In the present political scenario of the state Tripura, the face of Sudip Roy Barman is most discussed. Everyone knows him as an unbeatable MLA, who continue winning every election in the Legislative Assembly elections of Tripura since 1998. His father Samir Ranjan Barman was the former chief Minister of the State. Though he chose to pursue political career. The entire family is well educated having name and fame. As a political leader Sudip Babu has to Travel every corner of the state. The audience get wondered to hear his speech. Both in Bengali and English Sudip Roy Barman has an eloquency. To communicate with the common people of grass root level, he uses the local dialects of East Bengal in an interesting way. At the same time he uses both the languages; Bengali & English in an elite style. That is the uniqueness of Sudip Babu. In a lucid style, using precise and clear phrases Sudip Babu makes his audience attracted. His words carry sensitivity towards the poor section of the society.

In his young age he would sing like a rehearsed singer. In several programmes his singing seemed to create a resonance. His tone and pitch nicely articulate every word of the song as tuned as the great artist Kishore Kumar jee. Among other political leaders, such kind of skill of sudip Roy barman makes him totally different and special. His singing looks like ice breaking among all the serious faces.

In the year 1998, for the first time Sudip Babu contested in one of the most prestigious seats that is Agartala and he has been staying MLA for six times. To stay consistent in the political field for so many years is not easy especially in this decade when maximum leaders are comfortable to be political turncoats. His recentless struggle in and out of the party proves his strength of resilience. In 2019, he was dropped from the state cabinet suddenly where he had served as a minister for Tripura Health And Family welfare. As the minister he started distributing generic medicine for the patients in GB Hospital. He called frequent meetings with doctors in Govt. Hospitals of the state. The arrangements for the patients in the hospitals were remarkable. Still the people keep on discussing about the good deeds of their health minister.

As the leader of NSUI and Pradesh Congress Committee Sudip Babu organised blood donation camps regularly. Always he keeps on encouraging blood donors and tries himself to donate blood. As the president of ‘Janakalyan’, an NGO he is involved with several social works. In 2002, he participated in The National Seminar held on prevention of AIDS at New Delhi. Sudip Roy Barman is engaged in anti-dowry movement. He excels in his social works as a pioneer to distribute books among the poor and down trodden students every year. He always celebrates the birthday of his son though several social works like distributing helmets among the bikers.

The Barman family is basically a political one. So, everyone is helping here in everyone’s need. But behind the political career of Sudip Roy Barman, the contribution of his wife Pinaki Devi is notable. She is
a pious lady always cooperating with all the activities of her husband. She remains shadowed beneath the huge popular image of Sudip Roy Barman. Having nourished her children and taking care of all the members of the family she looks into every work of Sudip Dada. Staying stainless in terms of corruption as a political leader is tough, but the homely ambience and the determination of Sudip Babu made him a ‘Man of Resolution’.
