

## Promise of Success

**Santanu Maity**

When we enter the fight,

We will be successful,

We will push away all

The darkness and find

The direction of light.

Someone will get Rail, SSC

Someone's address Police,

Someone will get CGL will get good rank,

No matter how many hurdles,

How many comments,

How many people say, don't sweat it.

Some earlier, some later,

Success will come,

Be persistent in your goals,

And will smile at the end of all.
