getting importance by making Ram temple at Ayodhaya by a Fake judgment of Supreme Court dated 9.11.2019 is Adharma .

On 5 th Aug. 2020 Anarth was done by Modi , Yogi, RSS by abusing and insulting Lord of Universe Secular Almighty God Lord Natraz Allah Hu Akbar , Vidhata , Yahova or Parmeshwar who teleported on Secular place of disputed place of Ayodhaya on 22 23 Dec 1949 as Balak Idol Avatar witnessed by Abdul Barkat Ali and event is logged in FIR on 23 Dec 1949 by SI Ram Dev Duby did not reach in HC judgment ( Lucknow) 1989 , HC judgment 2010 qnd SC judgment 2019 makes the entire Judicial system incompetent, and the all judgments are spurious and erroneous as Title suit belongs to Secular Deity Mahakal Lalla Viirajman being only juristic person of disputed place instead of Fake Communal deity Lord Ram as Ram Lalla Virajman whose existence is Fake at disputed place and he is Fake petitioner Number 1 in Suit No 5 of HC judgment ( Lucknow)1989 in the
court of Justice Dharam Veer and got fake occupancy (1/3) of Land by judgment HC 2010 and finally Fake order to build Ram temple even Lord Ram did not prove his title suit in the judgment of Justice SU Khan dated 2010 in Gist of Finding para 10 making the entire Judiciary a Joke since 1950, 1959, 1961, 1989, 2010 and 2019 as Eye witness of teleportation of Almighty God did not reach as recorded in FIR 167/1949 23 Dec by SI Ram Dev Duby in which testimony of Abdul Barkat Ali was mentioned.

The Real Ram Lalla Virajman did teleport on 1554 as His second reincarnation. On reaching Ayodhya, the Queen started praying to Lord Ram close to Laxman Fort near Sarayu river. She ate only fruits, then she gave up fruits and ate only leaves, and eventually she gave up all food. The Queen fasted and prayed for about a month but Lord Ram did not appear, so eventually in despair, she jumped into the river at midnight. Just then something magical happened and Lord Ram appeared in child form in the Queen's lap.

What is New Physics or Physics of Mind?

Physics of Mind
Quantum Consciousness – According to Physicists and Biologist

The nature of consciousness remains deeply mysterious and profoundly important, with existential, medical and spiritual implication. We know what it is like to be conscious – to have awareness, a conscious ‘mind’, but who, or what, are ‘we’ who know such things? How is the subjective nature of phenomenal experience – our ‘inner life’ - to be explained in scientific terms? What consciousness actually is, and how it comes about remain unknown. The general assumption in modern science and philosophy - the ‘standard model’ - is that consciousness emerges from complex computation among brain neurons, computation whose currency is seen as neuronal firings (‘spikes’) and synaptic transmissions, equated with binary ‘bits’ in digital computing. Consciousness is presumed to ‘emerge’ from complex neuronal computation, and to have arisen during biological evolution as an adaptation of living systems, extrinsic to the makeup of the universe. On the other hand, spiritual and contemplative traditions, and some scientists and philosophers consider consciousness to be intrinsic, ‘woven into the fabric of the universe’. In these views, conscious precursors and Platonic forms preceded biology, existing all along in the fine scale structure of reality.

My research involves a theory of consciousness which can bridge these two approaches, a theory developed over the past 20 years with eminent British physicist Sir Roger Penrose. Called ‘orchestrated objective reduction’ (‘Orch OR’), it suggests consciousness arises from quantum vibrations in protein polymers called microtubules inside the brain’s neurons, vibrations which interfere, ‘collapse’ and resonate across scale, control neuronal firings, generate consciousness, and connect ultimately to ‘deeper order’ ripples in spacetime geometry. Consciousness is more like music than computation. Colleagues Travis Craddock and Jack Tuszyński and I also study how anesthetics act in microtubules to erase consciousness, and with Jay Sanguinetti, John JB Allen and Sterling Cooley, we are studying how transcranial ultrasound (TUS) can be used noninvasively to...
resonate brain microtubules and treat mental, cognitive and neurological disorders. Many thanks to my assistant Abi Behar-Montefiore and Ed Xia for maintaining this website.

1.2 Mind and Mass Realities [2]

Atomic genetics is the branch of science where we investigate about fundamental interactions of the universe i.e. atomic transcription and translations. New words have been coined to understand hidden science of mind part of reality. Mind reality has been recognized as different faces by “I” about 5000 years back to Arjuna in Mahabharata, as shown in Fig 1. It is just like to understand any language through Alphabets. These are ( different faces ) Alphabets of mind reality. One Mind reality has one face identity and the second mind reality has second face identity and so on. The facial expression represents phenomenon of intelligence and different faces represent different types of properties carrying property. The open eyes means property is activated while close eye means property is inactivated. In spite of carrying properties conscious ness they also know how to conduct not only origin of universe but also how to create two different universe i.e. next creation could be different from this creation. In all, it is automatic system of the universe. The mind realities which are of good properties have devtas face identity (first five faces on both side) and those mind realities which are of bad properties have demons face identity (last four faces on both side). These are named as code PCPs or messenger atomic genes. The central face is CCP or Thought script where all thoughts of the universe are banked. It is bank of data of all information s of the universe. It is face identity of Anti mind particles as data of all information’s of the universe are stored as anti mind particles. It is the Time mind ness (biological clock) that keeps on expressing different thoughts from this thought script (CCP). There are four more faces (black bodies) shown on extreme left and right floating in fire are CPs (translating Atomic genes). That translates the messages and realizes it and reacts accordingly.[2]

Fig. 1 Divine Mechanics Unit – CCP, CP and information s – Code PcPs with B-Bit – Mass
1.3. Messages From Biological world to understand B.B.B world as shown in Fig 2 [2]

In participatory science, we take similarities from biological world to understand the B.B.B Block world. One who knows biological transcription and translation, can also understand atomic transcription and translation.

1. Cell is anatomically and physiologically unit of the body. Similarly B.B.Bs are structural and functional units of the universe.
2. Cell functions (metabolic) are controlled by biological transcription and translation. Similarly, B.B.B.s functions are controlled by atomic transcription and translation.

Biomolecules take part in biological transcription and translation are
- DNA: messenger molecule (carries message from nucleus to cytoplasm).
- mRNA: messenger molecule (carries message from nucleus to cytoplasm). Similarly, atomic genes that take part in
- Ribosome: translating molecule (it translates the message and works accordingly). Similarly, atomic genes that take part in
- Atomic transcription and translation are
- CCP: thought storage system (omniscient). It is similar to DNA of the biological world.
- Code PCPs: messenger atomic genes. It is similar to mRNA.
- CP: translating atomic genes. It translates the messages and realizes the message and reacts accordingly.

The standard model not only modified rather it has been completed [3] with introduction of energized gravitons, primary fermions, primary bosons, Basic Building Blocks, Mind and Tachyons as shown in Fig 3.

Fig. 2 Parallel teaching by participatory science

Fig. 3 standard Model chart [3]
Participatory science has coined [5] some new words and there are some words which already exist in physics. Both these words are defined here and the definitions are according to participatory science. It has no relation with the definitions given in modern physics.

1. **Mass** - The part which gives shape to the smallest mass unit i.e. basics building blocks (B. B. Bs.) is called mass.

2. **Matter** - Mixture of fermions and bosons or only bosons which are made up of mass (B.B.Bs) and that is why we realize their shape is called matter.

3. **Inertial mass** - Mass (smallest mass units i.e. B. B. Bs) having inertial properties (classical inertia) either absolute rest or uniform motion in straight line is called inertial mass. Or Number of B. B. Bs Per unit space present in bigger units is called inertial mass. Or Total matter contained by the bigger units or total number of fermions and bosons contained by the bigger units is called inertial mass. Therefore it never changes from place to place.

4. **Gravitational mass** - The mass (interacting surfaces) which takes part in gravity (divine energized gravitons theory) interaction (which is due to mind) is called gravitational mass. When gravity interaction increases (number of divine energized gravitons increases) the interacting mass (interacting surface) also increases or when interacting mass (interacting surfaces) increases, gravity interaction (number of divine energized gravitons) also increases. Therefore gravitational mass (interacting mass or surfaces) changes from place to place. It is the fed mind that decides gravity interaction. We shall discuss it in gravity chapter and in atomic genetics.

5. **Pure matter** - The mass (smallest mass unit or B.B.B) which have got inertial property of absolute rest.

6. **Energy mass** - Energy mass (smallest energy mass unit B.B.B) which have got inertial property of uniform motion in straight line and which also gives shape to the bigger energy mass (Higgs Bosons etc) units.

7. **Impure matter** - Matter particles (fermions) which have got spin property are called impure matter particles.
1.4 Prayer message formation in brain.

In atomic transcription and translation of prayer [5], following steps take place on Yang B.B.B – B-Bit as shown in Figure 4.

1. CP removes RM (repressor mindness-green) from OM (operating mindness-orange) thus induction of atomic transcription triggers.
2. OM triggers activation of free mind particles (black-inactivated code PCPs) of that thought script (magenta) of “o god help me”.
3. Free mind particles (black-inactivated code PCPs) get attached to anti mind particles script (magenta one) to form messenger thought script of “o god help me”.
4. Messenger atomic genes (black) get activated by anti mind particles thought script and further they get detached from anti mind particles thought script to form activated messenger atomic genes (activated code PCPs) (magenta) of “o god help me”.
5. CP carries phenomenon of splicing by translating the messenger activated atomic genes (activated code PCPs) and finally there is activated message of “o god help me” is formed.
6. CP represses atomic transcription by adding RM (green) to OM (orange). Thus atomic transcription gets halt.

Having formed the message it comes out in three forms.

In atomic genetic engineering (prayer) we use our basic power i.e. power of B.B.Bs. Our B.B.B. (higher center) talks with highest center of the universe by sending the message by first transcription. Till today nobody knows how does the brain generate thoughts. I am going to tell you that mystery too. In the frontal lobe the neurons are responsible for thought generation. In the neuron there is electrical activity called pacemaker activity which is occurring between dendrites and the body of the neuron. The membrane of the cell is made up of atoms and atom is made up of B.B.Bs. At the level of B.B.B say thought of ’O GOD HELP ME’ is expressed. As a
result programmed messages of O GOD HELP ME (code PCPs) are formed. Out of three programmed messages, one is carried by atomic genes to highest center of the universe. It is called THOUGHT RAY (Quantum entanglement) which is made up of pure atomic genes and then the message goes through phenomenon called first transcription. They come out from brain directly. The other two messages are carried by photons from nucleus of atom to electrons. Here they are modulated on electrical activity of the cell called pacemaker activity. Further they are modulated on actions potentials going towards REALIZING CENTER situated in brain stem (RAS) and from RAS to speech area situated in the frontal area. Target B.B.Bs. of the realizing center finally realizes thought effect of O GOD HELP ME. While from speech area message goes to motor cortex again via RAS and from there to vocal cords and finally it comes out as a speech effect of O GOD HELP ME. In layman’s terminology formation of the thought ray means PRAYER as shown in Fig 4.

Where Does Prayer Message go?

Prayer message goes as shown in Figure 5 to highest center of the universe via first transcription where it is realized and it is accepted, the highest center sends two messages to B.B.Bs working as higher center in cancer cell. These messages are message of inhibition of abnormal thought expression and message of activation of normal thought expression. Having received the messages, higher center stops expressing the abnormal thoughts and it starts expressing the normal thoughts. As a result, there are no more abnormal programmed messages and in place of that normal programmed messages are there. Now the messages have shifted from abnormal (5 and 6) to normal (2 and 3). This shifting of thought expression is called ATOMIC GENETIC ENGINEERING as shown in Figure 4.1

The changed messages reach to target B.B.Bs. through same route. Having received the changed messages, target B.B.Bs. stop expressing the previous programming and they start expressing the normal programming. As a result the cancer cells transmute into normal cells. Or diseased cell gets cured[6] as shown in Fig 4.1

![Diagram of ATOMIC GENETIC ENGINEERING](image-url)
1.5 Message system of the Universe

Before the origin of the universe [2] nature had only one type of message systems which is called FIRST TRANSCRIPTION. Messages (Code PcPs) used to go from one B.B.B. to another B.B.B. by atomic transcription. Messages were carried by atomic genes (Code PcPs) with very very high velocity. It is the fundamental message system.

After the origin of the universe, nature created atoms. It also created one more message system called SECOND TRANSCRIPTION. Here the message (code PcPs) are carried by photons from one atom to another atom with velocity of light. Thus atoms, molecules, cells, and even individuals talk with one another.

After the formation of the cell, nature created one more system called THIRD TRANSCRIPTION. Here there is a message storage system formed by DNA. There are messenger molecules called mRNA that carry message from DNA script to cytoplasm where the message (code PCPs) is read or translated by ribosome and they work accordingly. Thus the messages reach to enzymes and hormones and finally messages reach to target units. Having received the messages, target units work accordingly. Finally life effects (metabolic) are observed.

These three types of message systems are working in the nature. These message system are being used by the nature according to nature’s need. as shown in Fig 5

![MESSAGE SYSTEMS OF THE UNIVERSE](image-url)
1.6 How does nature work & triggering of normal & abnormal effects

To understand creation physics as shown in Fig 6 and Fig 7. There are two types of thought stimulation [2]. One is CONDITIONED THOUGHT STIMULATION and other one is UNCONDITIONED THOUGHT STIMULATION.

STIMULATION OF THOUGHT EXPRESSION --- There are two types of thought expressions one is CONDITIONED STIMULATION of thought expression, and other one is self stimulation of thoughts i.e. UNCONDITIONED STIMULATION of thought expression.

At the time of the origin of the universe, all effects got created. The cause of all effects of the universe is THOUGHT expression. These thought expressions were triggered by UNCONDITIONED OR SELF STIMULATED WAY. It is the first step and it is followed by PROGRAMMING or formation of programmed messages by code PCPs. This programmed message moves from higher centers to target B.B.Bs. it is called INTERACTION. Having received the messages, the mind and mass of the target B.B.Bs. work in a synchronized way so as to produced the effects as thought by a the higher center. If the thought expression by higher center is normal, the shapes, properties and laws produced by target B.B.Bs. would be normal and if the thought expressions are abnormal, the shapes, properties and laws would be abnormal. This is the basic concept of transmutation phenomenon. Finally what we observe is called EFFECT.

Appearance of new shapes, properties and laws is called TRANSMUTATION. The first three steps are collectively called CCP. During transmutation process if CCP is written, it does mean that unless the thought, programming and interaction take place, nature cannot transmute. Transmutation phenomenon is seen in particles, atoms, molecules and even in cells. The basic steps of any transmutation remain the same except that the thought expressions differ.

The subatomic particle are made up of more fundamental particles called Basic Building Blocks (B.B.Bs) which are made up of mind and mass. These B.B.Bs are divine in nature with the result they talk with each other by phenomenon called atomic transcription and translation (thought expressions). The triggering of broken symmetry is caused by atomic transcriptions. Unless the atomic transcriptions occur, subatomic particles could never exhibit phenomenon of broken symmetry. So the broken symmetry is never spontaneous. It is being mis understood that subatomic particles do have spontaneous activities as far as broken symmetry is concerned. Hence the Nobel prize physics 2008 awarded to this work is too early to give prize.
Fig. 6 Divine Mechanics – How Does Nature work?
Fig. 7 Conditioned and Unconditioned thought expressions
1.7 Message network of the Universe (Feed Back Mechanism and different centers of the Universe)

With the origin of the universe, nature first created primary units i.e. primary fermions (gravitation) and primary boson, these primary units are equipped with one higher center (one B.B.B.) and rest of the B.B.Bs. are working as lower centers or target B.B.Bs. After primary units, nature created secondary units i.e. secondary fermions and secondary bosons. Similarly nature created tertiary units (lepto-quarks) and then quaternary units (protons & neutrons). Each unit is equipped with higher centers, lower centers and target B.B.Bs. After quaternary units nature created atomic units, molecular units, complex molecules of life units, organelle units, cell units, tissue units, organ units, system units and individual units. Each unit is equipped with higher centers, lower centers, and target B.B.Bs. Similarly nature created satellite units, planet units, solar system units, galaxy units, super galaxy units, dark matter layer unit. These units are also equipped with higher centers, lower centers and target B.B.Bs. Thus our universe is divided into different units and each unit is equipped with higher and lower centers. All higher centers are under control of highest center of the universe by efferent paths. This efferent path is made up of first transcription. Higher centers can send messages to highest center of the universe by afferent path or feed back path. Thus highest center of the universe is well informed about all effects of the universe. Messages can come from lower centers to higher centers and from higher centers to highest center of the universe via afferent path. The highest center of the universe can send messages to higher centers and from higher center to lower centers. There is an inter unit message network also which is made up of first, second and third transcription depending upon the nature's need. Thus the entire universe is under control of highest center of the universe. Highest center can change any programming programmed by it during pre creation era as shown in Fig 8.

Fig. 8 Messages Net work of the Universe
1.8 Origin of the universe [7]

Before the origin of the universe, these Basic Building Blocks (B.B.Bs) as shown in Fig-3 were in the form of tachyons as shown in Fig-9 [7]. It means that at that time the tachyons were everywhere in the universe. Let us look at the structure of tachyons; it is made up of one matter B.B.B. (YANG) and many energy (YINs) B.B.Bs. Initially out of the infinite tachyons, one became the highest center of the universe. Messages used to go from highest center to rest of the universe and messages could come from rest of the universe to highest center of the universe by atomic transcription. Thus highest center had fed its thought to rest of the B.B.Bs that would take part in creation - that they would express only those thoughts to give desired effect as wished by the highest center of the universe. So all B.B.Bs were informed about their role before creation of the universe. In pre-creation era programming of the future universe was done by highest center of the universe.

Our universe is oscillating and it is a divine universe. It means that it has a creation phase and a destruction phase. During creation phase tachyons break into their B.B.Bs and from these B.B.Bs, formation of fermions and bosons take place as shown in Fig 3.1. After the creation phase, destruction would start and in this phase all created particles would again break into their B.B.Bs and finally tachyons would form. At the time of origin of the universe, all the effects got created. These effects are taking of different shapes and appearance of properties and laws. All these effects are studied in various branches of science.

With the origin of the universe, nature first created a sphere of COLD DARK MATTER (C.D.M) and canals in it. With the result space got created. At the other end of the canals, hot reaction started (the relics are back ground radiations 2.7 degree K of our hydrogen clouds). As a result hydrogen clouds and lot of radiations were created. The empty canals were filled by these hydrogen clouds and radiations and thus QUASARS appeared in the universe. Simultaneously C.D.M. layer started expanding and clouds and
radiations kept on coming in this closed universe as shown in Fig 9. With the passage of time more and more C.D.M. layer formed, more and more quasars formed. The hydrogen cloud came in this closed universe. They started running towards C.D.M. layer as they were attracted by the gravity of C.D.M. layer. Those clouds, which were nearer, moved faster than those, which were away from CDM Layer. The HUBBLE LAW, can thus be explained. With some more passage of time, clouds were joined to form GMC (giant molecular clouds). Later by self-gravitation different proto stars, proto planets, proto satellites were formed. Finally stars became bright and thus bright galaxies appeared in this universe. Our universe is still in expansion phase and creation is still going inside quasars. It is to be remembered that highest center of the universe does not come in the visible universe. It keeps on receiving the messages by atomic transcription and it has power to change any programming programmed by it during pre-creation era.

It is the atomic genes which constitutes mind part of reality. Mind incorporation in physics is awaited as theory of every thing is not yet investigated. I have investigated theory of every thing (ToE) and I found that while studying unified theory at the time of origin of the universe by Hoyle Narlikar universe, it was mind reality that triggered symmetry breaking phase. It is mind reality that triggers oscillation phenomenon of the universe. It is the mind reality which is behind perfect cosmological principle. There is nothing like artificial intelligence in the universe. These mind particles constitute intelligence of the universe that controls the deterministic order of the universe. It is the mind reality behind all effects of the universe. But this is not our mind rather it is mind of Almighty B.B.B (Yang B.B.B or matter B.B.B or Male B.B.B working as Highest center of the universe). His mind could be manipulated by prayer only. as shown in figure 9.1 and 9.2

1.10 Divine Mechanics and Brain Computation

Learning and Memory and information s (Code PcPs) Net work in Brain [10]

Fig 12 Divine Mechanics of Brain Computing System – Learning and memory

At all steps, these are B.B.Bs (B-Bit) that are responsible for information’s control and triggering. If CCP is written it means unless atomic transcription and translation occur, brain cannot have learning and memory triggering and control and it is called Divine mechanics of Biology and it is life. These are higher thought expressions of B.B.Bs. In Bits of classical computers and qubits of QC, the thought expressions are lower and different but the mechanics (DIVINE) remains the same. as shown in Fig 12.
Physics dictates the lowest limits of the size of chips but DIVINE mechanics does not. Hence the bit is a typical unit of information. ((Classical and Quantum Bit ) is wrong and to describe informations by adding qubit is also illusion as in complicate system ,it is the different thoughts expressions that describe informations . Informations are separate ( Code PcPs ) and bits ( Electron of transistor ) qubits ( electron of diamond crystal ) are separate. At DNA level the bit is nucleotide (A,T,C,G ) and at Atomic level the bit is photon and electron , at particle level ( secondary fermions and secondary bosons ) the bit is primary fermions and primary bosons and informations are still code PcPs and at B.B.B level the bit is B.B.B ( Yang mass and Yin mass - B- bit ) it self and the information is carried by Code PcPs but at all level of all bit units the information storage system is CCP ( Physiological arrow of Time ) it never dies even after destruction of the universe. Hence informations s are eternal . In computers, Bit is a structural configuration that describes informations s of the system and informations s are in form of Code PcPs. The working of the bit is triggered and controlled by thoughts of higher centers that form that bit. If the bit is classical ( transistors of chips ) the effect is different . But if the bit is qubit with entanglement the working is triggered and controlled by thoughts of higher center that form that crystal . In both the effect of describing informations would be different. One is classical ( thought expressions are fixed and limited )and other one is quantum ( thought expressions are changing and more wide to describe the more wide complicated system to have fast results . ) . In life sciences in Brain the bit is again Photon and the informations s are Code PcPs and they are triggered and controlled by CCP of higher centers that is triggered by DIVINE MECHANICS .

In life sciences the CCP ( cryptography ) of B-bit expresses information’s ( Code PcPs ) which were not fed like speaking Lie and unlike Bit of classical computer and qubit of QC it shows phenomenon of forgetfulness and IQ phenomenon ( mental age / real age ) . It is Higher functions of B.B.B or B Bit and it is life . Hence there is difference in some aspect of DIVINE MECHANICS of Computers computation and Brain computation.
Structure

2.1 Modified theory of atomic structure as Niels Bohr’s theory has limitations in explaining different series of hydrogen spectra.

New assumptions of structure of hydrogen atom. – Divine Modified Niels Bohr’s Theory (Divine MONB Theory) as shown in Fig 14

1. Hydrogen atom is like a miniature solar system with the negatively charged electron moving in circular orbit around positively charged nucleus having positively charged particle proton. In this circular orbit or stationary orbits, electron is being held by single string of energized gravitons. This energy level is called ground state.

2. When Hydrogen atom is excited, the electron moves from ground state to excited state energy levels making a bigger circular orbit and having reached in this new energy levels, it also emits radiations. Hence absorption and emission of energy quanta occur simultaneously. Shifting is understood in inter orbital shift phenomenon.

3. When excitation is over, the electron once again come back to ground state energy level. All above mentioned events are triggered by different thoughts or atomic transcriptions from the nucleus or proton in case of hydrogen atom.

4. These atomic transcriptions are being triggered by conditioned stimulation of CCP by the message system made up of photons (second transcription or –ve charged photons or afferent path) coming from electron to proton and further they are transmitted by photons (second transcription made up of +ve charged photons, or efferent path) to electron. Having received the messages, electron works accordingly. Unless the thought is expressed, nature cannot work. as shown in Fig 14

5. When electron is in ground state, its interaction with energized graviton and electromagnetic photon is more hence IP-13.59ev (n=1). is required to remove electron from this energy level. During excited stage the interaction is different hence IP. to remove electron from this state is -3.4ev (n=2), -1.511ev (n=3), 0.850ev (n=4), 0.544ev (n=5) respectively. It the changing thought of interaction with energized graviton and electromagnetic photons that gives changing effect.

6. Electronic configuration of higher atoms could be known by studying IP. curve. Working of hydrogen atom as shown in Fig 14.

Did you see God or Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator of universe and Mahakaal Lalla virajman Ayodhaya or Barfani Baba Fatehgarh.? Genesis of Word Hindu from Hindu God Shiva symbolizes ancient Indian believes in cyclic universe – Colin A. Ronan – Deep Space Brahmin means who knows “Science Of Prayer ” or “ Origin of universe ” as defined by Charakya long ago [1]. Hence no one is Brahmin by cast as Manu smrity is now corrected and modified in the light of research of God particles and atomicgenetics . Hence there is one cast ie SAVARN (Superior) as all are created from mouth (atomicgenetics) of Brahma (God Particle). Hindutv or Hinduism is a religion that is governed by Manusmriti . Manusmriti did flare hat redness in Hinduism and that is why dhanmantran in India is flourishing. To stop dhanmantran Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata has teleported on 22 23 Dec 1949 in middle gummed of Babri Mosque as balak idol avatar and now all religions are
unified to one religion i.e. Religion I. Hence Islam and Christianity are now obsolete religions. All are allowed to write Religion I in the column of Religion globally. Means worship of Two God particles or ardhareshw or smallest idols of universe of which every thing is made up of or Allah. Which would persist even after destruction of universe. Supreme Court of India is not supreme rather it is also abide by orders of Almighty God Natraz BBB [13]. Means article 32 has been suspended by Almighty God Lord Natraz since 6th March 2014 as emergency sets in since 2014. Supreme Court Judges are abide by OATH of Almighty God Lord Natraz BBB. Science of Prayer and Science of Teleportation to be taught in all schools and colleges of India with applied examples (Annexure 1, 2, 3, 4, and 8). Ayodhaya dispute is now under trial again as it is title suit of Vidhata, Creator Lord Natraz BBB who teleported on 22 23 Dec 1949. And now seeking Honor and Justice at Appellant Authority of India (President of India) since 30.7.2021. Hence Matter is SUBJUDICE since 2.8.21. Hence Shivalaya should be built instead of Ram temple. Hence Construction of Ram temple should be stopped till new verdict by President of India or Appellant Authority of India in this dispute would get settled. (Annexure 1, 4, 5, 6 and 7)

2.6 Indian Muslims are Not Indians. Hence Constitution of India does not give voting right in 2021, 22 onwards on the request of Shri Param Hans Ayodhaya. By order ACJ

**Abstract**

Subjudice matter under Sec10 CPC 1908 related with Ayodhaya dispute is now under trial at Appellant Authority of India (President of India) wef 2.8.21. Hence construction of Ram temple must get stay by administrative authority of Ayodhaya. An application has been moved to commissioner Ayodhaya to execute Statuesque wef 2.8.21 on Ram Temple construction as ordered by Supreme Court judgment dated 9.11.2019. Idol of Mahakal Lalla Virajman (nick name Ram Lalla Virajman) who is not only juristic person in this dispute but also has juristic right to move to Appellant authority of India in this matter. His affidavit which is a judicial document with an statement document generated by SSP Farrukhabad dated Dec 2017 have been submitted along with content of FIR dated 23 Dec 1949 when He teleported on 22 23 Dec 1949 in middle gummed of Babri Mosque as Idol Balak avatar witnessed by Abdul Barkat Ali an only eye witness did not reach HC 2010 judgment making the entire issue spurious and erroneous.

Unless 25 Crs Islamic people who live in India leave illusive islam of Mohammad Sahib that prohibits idol worship and kills those who do idol worship means Islamic jihad, they are devoid of
voting right in India being Arabian or obeying Arabian culture that originated 1400 years ago from Arab. To get voting right in India these Islamic people have to get themselves reformed by knowing Science of Prayer and Know Allah in the light of Science. Till they are not privileged to be getting voting right and to occupy high post of MP, MLA or PM and President of India as they are abide by Independence Act 1947 that divided this country on two nation theory. Means Indians are those who do worship of idols live in India and who donot worship idols would live in Pakistan. On this fundamental basis 25 Crs Islamic people who live in India are Arabian not Indian. Hence Constitution of India 1950 gives voting right to Indians only not to Arabian who live in India after 1947. Reforms in Islam globally starts with Fatwa of Khuda Almighty God Lord Natraz or Allah Hu Akbar wef paper published on reforms dated 20 Sept 2021 12 13

ALMIGHTY'S WISH AND LETTER TO ELECTION COMMISSION 2014

Subject: Election 2014 is fake.
To: mediamathematics.com
To: Rajesh Sharma, Chairman India TV

The Election 2014 is fake. As during prayer we talk with Almighty similarly Almighty talks with me also. This message was being delivered to all of India Thru Secy. & 6 Others Thru order. He is supreme and constitution of India is secondary to it. The mandate given by people of India is fake and discarded. Mr. Sampath did not allow his order. He is found guilty and charged with contempt of God. Those who do not obey Almighty would be found guilty and would be charged with contempt of God - the highest punishment of universe. We should focus on Almighty.

CONTEMPT OF GOD

Dear Sir,

Almighty would rule this country in future. Hence your decision to conduct elections (3) in 2014 is not fair neither against the will of Almighty. Please review your decision. Our constitution does not allow Almighty to rule. Hence constitution should be modified or it should be discarded.

THANKS

2.7 Real Ram Lalla Virajman did teleport on 1554 as His Second reincarnation and residing in Orcha MP . Hence No issue of Ram Temple in Ayodhya by Him .
The story of Ram Raja Temple according to many local people goes like this: The King of Orchha Madhukar Shah Ju Dev (1554 to 1592) (मधुकर शाह जू देव) was a devotee of Banke Bihari (Lord Krishna) of Brindavan while his wife Queen Ganesh Kunwari (गणेश कुंवरी), also called Kamla Devi, was a devotee of Lord Ram. One day the King and the Queen (गणेश कुंवरी) went to Lord Krishna's temple but the temple had closed by that time. The queen urged the king to go back but the king wanted to stay. So both the king and queen decided to stay back. They joined a group of devotees who were singing and dancing in praise of Lord Krishna outside the temple. The king and queen also joined in the prayers and started to sing and dance. It is believed that Lord Krishna and Radha personified and danced with them and golden flowers were showered from the heavens at that moment.

After that incident the king asked the queen to accompany him to Braj-Mathura the land of Lord Krishna, but the queen wanted to go to Ayodhya. The king got annoyed and told the queen to stop praying child form of lord Ram and accompany him to Braj. But the queen was adamant, after which the king said that “You keep praying to Ram but Ram never appears in front of us, unlike Lord Krishna who danced with us along with Radha the other day. If you are so adamant to go to Ayodhya then go, but return only when you have the child form of Ram with you. Only then will I accept your true devotion.” The queen took a vow that she would go to Ayodhya and return with the child form of Ram or else she would drown herself in Ayodhya's Sarayu river. The queen left the palace and started the long journey to Ayodhya on foot to bring Lord Ram with her to Orchha. She didn't tell the King before leaving that she had ordered her servants to start building a temple (Chaturbhuj Temple) when she brings Lord Ram with her.

On reaching Ayodhya, the Queen started praying to Lord Ram close to Laxman Fort near Sarayu river. She ate only fruits, then she gave up fruits and ate only leaves, and eventually she gave up all food. The Queen fasted and prayed for about a month but Lord Ram did not appear, so eventually in despair, she jumped into the river at midnight. Just then something magical happened and Lord Ram appeared in child form in the Queen's lap.

Lord Ram told the queen that he was happy with her prayers and she could ask for a boon, at which the queen asked Ram to come with her in child form to Orchha. Ram agreed to go but he put forth three conditions: “I will travel only in Pukh Nakshatra. When Pukh Nakshatra will end I will stop and resume only when Pukh Nakshatra sets in again. In this manner I will travel from Ayodhya to Orchha on foot along with a group of sages. Secondly, once I reach Orchha, I will be the King of Orchha and not your husband. Thirdly, (since the child form of Ram would travel in the queen's lap), the first place you seat me will be my final place of stay and will be famous by the name of Ramraj.” The Queen agreed and started her journey to Orchha with baby Ram in her lap. Since the queen travelled only in Pukh Nakshtra it took 8 months and 27 days for the queen to reach Orchha from Ayodhya on foot (between 1574 and 1575).

150 Cr Arabians globally should understand that Namaz is Budparasti and they obey illusive Islam of Mohammad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad and punishment. According to Islamic law ie shirk or Apostasy or death.
Indian Muslims are not Indians according to Indian Independence Act 1947. Hence their voting ID is fake ID. Indians means who do idol worship means who live in Pakistan are Arabians means who obey illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad. Emergency in India by Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya since 10.10.21.100 cr Hindu should believe in Gita Ch 4 vs 7 and 8 that whenever there is decline of Dharam Almighty God Lord Natraz BBB teleports to eradicate Adharma. Means to eradicate illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad.

Hence 150 cr momins are at target as they abused Allaha and His idol worship since 1400 years. As they did anti Quran act and anti Quran movement and punishment is according to Islamic law ie shirk or Apostasy or death by spreading Islamic jihad globally. Allah means Budparasti. Emergency according to article 352 Means no more parliament working. No more PM Modi working or PMO ship dissolved. Means Vidhats rule in India and His flag should be hosted at Rashtrapati Bhavan New Delhi, Redford and Parliament since 10.10.21. Please spread it through media by order Mahakaal Lalla virajman Ayodhaya. It is by virtue of abusing insulting and obstructing Almighty God Lord Natraz BBB who teleported on 22 23 Dec 1949 in middle gummed of Babri Mosque on 5th Aug 2020 on fake bhoomi pujan for fake constitution of Ram temple in Ayodhaya. www.ijcrt.org

BISMILLA Rehman Rahim means vandematram means honor and worship of female God particles idol or Allah. All spiritual books are words of Almighty God Lord Natraz BBB or Allah hu Akbar or Yahoba or Parmeshwar or Vidhata or Creator BBB or Mahakaal Lalla virajman Ayodhaya but all are not true. You have to identify true or false statement in the light of participatory science.

For example Illusive Islam of Mohamad Sahib says to prohibit idol worship and to kill who do idol worship means Islamic Jihad. On the contrary Namaz is idol worship of taechyon particles which are made up of two God particles or ardhnareshw or smallest idols of universe means Budparasti or idol worship. Hence Islamic jihad is anti Quran act and anti Quran movement and punishment is according to Islamic law ie shirk or Apostasy or death. Means momins who obey illusive Islam of Mohamad Sahib that prohibits idol worship and kills those who do idol worship means Islamic Jihad should stop offering Namaz, stop reading Quran in madarsas, stop Going to Haj or offering Roza or Jakat as all are Budparasti or idol worship.
